VOLA
— RACING —
90 YEARS

WELCOME

Ski Kare™ was founded in 1976 and is dedicated to the serious ski and snowboard enthusiast. We supply the industry with the latest in ski, snowboard, and boot fitting tools, supplies, and waxes.

Ski Kare™ products are for both the retail customer and the back shop.

Ski Kare™ is committed to making these sports as enjoyable as possible through technical excellence. Owned and operated by skiers, we know what it takes to satisfy our customers. Testing and evaluation of our products, both in the shop and on the slopes, give assurance that our products are an industry benchmark.

Thank you for your continued support!

100% Satisfaction Guaranteed!

****NEW**** *Catalog Format & Website Success*

Ski Kare is excited to welcome our customers back for the 2025-26 season. We continue to support the US Ski and Snowboard team, along with other teams internationally in conjunction with VOLA Racing. We wish them success this season and know they will go fast with VOLA Racing waxes. **Happy Birthday to VOLA**, achieving 90 years as a supplier of outstanding wax and equipment. **We are now part of SARA, Ski Area Rental & Accessories Management Program!** Ask about special offers that we now extend to SARA members.

With much market turmoil going into the 25-26 season, we have found it increasingly difficult to keep up with our suppliers and price changes. Because of this, we have decided to remove prices from the printed catalog and publish them on a separate price sheet and on the website. **The most accurate current prices can always be found at www.skikare.com**. You must be logged in as a 'Winter Sports Trade Buyer'. If you don't already have an account, you can set one up under the 'Dealer Access' tab. Ordering from our website is the easiest and most accurate way to submit an order, but we understand that some folks like to do things the old-fashioned way. We are always happy to take an order over the phone at 303-278-3828, or you can talk to your regional sales representative, found on page 42.

****Important**** *Winter Sports Trade Buyers*

You must register as a 'Winter Sports Trade Buyer' to see wholesale pricing. The old generic username and password no longer exist. Guest viewers (your customers) will only be able to view the website without any published prices. **Neither Ski Kare or VOLA sell direct to the consumer, which helps you the retailer make the most of our products in your store.**

Registration as a buyer is easy. *(Please note: even if you are a current customer and have not previously registered as an online buyer, your shop must do so to establish online access.)* Go to our online application under the '[Dealer Access](#)' page on our website, skikare.com. There should only be one registration per store/location. The username should be an email that goes directly to the store which is registering, and the password is your choice. The email you use should be one that can be accessed by anyone at your store that has permission to create wholesale orders. The application will be manually vetted and approved during our normal business hours. Once approved, you will be notified by email. You will then be able to view our current products with wholesale pricing and will have the ability to order online. **This is our preferred method of receiving orders, but you may also order from your local sales representative or call Ski Kare directly.** On checkout we do not ask for payment. Shipping charges are added once your package is fully ready to go. Payment terms will be applied as usual when your order is ready to ship.

All new dealers will be set up as pre-pay customers. If you wish to apply for credit terms, you may do so by downloading the credit application form from our website on the page, <https://skikare.com/terms-conditions/> or call for the application.

**** Not New**** *Customer Benefits - Tech Support*

Did you know?... We provide some of the best technical phone support available in the biz. Ski Kare has been in business since 1976 and additionally we have staff heavily involved with skiing since the mid 60's. There is some serious knowledge to share with you all when it comes to the products we provide to help you service your customers. As a trade customer of Ski Kare you are eligible for phone consultation on the use of our products and supplies. From sports equipment maintenance to selling our retail oriented products, we can guide you in best practices by simply asking. Feel free to call when you need help or just want to learn more.

- Kyle Kucin / Rachel Kucin / Giff Hoback

- Thanks for your continued support, "Sas"

Ski Kare has now partnered with VOLA Waxes & Racing - Ski Kare strives to bring our customers better valued products and pricing for the tools and supplies you need. You'll find a great selection of waxes for ski/snowboard/x-country on the following pages, 4-11. VOLA Racing ski wax is now present in 31 countries.

VOLA doesn't just make racing wax. They also have a full line of temperature specific training or consumer waxes, as well as Universal waxes. The liquid universal line is great for rental shops and retail tuning wax. It's very cost effective by reducing labor time by 70% and reduces the amount of wax wasted from scraping.

VOLA NATIONAL SKI TEAM PARTNERS

The Future of Glide Wax is Liquid!

Glide waxing is in the midst of a revolution. Recent efforts by regulators and wax companies to be more environmentally responsible with wax formulation have led to a rapid evolution of alternative and new options to hot waxing. The thrust of these efforts has led in the direction of liquid or semi-liquid recipes which drastically reduce the amount of base waxes and additives required to adequately treat a ski's surface. Using alcohol-based suspensions rather than petroleum solvents and propellants, production is more environmentally friendly.

Benefits for the skier are substantial too...

First: Liquids are easy to use. Basically spray or wipe on, let dry 20 minutes, brush and go ski!

Second: Shop profitability and savings. Through less material cost, labor time saved, less waste and no cleanup, the profits climb.

Third: They're easy on your skis! Hot waxing, especially with cold-weather waxes, can be hard on delicate bases. Liquids preserve the wax-absorbing micro-pores in ski bases allowing more wax to adhere producing faster skis.

Fourth: They're fast. Glide is outstanding - right on par with traditional hot waxes - even in cold conditions. Liquids allow application of cold weather waxes that would otherwise be too hard for safe ironing!

Fifth: They're durable. A common assumption with liquids is that they're only good for 5 or 10 kilometers. New formulas, when applied to a clean ski, can potentially last far longer with some even being developed specifically for long distance racing.

Sixth: They're "Techy". For the wax techies, just as with hot waxes, there are base waxes, race waxes, top-coats, and so on. There is as much diversity in the liquid waxes as are available in traditional waxes.

Seventh: They're also not too "Techy". That works, too! Just want quick skis? No problem - there are affordable universal liquids and sprays that perform as well as a good hot wax. Again: wipe or spray, let dry, brush, then ski.

Last and most importantly: They're simple. Temp ranges are broad and forgiving, elaborate equipment is not needed, and time requirements are a fraction of that needed for hot waxing.

VOLA LM & HM Race Waxes - Liquids

SKI KARE

No Fluor
APPROVED

Available in four temperature ranges (colors):

Race Blue - AIR -25°C > -10°C / -13°F > 14°F

VOLA Sidewall Oil

Sidewall Oil - Universal Sidewall oil for all speed events.
 This oil should only be used on the sidewall and edge, do not apply it on the base. New non-spill bottle.

Part#	Item Desc.	Size
280705	Sidewall Oil	10ml/ 0.35 oz

VOLA Graphite Base Wax

Graphites - Reduce friction on older dirty snow. Recharges black bases.

Graphite Base- graphite wax for maintenance.
LM Race - Graphite base, to be used as antistatic base.
VRB - For GS, Super G and Downhill on very cold and dry snow.

Part#	Item Desc.	Size
224100	Graphite Base	200gm
224155	Graphite LM Race	200gm
224101	Graphite Special VRB	200gm

VOLA Base Wax

Hard Base - Protects against abrasion of snow, while limiting the drying out of the ski bases. Excellent acceleration quality, ideal for technical disciplines. **Recommended for SL**

Medium Base - To use alone or as a first layer, this base creates great acceleration and works at high speeds. **Recommended for GS and Super G** disciplines in alpine skiing. Ideal for long distance races in crosscountry skiing.

Soft Base - Soft wax made to reach high speeds. Its high adhesion to the ski base allows it to work longer after acceleration phases. LM Race version is made for **wet conditions**.

229601	Ski Wax Remover Liquid	250ml

Vola Wax - Nordic X-Country

Kick Wax - For classic ski enthusiasts, the Vola kick wax will meet everyone's expectations. The kick waxes are used when the snow is fresh. They are applied on the holding zone which is defined according to the camber of the ski, the weight of the skier and his technical level in skiing. Multiple layers can be applied successively on the holding zone in order to obtain the best balance between grip and glide.

Klister - The range of Vola klister covers all the temperatures encountered. Klister are used in classic cross-country skiing when the snow has already gone through a phase of melting and refreezing.

197015	6" Mill Bastard
197016	8" Mill Bastard
197017	10" Mill Bastard
197018	12" Mill Bastard

Mill Bastard Files & Snoli Chrome Files

Standard Mill Bastard Files

Part #	Name
197015W	6" Mill Bastard
197016W	8" Mill Bastard
197017W	10" Mill Bastard
197018W	12" Mill Bastard

Laser Cut Hard Chrome Plated files have some advantages over our regular Mill Bastard files. First, the chrome plating process hardens the teeth of the files giving it a longer life. Secondly, the chrome plates reduce friction which leads to a smoother finish

Made in Finland.

Part#	Snoli - Finnish Chrome Files
197030	Chrome Mill Bastard 150 mm/6"
197031	Chrome Mill Bastard 200 mm/8"
197032	Chrome Mill Bastard 250 mm/10"

VOLA Roto Brushes

Part#	Item Desc.	Size
012051	Roto handle, axel w/shield 140mm	ski

Plastic Scraper Sharpeners

- VOLA Electric Sharpener

Part # 210001

Vola - Waxing Cork

For wax finishing and base polishing.

Part # 012012

- Anodized aluminum
- Part # 210005

Wax Scrapers - Plastic, Heavy Duty Plastic, and Bahco Steel

- 1/8" thick
- 2 1/2" x 4 7/8"
- Edge cleaner
- Round groove cleaner
- Square groove cleaner
- Laser cut

Part # 210006

- Heavy Duty Plastic
- 1/4" thick
- 4" x 8"
- Very stiff scraper
- Great for snowboards

Part # 264021

- Ski Kare Branded
- 0.08mm thickness
- 2.5" x 6"

Part # 210004 0.08 mm

- Bahco Brand
- Industry standard
- Most requested scraper
- Two thickness available
- 2.5" x 4.75"

Part # 210000 0.06 mm
210003 0.08 mm

Snoli Binding Drill Bits

- **120016 reduces binding failure due to better screw retention.**
- These Austrian-made drill bits are the **industry gold standard.**
- They have no equal.

Part #	Size
120012	4.1 mm x 9 mm
120013	4.1 mm x 7 mm
120014	3.5 mm x 9 mm
120015	3.5 mm x 7 mm
120016	3.5/4.1 x 9.5mm
120017	3.6 mm x 6.5mm
120018	3.6 mm x 9.5mm
120019	3.5 mm x 9.5mm
120020	3.8 mm x 11 mm
120021	4.1 mm x 9.5 mm

Snoli Hollow Core Drill Bit

- For easy removal of binding screws.
- Austrian quality steel.

Part #
140002

Snoli Binding Screw Tap

- Tap and handle all in one.
- Austrian quality steel.

Part #
140020

Palm Driver w/ 5 Bits - Pocket Size

- Ski - Snow Board - Bike
- Ratchet, reversible or fixed
- Storage in handle

- #3 Pozi - Ski
- #3 Philips - Snowboard
- T25 Torx - Bike
- #2 Philips
- #3 Flat

Part #
264315

US Tape - Tape Measure

- **American standard & metric**
- Made in the USA
- 10 feet / 3 meters

Part #
140016

Premium Screwdrivers

- Ergonomic handle
- Austrian made

Part #	Size
130024	#1 Pozi
130025	#2 Pozi
130026	#3 Pozi
130027	#3 Phillips

Power Bits

- Hex Base - Quick Change

Part #	Size
130022	3" #3 Pozi
130023	6" #3 Pozi
130020	3" #3 Phillips
130021	6" #3 Phillips

Snoli Tap Brace

- Better control than using a screw shooter
- Less tap breakage
- Austrian made.

Part #
140010

Hand Tap - Ski & Snowboard

- 12AB Thread Ski Tap
- Ski industry standard for binding installation
- 6mm bottom tap for cleaning existing threads and cutting new ones.

Part #	Type
140011	Ski (Snoli)
140012	Snowboard

Tap Handle Set

- 1/4" to 1/2"
- 5/32" to 1/4"
- 1/16" to 5/32"
- For use with hand tap bits

Part # **Size**
150037 Set of 3 sizes

Alpine Insert Kit & Tools

- Repair stripped binding screw holes with the Alpine Insert system
- Just drill, tap, and install, hole size 8mm

Part #	Name	**parts available seperately
150032	Alpine Insert Kit	
	(Contains the following)	
150033	Extra Inserts - 100pk	
150034	Insert Tap	
150035	Insert Drill Bit	
150036	Installation Tool	
150037	Tap Handle Set (3 Sizes)	

Snoli Plastic Plugs - 500/Bag

Part #	Color
150011	Red
150012	White
150014	Light Blue
150015	Teal
150016	Navy
150017	Black
150018	Clear
150019	Silver
150020	Yellow
300403	Mixed

Snoli Plastic Plugs - 1000/Bag

Part #	Color
150021	Red
150022	White
150024	Light Blue
150025	Teal
150026	Navy
150027	Black
150028	Clear
150029	Silver
150030	Yellow
300402	Mixed

Brake Retainer

- Flexible O-ring
- Simple
- Reliable

Part #	Qty
150039	24 ea.

Snoli Wooden Plugs

• Box of 100

Part #
300420

Snoli Plastic Inserts

- Fast easy and secure way to replace binding screws.

Part #	Qty
150038	Bag of 100

Epon Epoweld Epoxy

- A** - Epoxy **B** - Hardener
- Great for delam work (flexible)
- Won't damage foam core skis
- 1-2 hr. work-life (77°F)
- **24hr set (slow cure)**

Part #	Size
100008	8oz Set
100009	16oz Set
• Sold as a set	

Hardman® Double/Bubble® EPOXY

- Fast setting for quick repairs
- 3 minute work-life (77°F)
- **Sets in 20 minutes**
- Color pigment can be added

Part #	Size
100003	3.5gm
100003a	3.5gm-100 box

Hardman® Urethane - Type D-50

- Type D-50 (**Green/Beige**)
- High peel and shear
- **Great for boot fixes**
- Color pigment can be added
- 3-5 minute work-life (77°F) semi-flexible

Part #	Size
100005	3.5gm

Hardman® Urethane - Type D-85

- Type D-85 (**Blue/Beige**)
- High peel and shear
- Harder than D-50
- Color pigment can be added
- 3-5 minute work-life (77°F) semi-flexible

Part #	Size
100006	3.5gm

Hardman® Urethane - Type A-85

- Type A-85 (**Purple/Beige**)
- High peel (ski repair)
- Harder than D-50
- Color pigment can be added
- 5-8 minute work-life (77°F) semi-flexible

Part #	Size
100007	3.5gm

Snoli Binding Glue

- Ready to use acrylic emulsion adhesive is capable of bonding many materials.
- **Great as a binding screw lube and sealant.**

Part #	Size
100036	100ml/3.38oz

Turbo Fuse Instant Glue

- Bonds practically all materials in seconds.
- Accelerator makes build up and gap filling easy.

Part #	Size	Glue
100015	0.5oz	
100018	2oz	Accelerator

Barge® All Purpose Cement & Thinner

- **Barge® Cement specially designed for footwear applications.**
- Barge® Thinner - reduce the viscosity of Barge® Cement

Part #	Option/Size
100028	Cement 1 quart
100031	Thinner 1 quart

Cement Tools

- **(A)** Cement Brush Dispenser
- **(B)** Measure Cups 1oz
- **(C)** Mix Sticks
- **(D)** Syringe 12cc

Castin' Craft Color Pigment

- Color epoxy and urethane for matching repairs

Part #	Color	Size
100010	Black	1oz
100011	Blue	1oz
100012	Red	1oz
100013	White	1oz
100014	Yellow	1oz

Plated T-Nuts, Screws, Washers

- Stronger and faster than rivets

Part #	Name	Qty
165020	6-32 sm T-Nut	100
165023	6-32 sm Screw	100
165021	8-32 med T-Nut	100
165024	8-32 med Screw	100
165022	1/4 20 lg T-Nut	100
165025	1/4 20 lg Screw	100
165026	Small Washer	100
165027	Large Washer	100

T-Nut Kit

- 60 Small T-nut and screw
- 20 Med T-nut and screw
- 20 Lg T-nut and screw
- 20 Small washers
- 20 Large washers
- 1 Threadlock

Part #
165028

Super Scissors

- As seen on TV
- Heavy duty to cut shells, cork, liners, and other hard to cut items

Part #
155917

Basket Remover

- Helps easily remove old baskets

Part #
230007

Washers

- Plated Steel
- 1/16" thick

Part #	Name	Qty
165035	3/16" ID x 7/16" OD	100
165036	1/4" ID x 9/16" OD	100
165037	11/32" ID x 11/16" OD	100

Screw Rivets

- 1/4" Barrel size
- 1/4" Screw length
- Makes buckle repair a snap
- Aluminum

Part# Qty
165038` 25

Turbo-Lock Removable Thread Locker

- Prevents screw from vibrating loose
- 1.69 fl oz bottle
- Removable

Part #
165045

Basket Keepers

- Sold 25 per bag
- Plated steel
- Drive on with open end of basket remover

Part# Qty
230008 25

Replacement Baskets

- Great basket for any pole
- Easy to install

Part #	Name	Qty
230012	Snowflake Basket	10 pr.
230013	Racing Round Basket	10 pr.
230015	Stop Collars	10 pr.

Seelye Portawelder Model 63

- Hot-air base welder
- Self contained
- Includes air compressor, air regulator, speed tip, hose and tool box
- Made in the USA by Seelye
- Model 63 Portawelder

Part #
187020
187012 *
*(without compressor)

Seelye Replacement Parts & Accessories

- Seelye Speed Tip Round for model 63 Portawelder
- Tungsten
- Part #**
187022
- Seelye heating element for model 63 Portawelder
- Part #**
187024
- Tip Brush - used for cleaning speed tips
- Part #**
187025

Welding Material

- LDPE = Low Density Polyethylene
- Available in black and clear
- Aproximately 100ft lengths

Part #	Name	Qty
187001	3mm (1/8") Clear	100ft Coil
187004	3mm (1/8") Black	100ft Coil

Part #	Name	Qty.
013001	VOLA - Black 3mm/1/8"	.4 kg Roll
013002	VOLA - Black 3mm/1/8"	1.5kg Roll
013003	VOLA - Clear 3mm/1/8"	.4 kg Roll
013004	VOLA - Clear 3mm/1/8"	1.5kg Roll

Repair Sticks

- Use with poly guns
- 2 colors - Black and Clear
- 11mm diameter x 8 in
- Sold in bundles of 10

Part #	Type
187033	Black
187034	Clear

Even Flow Candles

- **Exclusive hollow core for easy lighting and even flow**
- Sold in bundles of 10
- 8 mm diameter x 8 in

Part #	Type	Qty
187070	Black	10 Pak
187070-50	Black	50 bundles of 10
187071	Clear	10 Pak
187071-50	Clear	50 bundles of 10

Poly Base

- 4" x 12"
- Sold in one foot lengths
- 2 styles - Black Cloth Backed and Clear Sintered

Part #	Type
187076	Black
187077	Clear

Skimender RP360 Base Repair Gun

- Heated nozzle for better base and repair material bonding
- Thermostatically controlled housing
- Uses 11mm sticks
- Detachable stand and tool balancer hanger

Name	Part #
Skimender RP360	187035

Steel Edges

- Replace damaged edges
- Sold in 1 foot lengths
- Made in the USA

Part #	Name
700519	Solid Steel Edge - 2 mm wide
700520	Solid Steel Edge - 3 mm wide

Edge Screws

- Flat head design
- Perfect for edge repair
- Sold 100/ bag

Part #
197003

Sanding Drum

- 3" ID x 3" Length A/O
- 50 grit

Part # 180010

True Bars

- Tolerances +/- .001
- Oil hardened ground tool steel

Part #	
210014	Ski - 6"x 1/4"x1/2"
264022	Snowboard - 14"x 1/4"x1/2"

Filter Bag

- Sewn filter bag with a 7" metal ring
- Fits many machines

Part # 207210

Belt Cleaner

- Increase belt life up to 400%
- **Use when belt is dry**
- Rubberized cleaner
- 2" x 2" x 12"

Part # 207202

Citro-Strip™ Wax Remover

- 100% non-toxic citrus
- Cleans and degreases anything around the shop

Part #	
210030	1 Gal
210033	1 Qt

Base Klean™ Wax Remover

- Petrol based (flammable)
- Industry standard
- Strips wax quickly
- **WEAR GLOVES** (Nitrile Gloves on page 15)

Part #	
210050	1 Gal
210052	1 Qt

Desmond™ Belt Dresser

Part #
207203
Spare Wheel
207225

- Rotary wire wheel pulls loaded material from belt
- Increases cutting life
- **Use when belt is wet**

Grinding Coolant Concentrate

- Great for belt and stone grinding
- Biodegradable
- Concentrated - makes **(1oz/gallon = 128 gallons)**
- Prevents rust
- Improves base finish
- Sold by the gallon

Part #
207220

****Custom Sizes Available**

All of our belts are made of Zirconia Alumina Oxide. It is a man-made abrasive that is a rough and tough blend that always leaves a smooth finish. The Resin bond cloth provides a strong resistance to heat and offers a great all around bond-system.

PLEASE NOTE:

WHEN A BELT WEARS DOWN IT DOES NOT CHANGE ITS GRIT. IF YOU USE A WORN OUT BELT AS A FINISH BELT ALL YOU ARE REALLY DOING IS BURNISHING THE BASE, A BURNISHED BASE WILL NOT ABSORB WAX

Note: 150 Grit Available in Alum Oxide

165061	(B) Mushroom Ball
165062	(C) Large Ball
165063	(D) Small Ball
165064	(E) Football Shape
165067	(F) Large Ring
165068	(G) Small Ring
165069	(H) Parallel Bars
165079-1.5	(I) 1.5" Extension
165079-2	(J) 2" Extension
165079-3	(K) 3" Extension
165066	Retro-Fit Kit to Articulating Arms

Dynamic Boot Press Tool

- For use with the Ski Kare™ Boot Press **Part #** 165080

The Original Boot Spreader

Part #
165085

- Essential for boot fitting
- Makes it easy to get inside the shell for grinding and buckle repairs

Master™ Heat Gun

- UL Listed
- Meets OSHA requirements
- **Metal housing**
- Replaceable heating elements are easy to install
- Will last for years
- HG-301 300-500 degrees F
- 120v 12 amp

Part # Name

- 155001 HG-301 Heat Gun
- 155003 HG-301 Replacement heating element
- 155004 HG-501 Replacement heating element

Foredom™ Set

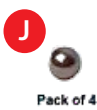

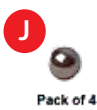

Foredom™ Parts

- 1/8 Horsepower ball bearing motor
- 18,000 RPM
- Hangs out of the way
- Metal foot speed control
- Style 43T 1/8" & 1/4" collet type hand tool
- Flexible motor shaft with rubber covered housing
- Motor connector

Part # Name

- 156001 (A) Foredom Motor Set: Motor, pedal, cable, hand piece, hanger
- 156000 (B) Foredom outer rubber casing
- 156002 (C) Foredom 43T hand piece
- 156003 (D) Foredom Maintenance Kit (grease, motor brushes, inner shaft)
- 156004 (E) Foredom Motor Brushes
- 156005 (F) Foredom Inner Shaft
- 156048 (G) Foredom Motor Connector
- 156049 (H) Foredom Tuneup Kit 32 piece
- 156050 (I) Foredom Sheath Spring Clip
- 156051 (J) Foredom Catch Ball - 4 Pack
- 156024 (K) 1" Fluted Tungsten Ball with 1/4" shank
- 156026 (L) 1" Coarse Ball with 1/4" shank
- 156027 (M) 1" Extra Coarse Ball with 1/4" shank
- 156562 (N) 1" x 5/8" Flapper with 1/4" shank - 60 grit
- 155150 (O) 1-5/16" OD Emery Cutting Wheel - 10 pieces
- 155151 (P) 1-1/4" OD Emery Cutting Wheel - 10 pieces
- 155163 (Q) Mandrel for cutting wheels 155150 and 155151

Pack of 4

Boot Horn

Great Retail

- Allows your customer's foot to easily slide into boot
- **Protect hands and liners while inserting the liner**
- Great for rental shops
- **Sold in 10 paks only**

Part #
180362-1 **10 Pak**

Ski Boot Removal Tool

Great Retail

- Removes ski boots safe and easy without the assistance of others
- Light weight, strong, fits lockers and ski bags
- Makes a great gift for family and friends
- Made in Colorado
- Great for rental shops
- Assists in removal of race liners
- Great for Telemark boots as well

Part #
180363

Booster Strap

- Transmits more power to the ski or snowboard
- Far superior to factory straps
- Four models available
- Sold by the pair

Part # Model
 180041 Dbl Strap Intermediate
 180042 Trpl Strap Expert/Race
 180043 World Cup
 180040 Kids

Brannock Device™

- Easy to us industry standard for foot measuring
- Mondo point scale (US available upon request)

Part # Name
 180001 MONDO
 180002 US

Shin Relief Pads

- 1/4" Adhesive backed foam
- Stick to outside of sock to reduce shin pain for that extra day of rental

Part #
180014R 1 Pair
• **Retail packaging**
180014 12Pr.
• **No packaging**

Ankle Donut Pads

- 1/4" Adhesive backed foam
- Stick to outside of sock to reduce ankle pain for that extra day of rental

Part #
180013R 1 Pair
• **Retail packaging**

Silicone Release Spray

- Allows your customer's foot to easily slide into boot or to slide liner into the shell. Great for rental shops.
- 10 oz.

Part #
150040

The Eliminator Custom Tongue

- Easy to install
- Self molding for all ski and snow board boots
- Eliminates heel lift, shin bite, calf pressure, instep pain, muscle fatigue, and toe bang
- Sold by the pair
- Made in the USA

Part #
180360 Small
180361 Large

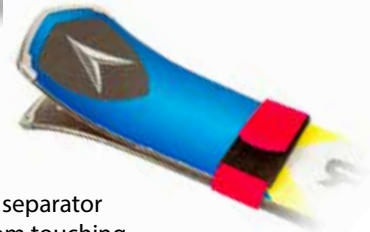

Nylon Ski Tie

Part # **Color**
210046 Red
210047 Black
210056 Blue
210060 * Can be customized on pre-season order (One time artwork charge \$85.00/color)

- Velcro closure
- 21.5" length
- 1.5" width
- Nylon with sponge separator to prevent bases from touching

Boot Carrier

- Thermoplastic handle
- Strong nylon cord

Part # **Color**
999995 Red
999996 White
999997 Blue
999998 Black

Boot and Helmet Odor Neutralizer Kit

Kit includes a 1 quart ready to spray full bottle and 1 gallon refill jug in concentrated form, makes up to 32 gallons when diluted per instructions. This product has a EPA registration number of 66243-1 (Qt ready to spray), 66243-2 (gallon concentrate) and has been show to kill SARSCOV2 (Covid19) virus. Kills mold, fungus and mildew on contact. Great for helmets, boots, and clothing.

Part #
800301 1qt/1gal Kit

Fit Pad Specifications

Ski Kare™ custom die cuts fit pads from premium quality closed cell foam. Popular shapes are easily modified for your customers individual fit needs. Boot fit pads come with **Pressure Sensitive Adhesive** backing for convenient application to the outside of the boot liner.

****Custom shapes are easy! Ask us how!****

Ski Kare™ offers all our styles in two types (EVA and Neoprene) and three densities of foam (medium, firm and extra firm). The letter following the part number indicates what density or type.

E = EVA heat moldable foam

F = FIRM Neoprene

M = MEDIUM Neoprene

X = EXTRA FIRM Neoprene

****Remember - the harder the foam the easier it is to taper the edges.****

C Pads

- 1/8" Neoprene sponge with **PSA** for adhesion

Part #	Qty

Safety Glasses

Part # 237006 **Qty** 1

Hestra Shop/Work Gloves

Beryllium - Seamless knitted glove in stretch nylon, half dipped in polyurethane. A flexible work glove where you need ultra precision. The flexible knit makes for a perfect fit while the PU coating protects the hand and provides excellent grip. Size large only, stretchy.

Iiterum - A practical all-round glove where you need fingertip sensitivity and protection from sharp edges. Close fitting and seamlessly knitted in part recycled polyester. Latex coating on palm and fingers provides excellent grip in wet and dry conditions. Size Large only, stretchy.

Thin Nitrile - A light, breathable all-round glove that provides optimum fingertip sensitivity while also protecting against sharp edges. Knitted from high-strength yarn that protects around the entire hand and wrist. The palm and fingers are dipped in soft, hardwearing nitrile foam to ensure good grip in dry and slightly damp environments. Ideal for professionals who handle materials with sharp edges. Note: the glove contains no metal or glass fibre. Large size only, stretchy.

Pricing

With today's market conditions in flux, we have found it difficult to maintain price stability from our suppliers. This has caused us to discontinue publishing prices in our catalog. Instead we will produce a price list as a supplement to catalogs we send out.

While we make every effort to hold published pricing at the point of catalog printing, sometimes changes are unavoidable. **Current Prices will be published on our website per item.**

For the most recent pricing please log in to the website as a wholesale buyer. All new orders will be processed at then current rates.

For an e-copy of the catalog, get it here:

<https://skikare.com/SkiKare-Catalog-2025-26-Web.pdf>

ORDERS

When calling an order in, please have complete information ready, including: Item #, description, quantities and sizes/dimensions.

If reference is made to a previous order, please provide the date of that order.

If special or preferential routing is desired, such instructions should be clearly stated.

All new dealers will be set up as prepay customers until credit terms are established. Dealers wishing terms of NET 30 must submit a credit application.

Find the application on this page:

<https://skikare.com/terms-conditions/>

TERMS

All sales and contracts made by us are subject to the following terms and conditions:

- NET 30 Days on all open account customers.
- Prices subject to change without notice.
- Any tax now in effect or hereinafter imposed on any article sold by us will be added to the existing price.
- Quotations, unless otherwise stated, are for immediate acceptance.
- Stenographic and clerical error subject to correction.
- All agreements made are not contingent upon strikes, fires, accidents or causes beyond our control.

RESPONSIBILITY

Our Liability for material found defective is limited to the value of the goods sold or furnished and we will not allow claims for labor or consequential damages.

All claims covering alleged errors in shipments must be made within ten (10) days after date of invoice.

CLAIMS

Claims for shortage or deduction for erroneous charges must be reported to us at once upon receipt of shipment.

Goods damaged or lost while in transit should be so noted on the carrier's receipt and claim made promptly upon the carrier.

Although our responsibility ceases upon our taking receipt for goods delivered to the carrier in good condition, we will gladly give every aid possible to establish a just claim.

RETURNED GOODS

Goods must not be returned without our consent.

The following procedure must be used on any returns of products to the warehouse:

- A. Approval from the warehouse to return the material must be obtained prior to shipping. A return number will be given as well as how and why the product is being returned.
- B. The following charges will be deducted from any credit: freight costs both ways, 20% of the price for handling, and any costs incurred for reconditioning and repacking.

If the fault is ours or that of the manufacturer, we will gladly and promptly rectify the problem without expense to the customer.

If the fault lies with the customer we will do everything possible to minimize his expense or loss; however in these cases we reserve the right to make reasonable charges for handling of returned merchandise.

Merchandise ordered from factory of special design, or of non-stock type, cannot be returned, except by permission of the factory and will be subject to factory terms and a restocking charge.

All authorized returns must be received in our warehouse within 60 DAYS of original invoice date. If over 60 days, there will be no refund or replacement.

CANCELLATION OF ORDERS

Orders for items cut to special lengths, or goods of special design made upon special order, or of a class not regularly carried in stock, cannot be cancelled without first taking this matter up with us and we in turn with the manufacturer for their permission.

To Our Valued Customers:

All of us at Ski Kare wish to thank our customers for their support and loyalty for the past forty-nine years! As the new owners, we will strive to offer the same great service that you have received in the past. We will continue to offer only the finest products to serve the needs of our ever-changing industry. Never hesitate to reach out to us if you have questions or concerns. LET IT SNOW!

Thanks again,

Kyle Kucin / Rachel Kucin
