\* with 1 Skintec Base Adapter

On our Pro and Redster ski range you'll find a sticker on each ski that shows the individual characteristics of that ski. This includes its ideal weight range, based on the ski's specific length and flex. There are two different stickers, one for Classic and one for Skate:

Classic

This sticker includes a color coding for different conditions: cold (blue ■■■), universal (yellow ■■■) or warm (red ■■■). The sticker shown below is for a cold ski which is recommended for skiers between 72–94kg (159–207 lbs), perfectly suitable for 80–90kg (176–198 lbs). In addition, there's a special sticker for Skintec (color coding grey ■■■).

Skate

The sticker shown below is for a ski which is recommended for skiers between 70 – 80 kg (154 – 176 lbs).
