

ALS Med Ltd
'We'll Beat Your Previous Quote Promise' Terms & Conditions
04/06/2023

1. Introduction

The Company has a promise to deliver a world class service of medical care and provision.

To help deliver this promise we aim to beat your previous quote for medical cover. For us to accomplish this then we need your support on the way to get you the best quote possible for your event.

2. Rules and Application

1. In order for this to initiate you must have received an official quote from a member of our team.
2. You need to send us a previous invoice for your medical provision (not an ALS Med Ltd Invoice).
3. We will then work with you to reduce our price but still provide a safe level of event medical provision for your event.
4. This will only be successful if we are still able to provide a safe level of cover for your event as per the guidance from the Health & Safety Executive and the Government's Purple Guide for Event Medical Provision. Unfortunately, ALS Med Ltd will not be able to provide services which fall below what is required by the government's legal framework and guidelines.
5. Once successful and your provision has been planned and authorised, you will then be sent a revised invoice and payment will be required as per the Terms & Conditions of the Sales and Invoice Policy.

For any enquiries about this policy then please email info@med-als.com
