

# TIME TO BEGIN

---

MAY 2024

## About our new collection

After exploring a wide selection of natural, organic products, I will be stocking the beautiful hair range from The Margaret River Hemp Company! Not only is it organic but its local to Western Australia!

Hemp is an extremely powerful plant that benefits us in numerous ways. It's high in Omega 3, Omega 6, vitamins, and antioxidants, which all contribute to healthier hair. Hemp oil moisturises the scalp, prevents water loss from hair strands, reduces breakage, and adds a natural shine.

## Welcome.

Thank you for joining me in this welcoming space.

I'm Anna, the proud founder of The Organic Stylist.

As I kick off The Organic Stylist's first blog, I am excited to share and explore parts of my 15-year career in the hair industry combined with my passions for natural alternatives and living a low-toxic life. Let's get this show on the road!

MAY 2024

## In Other News...

The Organic Stylist will now be at various farmers markets in and around Perth! Ill be stocking Margaret River Hemp company hair product range, a variety of eco friendly bamboo brushes, combs and scalp stimulators, also some knowledge and tools to get you on track for some DIY hair products! Kicking it off at The Locals Farmers Market at Peel Estate Winery on Sunday 9th June! Following markets will be announced in the near future!

## D.I.Y Rosemary Spritz

Rosemary is one the top natural ingredients that's used to strengthen strands, soothe the scalp, promote blood circulation and give thicker looking hair.

The Organic stylist has been potion making with a really simple Rosemary Spritz. Follow along to find out more!
