LUTZ CHILDREN'S MUSEUM

Young at Heart

Field Trip or Outreach Programming

Join us for a fun and engaging field trip designed for adults who are young at heart! Enjoy a guided tour of the museum with a friendly staff member, get up close with an interactive animal experience, and finish your stay with an art activity. Come explore, connect, create, and enjoy a memorable day filled with new experiences!

Can't visit us? No Worries

We can always bring the joy to your front door. The Lutz Children's Museum provides outreach programing that will come to your school or facility. We will bring our animal ambassadors to help us interact with everyone and learn more about them. Our program can either be run as a 45 minute or a 60 minute program.

FAQ

How many people can participate in a program?

Our programs are designed for individual classes of approximately 25 students. Keeping groups at a classroom size allows our educators to provide a more engaging, hands-on experience. We do not combine classes or offer assembly-style programs.

Can you bring a program directly to our classroom or facility?

Yes! We are able to take this program into your classroom or run this program at your facility.

How early should we book a program or field trip?

We recommend booking a few months in advance, especially if you have a specific date in mind. This gives our education team plenty of time to look at availablity and discuss schedulnig. Last-minute bookings may be available, but reservations made within one week are subject to an additional fee.

What does a field trip to the Lutz Children's Museum look like?

A field trip to the Lutz will first

"Thank you again for a wonderful visit... All of our residents couldn't stop talking about all the animals. I will be in touch about scheduling another visit..."
