Thriving With Mental Illness

Supported Housing

The Mental Health Recovery Lodge of Northampton County known as “**The Lodge**” provides supportive housing for adults with mental health concerns. The Lodge offers shared housing for 3 persons or 1-bedroom apartments on Southside Bethlehem, within walking distance of its main building. The housing program opened in November 2010.

In addition, The Lodge provides more than supported housing: **The Lodge** offers a large array of recreational and educational programs, such as Live Music, Drum Circles, Spoken Word, Dual Recovery Anonymous, Skill Building classes and more. Most of these activities are open to the public. These programs are largely member-run.

The Lodge supports its members in establishing independent living arrangements, a productive and meaningful existence, and a wholesome lifestyle. The staff affirms self-determination of the participants and their inherent ability to thrive.

Members of the community, are welcome to become Lodge members, take advantage of employment and volunteer opportunities, and participate in recreational and educational events. (At **The Lodge**, our goal is blurring the line between those with and without mental health diagnosis).

Supported Employment

The Lodge also provides exciting and gainful employment opportunities at Café The Lodge. **Café The Lodge**, located at 427 E. 4th Street in Bethlehem opened in March of 2012. Chef Allen Singer, plus The Lodge café staff provide awesome food. Come visit us!
