Tim reviewed some of the answers he researched from questions asked at the last meeting. The committee reviewed and identified updates required for the plan based on the responses.

Minimum acreage to build on was discussed. 1 acre or less would be acceptable in the "village" circle but it was decided to recommend that the rest of the township go from AG-1 to AG-2.

Tim will summarize the changes discussed during the meeting and then give Janine the original document to update. The committee will meet to approve the draft and then a public hearing will be held.
