## Work Experience

### Jacknjellify LLC, Remote/Los Angeles, California

Music Producer, Audio Engineer, Voice Actor | September 2020 – August 2025

- Composed and produced over 20 pieces of music for animated web series "Battle For Dream Island", with both scene-specific score and reusable background music. Many of these songs have garnered hundreds of thousands of streams on Spotify, YouTube, Apple Music, etc.
- Worked with a team of audio editors to arrange & process voice actor lines and sound effects seamlessly.
- Voice actor of multiple characters, recorded on-location in a studio.

### Ringling College of Art & Design, Sarasota, Florida

Graphic Design Student | August 2020 – May 2024

- Developed multiple branding projects from scratch, including logo design, package design, merchandise, and UI/UX.
- Worked with my class to develop the yearly senior show, titled "Parallax". This collaborative effort involved coordinating with students across various disciplines to create an immersive and engaging experience that showcased our diverse talents.
- Conceptualized the theme, designed the layout, and executed marketing strategies to ensure a memorable event.

### New Hampshire Department of Safety, Concord, New Hampshire

Graphic Design Intern | September 2019 – March 2020

- Collaborated with a group of graphic designers to create safety-related public service announcements in the form of posters, billboards, and animated PSAs.
