
Kachina Website Report - 10/27/2024

Kachina Website: Kachinadolls.net

El Conquistador – OPEN REGISTRATION activated 10/26/2024. Waiting list informed and registered.

Summary from ALL Kachina Tournaments registration reports (key: all registered/field size)

- El Conquistador (60/80) waiting list (3)
 - Reserved player spots sold out: SaddleBrooke One, Forty Niners, Skyline.
 - 22 player spots moved to OPEN REGISTRATION. (2) player spots sold straight away.
- Del Lagos (10/80)
 - First event with lunch option – small issue now solved.
- Quarry Pines (19/80)
- Sewailo (11/80)
- Tubac (5/80)

Reports for Early Registration for all these events have been sent to Kachina Representatives in a PDF format suitable for Bulletin Boards.

Not open for on-line registration: Waiting for further instructions

- SaddleBrooke Ranch

PerfectGolfEvent puzzle – “why can I not add my handicap, food selection or registration after I register?”

This was a tough one to work out and the issue has been passed to PerfectGolfEvent - no solution offered!

- Our event has registration for one player who pays by credit card. All the questions – Ghin number, allergies, food selection are done at registration. Only Representative with Associates logon privileges or the Webmaster can edit a registration (they can edit these fields). Everything is listed on the Manage Registration Report.
- If a new player is taking the Registrants' place. Yes - a player can be added but that player appears in the Golfers report and the registrant remains on the Registration report as she purchased the golfer spot. (This could be a potential problem – **note** check both reports and manually correct the final spreadsheet needed by GolfPro and Catering).
- **Refunds:** at present I have not seen any charges, we do have in our bylaws that \$5 may be charged.

Users' problems (very few):

- Browsers: Edge for windows 11 with enhancements – issues have been reported. Chrome is stable.
- Registering for the same event more than once – refunds have been issued.
- Cannot make the event - refunds have been issued
- I cannot edit registration (see above)
