FOR IMMEDIATE RELEASE

Autism Center for Children Celebrates Six Years of Transforming Lives Across Atlanta

The Center's April 12th Anniversary Coincides with World Autism Awareness Month

Woodstock, GA – April 12, 2022 – The Autism Center for Children, a practice advancing early diagnosis and treatment of autism in toddlers, today celebrates its six-year anniversary of transforming lives across the metro Atlanta area. Dr. Julie Crittendon, licensed clinical psychologist, Ph.D., BCBA-D, is the head of the Autism Center. The clinic operates out of its flagship Center, the largest in the company's history, in Woodstock, Georgia. This office is designed to be the ultimate assessment and treatment center for toddlers in North Atlanta.

"April is not only National Autism Awareness Month, it's also the anniversary of the Autism Center for Children's grand opening, now six years ago," notes Dr. Crittendon. "Beyond awareness, it is our mission to provide accurate identification and innovative treatment of autism – at the earliest possible signs of detection – for the most immediate, profound and lasting improvement in quality of life."

Throughout her career, Dr. Crittendon has worked closely with the top echelon of pioneers and innovators in the field of behavioral intervention. Her relationships with the worldwide leaders in the field of autism research and treatment enable her to continue to bring this high-level expertise directly to her staff, clients, families and children of the Autism Center for Children.

"As always, we strive to deliver excellence to our amazing families and the best autism assessment and therapy for toddlers in Atlanta," adds Dr. Crittendon. "I am so proud of our team here, and their singular dedication to optimizing their expertise, skill sets and credentials. Of course, as a leader, I must do the same. In the coming days, I will have even more to announce on this front. Stay tuned."

For more information on the Autism Center for Children, visit www.AutismCenterGA.com, follow us on Twitter at [@AutismAtlanta](https://twitter.com/AutismAtlanta) and on Facebook at www.facebook.com/AutismCenterChildren.

April is also World Autism Month. The Autism Society, the nation's leading grassroots autism organization, launched the observance month to "promote autism awareness, inclusion and self-determination for all, and assure that each person affected is provided the opportunity to achieve the highest possible quality of life." The Autism Center for Children invites friends and neighbors around the world to learn more at <https://www.autismspeaks.org/world-autism-month>.

About the Autism Center for Children

For parents, pediatricians and other care-givers concerned about their toddler's social communication development, the Autism Center for Children provides accurate identification and treatment of autism – at the earliest possible signs of detection – for the most immediate, profound and lasting improvements in their quality of life.

Dr. Crittendon is a licensed clinical psychologist, Ph.D., BCBA-D, and the head of the Autism Center for Children. Her practice is a culmination of her work at Ole Miss, Kennedy Krieger Institute/Johns Hopkins School of Medicine, University of Tennessee, Vanderbilt University School of Medicine and with the Autism Partnership in California. The Autism Center for Children offers insurance coverage options and services for assessment and treatment of autism, and serves families in Atlanta and North Georgia from its flagship office at 2230 Towne Lake Parkway, Building 500, Woodstock, Georgia, 30189.
