

# DAILY SCHEDULE

## 6:45am – 11:30am Dog Drop Off

This is the time when most dogs are dropped off and is pretty much a free time for dogs to roam inside to meet and greet each other while they wait for other dogs to arrive. This period is supervised social time.

## 9:00am – 11:30am Inside/Outside Play

Dogs are allowed to play outside doing the many activities available including catching balls, playing with toys, sliding on the slides, playing with other dogs and playing in the pools (weather permitting). Inside play will consist of playing with their friends and playing with lots of toys (many to choose from).

## 12:00pm – 12:30pm Lunch Time

The dogs eat their lunch, snacks or treats, whichever they prefer. Water is always available in all areas.

## 12:30pm – 2:30pm Nap Time

Dogs sleep where ever they choose in a bed.

## 3:00pm – 4:30pm Inside/Outside Play

Dogs are allowed to play outside again with the different activities available. We also will work on special skills with the dogs such as catching, sitting, lie down and a handshake.

## 4:30pm – 6:00pm Pick Up Time

This time is usually done inside and the dogs can play with a variety of different toys available to them before they are picked up. This period is also used as an unwinding time for the dogs.
