THE FOOT AND ANKLE CLINIC OF WEST MONROE

FINANCIAL POLICY Effective: January 2019

Your understanding of our financial policies is an essential element of your care and treatment. If you have any questions, please discuss them with our front office staff prior to signing.

As our patient, you are responsible for all Triwest, VA Choice, motor vehicle accidents, conditions with active lawsuit referrals needed to seek treatment in this office. The only plans that have come across are some of the Compass plans purchased on the Healthcare.Gov website (Obamacare). Most other insurances usually don't need referrals.

Unless other arrangements have been made in advance by YOU, YOUR health insurance carrier, workman's comp or an attorney, payment for all estimated services are due at the time of service. We will accept VISA, MasterCard, Discover, cash or check.

Your insurance policy is a contract between you and your insurance company. As a courtesy, we will file your insurance claim for you if you assign the benefits to the doctor. In other words, you agree to have your insurance company pay the doctor directly. If your insurance company does not pay the practice within a reasonable period, we will have to look to you for payment. The first file is free, but if you give us an expired or wrong insurance policy that causes significant extra administrative work, there is a \$20 refiling fee.

We have made prior arrangements with certain insurers and other health plans to accept an assignment of benefits. We will bill those plans with which we have an agreement and will only require you to pay the estimated co-pay/co-insurance/deductible at the time of service.

If you have insurance coverage with a plan with which we do not have a prior agreement, we will prepare and send the claim for you on an unassigned basis. This means your insurer will send the payment directly to you. Therefore, all charges for your care and treatment are due at the time of service.

<u>All health plans are not the same and do not cover the same services.</u> In the event your health plan determines a service to be "not covered," or you do not have an authorization, you will be responsible for the complete charge. We will attempt to verify benefits for some services, durable medical equipment (DME) or referrals; however, you remain responsible for charges to any service rendered. Patients are encouraged to contact their plans for clarification of benefits prior to their appointments.

<u>You must inform the office of all insurance changes</u> and authorization/referral requirements. In the event the office is not informed, you will be responsible for any charges denied.

For most services provided in the hospital, we will bill your health plan. Any balance due is your responsibility.

There are certain elective surgical procedures for which we require pre-payment. You will be informed in advance if your procedure is one of those. In that event, payment will be due one week prior to the surgery.

Past due accounts are subject to collection proceedings. We offer payment plans for all costs incurred including, but not limited to, administrative fees, collection fees, attorney fees and court costs shall be your responsibility in addition to the balance due this office. A \$200.00 collection fee will be added to your statement balance when your account is transferred to collections.

FEES:

-There is a service fee of \$35.00 for all returned checks. Your insurance company does not cover this fee. -There is a \$5 late payment fee monthly for past due accounts. After 3 months accounts are past due. Fee is applied retroactively and for each month afterwards.

-The first 3 statements are sent free of charge. Any additional copies requested have a \$3 postage fee .

-For the third missed appointments not canceled within 48 hours there is an administrative fee of \$50 to be paid prior to being put on the schedule for any other appointments.
