For the record, the Town of Woodland is not recording this meeting and is unaware of any recordings being made. Any recording of the Selectmen Meetings is not part of the towns normal process and will not be verbatim transcribed. The Town of Woodland and Board of Selectmen are not liable if any unknown recordings(s) have been made or in the process of being made. If a member of the public had made or is in the process of recording, that recording could be considered a public record and could be requested in a FOAA Request by any member of the public. That recording could become a permanent record of the town. Arrangement will need to be made/for with the town office to get a copy of that recording.
