

AbbaCare Overview, Mission, Vision, and Core Values

Overview:

Overseen by a doctor, AbbaCare is a medical clinic with nurses on staff who perform pregnancy testing, diagnostic ultrasounds, STI/STD testing and treatment, and offer consultation. Other staff members serve clients by providing peer counseling, needed information, and resources. Clients have access to and can participate in free childbirth and parenting classes as they prepare to parent.

AbbaCare, Inc., a 501 (c)(3) organization, was founded in 1988 to serve women in the community facing unplanned pregnancies. Our focus is to provide the information needed to make choices for the future, to support clients as they begin a family, to provide education on childbirth and parenting, and to share the hope of a relationship with Jesus Christ.

AbbaCare is an affiliate of Care Net, a member of NIFLA, and the ECFA (Evangelical Council for Financial Accountability).
