FROM THE MANAGER'S DESK

Happy Summer Everyone!

It is July in Florida and it is HOT, HOT, HOT!!!

This year the 4th falls on a Thursday, and many families are making it a long holiday weekend. There are several places to see the local fireworks (see pg. 5). Here at RCR, we will be offering donuts, fruit and coffee on Friday, the 5th at 9 am on the Boardwalk.

On Saturday the 6th we will have a pool party and cookout from 1 to 3 pm. If you will be here for the local fireworks on the 4th, see page 5 on where to find them. Remember NO fireworks are allowed in the RV park, the danger of fire is too high. If you want a late check out on Sunday or Monday, just let us know.

Hope you have a great holiday weekend!

Bev Malouin, Resort Manager

*You can pick up storm information from Sarasota County in the office & Guest Lounge

LOCAL FIREWORKS!

VENICE /NOKOMIS FIREWORKS

South and North Jetty Beaches (After 9 pm)

In Venice Florida, some still view the fireworks in the traditional way, but the majority enjoy it either from the beach with their toes in the sand or from the deck of a boat. The July 4th fireworks, celebrating the nations Independence Day, are launched from the South Venice Jetties. This makes the ideal viewing locations to be the beach at the South Jetty, North Jetty, and the water. Some boaters chose the less congested Gulf of Mexico to view from while the majority opted for the more celebratory and crowd shallows around Snake Island (just a nick name-no snakes).

South Jetty Beach, 2000 Tarpon Center Dr, Venice

This beach features a paved jetty for fishing. An excellent place to see dolphins, manatees, and beautiful sunsets.

North Jetty Beach, 1000 S Casey Key Rd, Nokomis

This beach features multiple picnic areas, some with covered pavilions and charcoal grills. There is access to the beach from the park area by multiple walk over bridges. There are public restrooms, showers, and a childrens play area. You can bring your own grill, NO animals are allowed. There is a bait shop and a Concession shop, fishing is allowed off the jetty with a license. Get to this beach early, people stake out their picnic areas early in the day.

Hearty Referral

Blair Post, HAS, BC-HIS, ACA

Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

As a small business owner, the best compliment I receive is a referral. Identifying who needs a referral can be a bit tricky. I created a story to help

my clients recognize who might need my services.

When you dine out with friends you may notice someone who keeps saying "huh" or "what". This indicates they can't hear well in a noisy setting and tends to be a first indicator of a hearing loss.

Research has indicated that on average people take seven years to seek help for their hearing loss. Maybe if enough people ask, they might get the help sooner.

Over the years I have had referrals of new clients who tell me they were out to dinner with friends who recommended they come see me. And now, I have my referral suggestion taken to a whole new level.

A lovely lady, with a great heart, was out to dinner with friends. She heard a gentleman sitting at another table saying "huh" and "what" a lot. After a while she turned around, interrupted him and suggested he come and see me.

The happy ending is he did come in. His wife had been begging him to get his hearing checked for years, but it took a stranger's suggestion to convince him.

The gentleman's visit to my office revealed that he had a more severe hearing loss than he initially thought. With the help of hearing aids, he can now hear better, and his wife is happier when they go out to dinner.

If you notice someone saying "Huh" or "What" often, suggest they might need to come see me. By taking this simple step, you can help them improve their quality of life and build a stronger relationship with their loved ones.

There is a recreational BURN BAN in Sarasota County. Campfires are Not ALLOWED at this time. Please do not leave BBQ grills unattended.

Sarasota County has provided us with their latest Hurricane Preparedness Booklet. There are copies in the Guest Lounge and the Office for free.

The sun in Florida, especially in the summer, can be a dangerous place for your dog. Dogs can get sunburned; they can suffer from heatstroke; and they can't tell you when they are in distress. Make sure they have shade to be in and water to drink. If they are panting with their mouth wide open or drooling excessively get them inside and cooled off immediately. Dogs with short noses (such as Bulldogs, Boxers, Shi tzus, Pekinese, Pugs) are especially susceptible as they cannot cool themselves as effectively as other dogs can. Also realize that the pavement or surface they are walking on may be extremely hot and burn their footpads. The best way to keep them safe is to keep them inside in the summer between 11 am and 2 pm, and do not let them run or play too long in the heat. And never, ever leave them in a closed Car in the heat, even for a short while.
