June 2025

### Policy Highlight...

#### PARENT INVOLVEMENT

Parents have many opportunities to become involved at the school. The variety of involvement options allows single-parent, families and working parents to participate, even if they are unable to spend time at the school during regular business hours.

There are a variety of ways for you to participate in your child's education.

The following are some examples:

- Fundraisers- garage sales, bake sales, carnival, etc.
- Any hours spent in the classroom interacting with children
- Work on projects at home for the school- repairing books, cutting out art activities, making flannel stories, sewing, etc.
- Attending parent workshops sponsored by the school.
- Assisting on field trips with the children.
- Providing requested materials for the classrooms. (Please check with teachers for needed materials).

Your ideas for additional ways in which parents can become more involved are appreciated All volunteers who interact directly with the children, such as field trip chaperones, room parents, volunteer aides, etc., are required by state law to submit to a criminal background check
