PLAYERS NOT PLAYING

REASON FOR NOT PLAYING

LEAGUE PARTICIPATION RULE:

Each player must play 2 quarters of uninterrupted play, playing at least 1 quarter in each half, both offense and defense. This must be shown on the roster and given to the opposing coach at weigh-in. **There will be no substitutions within a quarter other than for injury.** Once injured player recovers, player must immediately re-enter the game to fulfill the quarter started. If player is late for weigh-in then that player will not play until second half and only be required to play one quarter.

ROSTERS OF 16

If teams are running a roster of 16 players, they must use a two quarterback system.
