

# New LEADERS IN TRAINING PROGRAM

Looking for exemplary dance students to represent the excellence that Dance Etc. School of the Arts cultivates in its dance community. The Leaders in Training program (L.I.T.) is a dance teaching assistant program founded by Danielle DuFore-Garcia that is designed to give current students hands-on experience towards becoming trained dance instructors and mature leaders. As part of our dance community, we want to help you develop leadership skills, get experience working with children, improve your own dance knowledge, and build up your resumes.

**COME JOIN  
OUR  
TEAM!**

As part of this team, you will be placed in a dance class or classes depending on your availability, proficiency level, and preferred dance genre. You will take part in informative workshops and discussions once a month to discuss your experiences and learn about best teaching practices.
