

Stantone

MXU 700 ATV

Manufacturing since 1964

- Liquid Cooled 4 Stroke Engine with Fuel Injection
- Electronic Power Steering (EPS)
- Electric Start with LCD Display
- FWD and Rev Automatic Transmission/Low Box
- Independent Front Suspension
- Independent Rear Suspension
- 2WD/4WD/ Diff Lock, Shaft Drive
- Front & Rear Disc Brakes with ABS
- Front Rack Capacity 52kg
- Rear Rack Capacity 95Kg
- Towing 454Kg

In terms of muscle, the MXU 700i ABS EPS has always been KYMCO's ATV flagship – and with 44 HP (33 kW) and 55Nm, the new model well and truly holds onto that halo.

Then it ramps up again, with not only a linked braking system, but also an anti-theft steering lock, more ground clearance, increased towing capacity, extra fuel capacity (and a relocated fuel cell for better weight distribution) and more suspension travel. There's also a USB charging port. Power, refinement, and brawn all together in one!

Sale Price From: £8,319.00 + vat (Finance Available)

2 Year Manufacturer's Warranty
