ROGELIO “ROJO” MEIXUEIRO

FILES FOR CANDIDACY IN ARLINGTON CITY COUNCIL DISTRICT 4

“For Arlington, For All of Us”

ARLINGTON, TX — February 5th, 2026 — After a successful campaign kickoff, community organizer and local leader **Rogelio “Rojo” Meixueiro** has filed for candidacy in Arlington City Council District 4, launching a campaign centered on affordability for every resident of our diverse city. Rojo is campaigning on a four-point policy plan that will ensure that District 4 has a voice in making the American Dream City Affordable.

AFFORDABILITY AND HOUSING STABILITY

Rojo is committed to **lowering the cost of living in District 4** by protecting renters from unfair fees and unsafe conditions while defending homeowners from rising costs and unfair appraisals. Housing should be stable, safe, and affordable so families can stay rooted in the communities they call home.

PUBLIC HEALTH, CLEAN WATER, AND FOOD SECURITY

Rojo will fight to **protect District 4’s water supply** from contamination and put **public health over private profit**. That means supporting clean air, safe housing, emergency preparedness, and local efforts that expand access to fresh, affordable food, especially in District 4 neighborhoods that have been historically left behind.

DIGNITY, CIVIL RIGHTS, AND SAFETY

Every District 4 resident deserves to live with dignity, safety, and respect. Rojo will **protect civil rights, expand access to city services, and ensure that growth in Arlington benefits everyone**, no matter who they are or where they live.

SMART GROWTH, MOBILITY, AND RESPONSIBLE USE OF TAX DOLLARS

Rojo will push for smart transportation planning that **cuts congestion, improves traffic flow, and creates safer streets** through walkability, public transit, responsible development, and more jobs in District 4. At the same time, Rojo will demand **transparency, accountability, and responsible budgeting** so every tax dollar delivers real value back to working families.

“I grew up believing in Arlington’s promise: that hard work and compassion could build a city where everyone belongs,” said Rojo. *“But today, that promise is slipping out of reach for too many families. Rising rent, uneven investment, and aging streets are forcing working people to pay more while getting less in return.”*
