Truly this 4 days were the most enlightening, insightful and profound days I have ever paid for! Pablo is a beautiful teacher. Kind, funny, generous, clear and calm. The whole experience was beyond words but incredible.

E. de Wet

Pablo held Sacred space with much attention, care and sensitivity. Pablo was finely tuned into everyone's needs but also encouraged everyone every step of the way, along with a sense of JOY and humour, much gratitude and love.

F Hale

I loved this workshop, I felt very supported by both Pablo and the other participants the whole time. The course is excellent value for money, I was surprised how reasonably priced it is, given the amount of information. I would (and already have) recommended this workshop highly. Thank you

D. Alexander

Pablo is an incredible person and it is wonderful to have someone share in the way he does.

V Baynham

I would highly recommend this workshop to anyone who is interested. The venue is in Avebury which has an amazing energy. Pablo is so generous with his knowledge and support you feel welcomed and accepted as soon as you step through the door which is a rare experience in itself. I felt completely safe, accepted and held by Pablo and the group. What an amazing experience. Thank you

TESTIMONIALS FOR THE MERKABA EXPERIENCE :

K. Skinkis-loftus

I waited 2 years to do this workshop and it was worth the wait, and Pablo McCarte was the ideal teacher for me. I tried to have no expectation on how I would be after the workshop finished, I must say I was pleasantly surprised. A gentle loving space now resides within me, it is wonderful. Please do not think that it is all moon light and roses, it was hard work at times and it really does require you to commit to the process. More work ahead but I can't wait to get on with it. Thank you so much Pablo, Avebury was the perfect location also.

B. Gregory

Pablo McCarte is an adept teacher. He was clear, empathetic, and honest throughout the course. Where appropriate Pablo shared his experiences, particularly early on in his remembering which helped the group connect with the learning process. Pablo is very intuitive and sensitive to the energy of the group and knew exactly when to repeat information so we could understand fully. Everyone was supported and it was heart-warming to see Pablo taking his time with everyone. He was patient and caring no matter the issue. I really felt supported by Pablo since the beginning. He also has a great sense of humour, which helped shift energy blocks times and time again. Overall, a wonderful wonderful experience.

I would certainly recommend this work to anyone I feel are ready to remember.

J. Sefton

Pablo is a warm and kind person and has an instantly likeable character that quickly puts one at ease. The accompanying slides are clear and detailed. Pablo is keen to answer questions and explains using easily understandable concepts and analogies. He has a holistic approach to teaching calling upon students existing knowledge of consciousness, healing and spirituality to explain. His music is perfect and deepens the experience. Pablo is patient and moves the the learning forward without leaving anyone behind. The whole experience was perfect!

C. Hill

Amazing Experience. Pablo is a really beautiful soul; he put me at ease from the moment I arrived and through out the entire workshop he was so supportive and kind. Im so grateful for the way he cared for me and the group. The workshop itself is filled with practical information that helps take your spiritual ascension up into the heavens with speed. Haven't been the same since leaving haha in a very good way of course. Thank you to Drunvalo, Pablo and everyone who helped make these workshops a reality. Truly helping raise the conscious awareness of the collective. Sending Love and Light.....
