Dear all,

We're currently offering a free 30x30cm window decal featuring a QR code linked to Clifton Village map and our webpage. The idea is to help visitors and customers easily discover what's happening around the village, find local businesses, and encourage more people to explore the area for a bit longer.

The decal is simple, smart-looking, and completely free of charge.

If you'd like one for your window, just reply to this email and we'll get everything arranged.

Best wishes,
Clifton BID
