

Specifications

Tractor Power	35 HP or Above
Size	6 To 15 Tines
No. Of Furrow Openers	11/13
Row To Row Distance	190mm
Type Of Furrow Openers	Inverted Type
Seed & Fertilizer Tubes	Transparent
Working Width	1920 (11 Tines), 2300 (13 Tines)
Seed & Fertilizer Mechanism	Aluminium Fluted Rollers

Features :

- Save Fuel & Time.
- Good Germination.
- Proper Distribution of Seeds & Fertilizers.
- Improved Soil Health.
- Environment Friendly

ZERO TILL DRILL

Sardar Zero Till Drill ensures early sowing of wheat and reduces weed infestation particularly Phalaris minor in wheat. This technology ensures at least 30 percent crop residue incorporation in soil, which results in increased organic matter content, improved retention and transmission characteristics of soil and improves soil aggregation and structure.

Seed & Fertilizer Mechanism

Excellent Performance
