through  
August 25th

## Vatican Approved Eucharistic Miracles Exhibit Coming to Assumption Grotto Parish in July and August

In the entire history of the Catholic Church, there have been numerous Eucharistic miracles approved by the Church as truly worthy of belief. The earliest documented Miracle was in **Lanciano, Italy** around **750 A.D.** The **Vatican Eucharistic Miracles Photographic Exhibition** faithfully recounts that miracle and many other well documented miraculous events. Knowledge of these miracles strengthens our faith in Christ and His Holy Church and becomes an excellent tool for evangelization. These miracles are visible proofs of Jesus Christ's Real Presence in the Holy Eucharist. Many of these same miracles went through various scientific investigations and many discoveries such as matching blood types and living heart tissue still amaze exhibit viewers today!

The **St. Carlo Acutis Eucharistic Miracles Exhibit** will be displayed for viewing at **Assumption Grotto Parish** this coming **July 12th** through **August 24th**. Our open viewing hours are on **Saturdays and Sundays each week from 10am-3pm**. There will also be hours during the week set aside for group conferences available by appointment. We invite the Home Educator Communities and other interested organizations to take the time to study these incredible miraculous events. If you would like to sponsor a special group tour or volunteer to help set up or as an exhibit host during our weekend open hours, please call the rectory: **313-372-0762**. A **first Class Relic of St. Carlo Acutis** on loan from the **Archdiocese of Detroit** will be present from **August 9th - August 15th** our patronal feast day.
