

# Sew Kind of Wonderful Curve it Up Supply List August 4, 2025

## Curve it Up –

This sampler quilt pattern includes twelve traditional blocks that take on a fresh modern look, or each block can create a quilt of its own, or a combination of blocks that mask for an original quilt design like no other! There are two layout options in this pattern, which makes a quilt approx. 68 x 89. The blocks in this pattern

all measure 16" x 16" finished.

You can make this quilt scrappy or color coordinated, its your choice. All blocks use the Sew Kind of Wonderful Quick Curve Ruler. Which allows you to cut your curve, Sewing the curve is a breeze, no pins and no snipping, just stitch, press and square up!

Before class, please purchase your **Quick Curve Ruler** and **Curve it Up pattern** from your local quilt shop or online at Sew Kind of Wonderful. I will have a very limited supplies of rulers and no patterns when I come.

If you are going to make one of the sampler patterns, choose a couple of blocks that you would like to make. In the pattern it will tell under "Materials" what to cut out. Please have those pieces cut before class. Also label the pieces as to what size they are. Clip them together or place them in a zip lock bag.

You may get two blocks made in class and maybe one more.

I will have a sample of the one of the Sampler quilts, and another that is a bit more modern.

I am looking forward to coming to your guild and meeting all of you. We are going to have a great time, and I do hope that this class will inspire you all.
