Speaker Handout

Speakers

It is planned to have a number of speakers for the evening.

Choose a Topic

Speakers are free to talk on pretty much anything. Topics can range from ideas, holidays, thoughts, passions, stories, experiences, projects, work, etc. It can be funny, silly, serious, personal, thoughtful, informative, sad -- you decide -- just keep it healthy, tactful, and tasteful!

Presentation Format

The presentation format is as follows:

- each speaker will have 6 minutes & 40 seconds to speak
- each speaker must have 20 images to accompany their talk
- each image will automatically advance every 20 seconds as you talk. This is LIVE and will MOVE ALONG QUICKLY!
- your total speaking time will be 6 minutes 40 seconds (or 400 seconds) -- then you will be greeted by audience applause ending your talk
- it is important to practice your talk and timing per slide
- help is available for speaker preparation and using widescreen Keynote for their images

Bio's

It is requested that each speaker provide a short bio or introduction (3-8 sentences) that can be used to introduce them the night of the event.
