ARCHITECTURAL REVIEW BOARD (ARB)

The owner, in order to give guidelines to owners and builders concerning construction, has formed an Architectural Review Board (ARB). The ARB shall be composed of not less than three (3) nor more than five (5) persons. The members of the ARB shall be appointed for staggered three (3) year terms by the Board of Directors of D & H DEVELOPMENT CORPORATION, a Florida corporation. In the event of death, resignation, inability to serve or other vacancy in office of any members of the ARB, the Board of Directors of D & H DEVELOPMENT CORPORATION shall promptly appoint a successor member who shall serve for the duration of the unexpired term of the member replaced. The membership, rules of procedure and duties of the committee shall be prescribed by and, from time to time, changed or modified by the Board of Directors of D & H DEVELOPMENT CORPORATION. When the Board of Directors of D & H DEVELOPMENT CORPORATION in their exclusive determination, deem the circumstances appropriate, they shall terminate the ARB.

DUTIES OF ARCHITECTURAL REVIEW BOARD

A. To approve, prior to construction, all buildings, fences, walls, pools and/or other structures which shall be commenced or erected upon the properties. The ARB shall be furnished two (2) sets of completed plans and specifications showing the nature, type, shape, height, materials and locations of same and shall approve in writing as to the harmony of external design and locations in relation to surrounding structures and topography.

B. To approve, prior to construction, any such building plans and specifications and lot grading and landscaping. The conclusion and opinion of the ARB shall be binding, if, in its opinion for any reason, including purely aesthetic reasons, the ARB should determine the said building is not consistent with the development plan formulated by the Developer for the property or contiguous land thereto.

C. To require to be submitted to it for approval any samples of non-natural exterior building materials proposed or any other data or information necessary to reach its decision.

1. Exterior Materials: Exterior elevations will be encouraged to be of natural materials. Cypress, cedar, redwood or other durable wood types will be encouraged. Stone or natural brick is also encouraged. Stucco is acceptable on side and rear walls. White stucco is not permitted. All exterior materials for front elevations shall be authentic and not artificial or simulated, i.e. stucco brick.

2. Roofs: Flat roofs shall not be permitted on areas other than Florida rooms, porches and patios unless specifically approved by the ARB. Built-up roofs are not permitted on pitched surfaces. Mansard roofs are not permitted unless approved by the ARB. The pitch must be at least 5/12 unless otherwise approved.

D. To require the builder to submit a set of plans and specifications which shall be held by the ARB until the building is completed. The work contemplated must be performed substantially in accordance with the plans and specifications approved. All approvals of plans and specifications must be evidenced by signatures of at least two (2) members of the ARB on plans and specifications furnished. The existence of the signatures of at least two (2) members of the ARB shall be conclusive proof of the approval by the ARB of such plans and specifications.

GENERAL RESTRICTIONS - USE AND OCCUPANCY

Section 1. General Prohibition. No dwelling, dwelling house, garage, outbuilding structure or appurtenance of any kind, including additions or substantial alterations thereto, shall be erected, placed or maintained on the properties or any portion thereof that does not conform

Section 3. Single-Family Residential Use. Section 9. Ground Maintenance.

(a) Grass, hedges, shrubs, vines and mass plantings of any type on each lot shall be kept trimmed and shall at regular intervals be mowed, trimmed and cut so as to maintain the same in a neat and attractive manner. Trees, shrubs, vines and plants which die shall be promptly removed and replaced.

(b) No weeds, vegetation, rubbish, debris, garbage, objects, waste materials, or materials of any kind whatsoever shall be placed or permitted to accumulate upon any portion of a lot which would render it unsanitary, unsightly, offensive, or detrimental to the properties in the vicinity thereof or to the occupants of any such property in such vicinity.

(c) No building materials of any kind or character shall be placed or stored upon any lot so as to be open to view by the public or neighbors, unless such material will be used and is used within three (3) months after the construction of buildings or structures upon the lot on which the material is stored.

In the event of dispute as to the reasonableness of the number of such cats, dogs or household pets kept upon the properties, the decision and opinion of the Developer shall control.

Section 12. Laundry. No clothes, sheets, blankets or other articles shall be hung out to dry in the side, front or rear yards of any lot.

It is important that the banks, swales, and berms constituting a part of the lakes, swales and drainage canals located within the properties remain undisturbed and properly maintained in order to perform their function. Where any portion of such berms, swales, and banks lie within a lot, the owner of that lot shall maintain the same continuously and shall not disturb, damage or otherwise interfere with the berm, swale, drainage canal or other portion of said lake, drainage canal or system which adjoins said owner's lot.

Section 31. Landscaping. All lots within the subdivision shall be fully sodded.

Section 32. Utility Lines. The system from primary utility lines, including but not limited to water, sewer, electric, telephone and cable TV (if any) shall all be underground and the cost of the installation and maintenance thereof shall be at the expense of the lot owner.

COVENANTS TO RUN WITH LAND

The restrictions and burdens imposed by the provisions and covenants of the Declaration shall constitute covenants running with the land, and each shall constitute an equitable servitude upon the owner of each lot and dwelling unit and any appurtenant undivided interest in the common areas and upon the heirs, personal representatives, successors and assigns of each owner.

Enforcement shall be by action against any person or persons violating or attempting to violate any covenants, either to restrain violations or to recover damages.
