What Does Membership Mean To You

Membership is an important part of the National Sweet Sorghum Producers and Processors Association. It gives you the opportunity to interact with many sorghum producers across the country at the annual meeting and it provides you with a quarterly newsletter and other literature to keep up with what is happening in the sorghum industry. Only Members and Supporting Producers (Non-Member) may contract to use the logo on their pure sorghum. Anyone using the logo must keep their membership up-to-date or they can lose the privilege of using the logo. A new member will receive a copy of the Membership Directory, last newsletter, and a new logo lapel pin.

Definition of Membership Classes:

Voting Member - Any person who is an actual producer or processor of sweet sorghum shall be eligible to become a member of the Association. This may be an individual or a farm. Each paid membership has one vote.

Associate Member - Any individual, firm, partnership, corporation, association, agency, or educational institution who has a direct interest in sweet sorghum and who will support the objectives of the Association shall be eligible to become an associate member.

Producer Supporter (Non-member) - Any person who is an actual producer or processor of sweet sorghum but cannot be a voting member due to religious or personal reasons shall be eligible to become a Producer Supporter and have all the privileges except for voting.
