Signature \_\_\_\_\_  
Homeowner

By signing this form and entering this tournament, I hereby waive and release Kona Kai Homeowners Association, host sponsors, and anyone affiliated with the tournament from any and all liability claims, demands, rights of action, which are related to, arise out of, or are in any way connected with my participation in this tournament, from any and all claims of death, personal injury, accidents, theft and damage to myself, those in my boat, my guest boats, and all equipment involved in fishing.

## Measure Fish and Crabs

Use these guidelines to measure fish correctly (total length):

1. Place the fish on its side with the jaw closed.
2. Squeeze the tail fin together or turn it in a way to obtain the maximum overall length.
3. Measure a straight line from the tip of the snout to the extreme tip of the tail fin.

- For blue crab, measure across the widest part of the body from tip of spine to tip of spine. Must be 5" or larger
