**7. Housekeeping Motions**

- Removal of executive honorariums as of January 2026
  - Ashley Lynn Hill is voting against
    - She believes the executives deserves it, and the money we have will not make much of a difference
  - Zach Martin Speaking in favour reasoning is because a lot of the work we do is not something that is trackable on paper. They do the work because they want to. No other locals do it. For meetings you get a per Diems (\$75). A lot of money for the local and still getting compensated for the work.
  - Lauren Boucher also brought forward perhaps reviewing the travel budget and training when we get to the budget presentation. Lauren is also against the motion, as long as the executive are being paid for the time they are working for.
  - **Zach martin put the motion forward, Betty Ann Villeneuve with Second of the motion – Motion is carried**
- Removal of Vice President 2 position at end of current term/when vacated
  - Bret Reynolds speaking in favour in the motion. It made sense in the last two years, and Bret spent the last two years building rapport with in-person centers. The

membership knows where they can go for their resources, and we know where the overlap is. Bret currently holds the position and does both work as it is anyways. Also, there would be an odd number of executives which is hard on votes and puts them in a hard place.

- Removal of Communications Officer position at end of current term/when vacated
