## **How to Measure**

Grab a tape measure, ask your friend to measure you while standing in a relaxed position.

Avoid wearing bulky clothes and make sure the tape measure is flat against the body, but not too tight.

- **1. Arm Length** With your arms slightly bent, measure from the centre back neck, over the shoulder and elbow, down to the wrist.
- **2. Chest** Measure around your body, under the arms at the fullest point for the chest.
- **3. Hip -** Measure around the widest part of your hips.
