

# Tripwire Security Solutions

**Assess/Prepare/Train/Prevent**

**Dangerousness is Not a Permanent State of Being.**

Businesses are recognizing the need for a smarter approach to Safety and Security.

Security is every employee's responsibility. Aspects to threat assessment and management are unique to each situation. Understanding the threat is the first step in providing adequate and meaningful security.

Tripwire Security Solutions (TSS) provides consulting and training programs for safety and security.

TSS's experience in Personnel Security, Threat Management, Advanced Threat Assessment, Risk Management, and Physical Security (CPP) provides a unique understanding and capability for protecting your business, brand, personnel and sensitive information. The right Threat Management is critical. TSS can provide a crisis response plan for insider threats, physical threats and cyber threats.

**“We Want Your Troubles”**
