### **Our Vision**

Imagine an organization committed to one task – supporting fire rescue personnel. From their work in the field to their lives at home, picture an organization working to equip these first responders to be more successful on the job and in life. Envision an organization that extends the support of those serving in fire rescue by offering care and comfort to the people they serve. Finally, picture an organization that would impact emergency services workers all across the country. That organization is Fire Rescue Support – supporting fire rescue personnel before, during and after the call.
