

## Fulton County & LCW Engineering, Inc.

### Traffic Management Plan – Wolf Creek Amphitheater, Fulton County, GA

Developed transportation management plan for the Wolf Creek Amphitheater at the request of Fulton County, Georgia.

Evaluated surrounding local roads and made recommendations for minimizing traffic congestion when entering and exiting the amphitheater events. Develop a plan detailing the proposed management of traffic before and after events. The plans also included parking plans for VIPs, performers and staff. The traffic management plan report summarized findings and recommendations for mitigating any congested areas.
