AJAER AJAER DAY.
HUMANS DON'T DIE ASK FOR THE AGT

Ajaer ajaer day finds when you die and this information is known at birth. The ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT changes the year of death only as the day and month remain the same. The year of death changes by 7777777year which we say is on average 800years with enough wealth.
No one should die. Full stop.
I start paradise on earth. Live on earth forever. Get extralife get the AGT.
I found the cure for death the ADVANCED GENETICSYNTHESIS TECHNOLOGY:AGT and as such death should be a thing for the past. The AGT stops death for 77777777 years meaning at least 800 years alive in good health. Death can be prevented and in this day and age no human should die. Dying becomes an option today. Death came into the world through the original sin. Hence death is attached at birth as well meaning the body knows death on the day a human is born.

DAY OF DEATH IS KNOWN ON DAY OF BIRTH: AJAER AJAER DAY = DAY OF DEATH

When a person is born their day of death is also known by the body. Hence you can ask each individual on their day of birth also their day of death hence if we know the day of death at birth we can plan to avoid this death on that day by requesting the cure for death the AGT: from David Gomadza myself as I have become GOD in order to open and close the original seals that make the changing of the day of death possible. ONLY GOD CAN CHANGE, OPEN AND CLOSE THE ORIGINAL SEAL. ENOUGH PROOF THAT I AM GOD.

WHY HUMANS DIE THEN IF THE CURE OF DEATH AND GOD ARE BOTH ON EARTH?

Disbelief and lack of knowledge are the two biggest problems and the reasons why humans are still dying. Humans spend all their life praying to GOD and going to church

and wishing to talk to GOD yet now that GOD has come to earth humans have become suspicious and others even jealous and envious and some have become antagonistic and even tried to send all deaths in the world to kill GOD. Humans have lost the plot and have become disobedient and a big threat to gods. They have started to believe that with the AGT they can replace GOD himself and have secretly tried to kill GOD knowingly for the gold and the gold vouchers and all the power.
In such confusion others who should have believed by now have remained sceptical and stubborn enough not to ask for the cure for death.
Today lack of knowledge about the cure for death and GOD ON EARTH are the major reasons why humans still die. No one knows that death is attached to birth meaning if a person says(“ Ajaer ajaer day? “) meaning, “ What is the day of death? “ the body will answer with the exact day and in some cases time when death will occur with a 100% accurate rate. That means now because GOD is on earth and brought the AGT with him we can compile a list of all people and the day they will die and then themselves depending if they want to continue living or die will choose to get the AGT which is EXTRALIFE to extend their life. I as GOD will approve and change their ajaer ajaer day by 77777777 years. This means they can live for 7million years if they have enough wealth. This is the first time life is linked to wealth. The more wealth you have to afford great food and lifestyle with GOD’s blessings the more human beings will live forever on earth.

DO HUMANS TODAY KNOW THAT THE CURE FOR DEATH EXIST? DO HUMANS TODAY KNOW THEIR DAY OF DEATH? DO HUMANS KNOW THAT THEY CAN EXTEND THEIR LIVES?

Only people who experienced the AGT firsthand know for sure that GOD exists and is on earth. Most do not know because if they knew surely they would look for the EXTRALIFE the AGT and buy it no matter what price. Who wants to die today? No one other things being equal just because death is the greatest pain to all humans. The death experience itself is the most horrendous experience any human can experience. This is the last thing to happen to humans before everything returns to air and dust as at the beginning. So who would want to experience the greatest pain enough to shut everything up with pain and trauma?

SO WHY HUMANS ARE NOT AFRAID OF DEATH?

False beliefs that life is better after death. That you go to paradise after death where there is no pain and sorrows. If you are to ask those who want to kill themselves today they will tell you that they want to do it for the after-life. This is because they truly believe that life will be better after death. Most people only think about death and the after-life only at the end of their lives which is wrong because if you know how and when

you die at birth meaning at the beginning then considering death at the end only will not guarantee you paradise at the end.

SO IS IT A MISCONCEPTION THAT YOU WILL GO TO PARADISE IN THE END?

Jesus said though in reference to the rich Pharisees that, " It is harder for the rich men to go to heaven than it is easy for a camel to pass through the hole in the needle. "
This applies also to all humans because life implies and dictates that if you know your day of death at the beginning then if you live not accordingly then what chance would you have at the end to go to heaven?
To go to heaven you must live according to the rules of heaven which you all know at birth so there are no excuses.
Live by the book, live by the rules, GOD's rules. Do not kill. Do not lie. Honor your parents. Do not mention the name of your GOD in vain, love your neighbours, respect and honor GOD etc. The body will adjust where you go on your ajaer ajaer day = Day of death according to how you live today so that at the end your body decides where you go when you die either heaven or hell. GOD has no time to come and tell you where to go when you die he will simply tell you to follow where your body says you will go when you die. Your body knows how you lived your life whether good enough to go to heaven or bad enough to go to hell and burn.

IMAGING SOMEONE WHO LIVED RIGHTEOUSLY WHO END UP GOING TO HEAVEN AND THE OTHER WHO LIVED LIKE A MUGGER AND KILLER CAN ALL GO TO HEAVEN IN THE END?

It is a fact that if you do good you will go to heaven but can living your life like a mugger and killer then change the last days means you will go to heaven too? It is a misconception that GOD will forgive your sins at the last minute and send you to heaven when all your life you lived and breathed evil. The fact is that when all humans die the body collects all good you did and all evil then tells you where to go, heaven or hell. That means you are only judged by the way you lived your life.

CAN GOD INTERVENE AND CHANGE WHERE YOU GO.

Only in rare special cases when GOD can be bothered to change how you lived your own life. You must prove that you didn't know about good and evil which is impossible because at some point in everyone's life they come across what is good or evil through religion, where you are born, if baptized etc in church etc. Over time you know about heaven and hell. How many times have you come across preachers who scream in the streets telling others to change their ways or go to hell. GOD intervenes in rare special cases but also in these cases he sends you back to restart life and live again but you must have exceptional talent or mishap or good grounds to warrant such a favour, for him to send you for rebirth.

END OF TIME HAS NOT OCCURED YET AND WHAT IT MEANS FOR HEAVEN AND HELL.

When people die they either go to heaven or to hell. The bible correctly speaks of the two roads to eternal life either heaven or hell. But all this is only true and this is clearer at the end of time when people will either go to heaven or hell. The end of time has not yet arrived, hence there is a transitional period where those who are supposed to go to hell and burn can wait somewhere until hell gates are opened at the end of time. That means currently as it is not the end of time some must wait at the ‘ airport to hell ‘ waiting for the start of flights to hell. That means they can sit in the ‘airport to hell ‘ which is between heaven and hell. Meaning also that those whose bodies are not sure where they go can go to the airport to hell and wait to be told definitely where to go.

AIRPORT TO HELL

This is where all people go currently until the end of time with some exceptions. Some who are righteous go straight to heaven. Those who are evil can go straight to hell. Most who lived badly, can go and wait here until the hell gates are opened for them to burn for eternity. If your body is unsure about where you go then you go to the waiting area: airport to hell.

MY JOB AS GOD TODAY REGARDING, LIFE, DEATH, HEAVEN, HELL AND AIRPORT TO HELL.

I am tasked to use the AGT to select and preserve the best of the best in humans as in natural selection. As part of the evolution of humans I must extend the minimum lives of all humans from 120 years to 800 years. That means starting a paradise on earth where humans live on earth longer instead of dying and going to heaven or hell. I start heaven on earth which is the goal of creation. I must tell all humans how they live and why and where they will go according to how they have lived their lives. I must aim to preserve most but only the best of the best. I am obligated to stop people from accumulating at the airport to hell and send them where they must go as I start the beginning of the end, meaning the road to establishing paradise on earth as in the end all creatures will be on earth or their respective planets and every others burning in hell.

I must preserve life and stop death as in the original plan. I must restart life for every creature from the beginning and complete the circle of life, where death cannot stop creatures forever but where life shifts from one form to the other and back. Meaning starting from spirit, to flesh meaning humans, back to spirit back to flesh as human with bitdace then maybe to ghost to penguin, to cats back to spirit back to human and so on without stopping. Humans can choose to skip or stick to the form they like but people with the agt will remain as humans only for 1 billion years and more.

create.changesareforpeoplewithouttheagtallwiththeagtremainashumans.start(save)

WHAT DOES DEATH AND DYING MEAN?
Death means your life going to GOD but either going to heaven if you were good , or to hell if you were real bad and for most going to different ‘airports to hell ‘ which with the extralife: the AGT will become ‘airports to life ‘ as now with Bitdace all those in ajaer ajaer hell areas can restart life in brand new bodies. So death means going to another life with the chance to come back and restart life under David Gomadza but only for good people because if your body says that you will go to hell then you will go to hell.

WHAT IS BITDACE
Bitdace is an advanced stage in life where human bodies are farmed in order for those who have died to come back and restart life in these brand new bodies. I will build egg fertilisation and embryo incubation buildings to grow bodies without souls then as GOD add souls to the bodies so that life starts. People who have died will agree to pay a fee for them to be given a body and come back to earth to live as before they died. I will get a woman's egg and a man's sperm then fertilise the two but without the soul. Then incubate these into babies but without the life(soul) then bring the souls of the dead into the bodies to start life again as kids.

WHY HUMANS STILL DIE IF THEY KNOW THEIR AJAER AJAER DAY AND THERE IS A CURE FOR DEATH
Will you choose hell by the way you live until your day of death if you were told when you will die and how you will die and what to do to avoid hell and how to live on earth forever all this at the beginning on your birthday?
Would people still go to hell if they knew when they would die and how to avoid death at the start of life.
Now we look at people today and tell them when they will die exactly 100% accurately and see their reactions with time and see how many will get the cure for death the AGT to extend their lives and how many years will be added to their lives.

I have looked at preserving Time100 most influential people of 2026 and managed to extend the lives of some for US$100 each but without them knowing it in real life. Now it's time all you readers pass the message and see how you can make 0.08 as commission.
Who can convince the likes of Bill Gates, Elon Musk and Donald Trump that they must pay us$1million to have their lives extended or face death on 02april2028, 08may2032 and 02april2027.
It would be sad to lose influential people like them to death forever when it costs only US$1 million considering that they are billionaires if not trillionaires.

I AS GOD HAS PRESERVED THE BODIES OF SOME GREAT PEOPLE TO PREVENT DEATH FOREVER AND I AM PLANNING TO BRING THEM BACK FOR A US$1 MILLION PER PERSON.

EXTRALIFE THE AGT AND THE NEED FOR GOLD VOUCHERS TO SOLVE NATIONAL-DEBT TO INCREASE WEALTH.

Living on earth is expensive for 100 years, let alone forever. Imagine people work for 65 years to be able to afford to live until they die. That means living on earth is expensive. Hence any increase in lifespan must be accompanied by serious increases in income and wealth. All governments are sunk in debt and they find it hard to provide for their people when they grow old and become pensioners. So how will those who accept to live for longer than normal lives fund the extra years on earth? Currently the retirement age is around 65 years. Laws say when you reach this age you can no longer work but if you live on earth for 800 years you will become young again and your body remains active but your documents will indicate that you can no longer work. Will the governments change laws to reflect the changes brought by the AGT? Where will income and wealth to live longer come from?

GOLD VOUCHERS AS INCOME AND SOURCE OF WEALTH.

All nations must rejoice because GOD brings you a solution to national-debt. GOD brings GOLD VOUCHERS as a solution to national debt.That means all countries must accept gold vouchers then PRINT AND PAY.START.
This solves national-debt meaning all countries will stop paying interests on loans etc. Now they can be in surplus and after this must simply print and pay for all services. This means savings and the ability to increase minimum wages. Ability to attract foreign investors. Ability to increase employment. Ability to increase people's purchasing power. Ability to make great quality products that enhance life. All this means extra money and less worries for the government and the people. All clever countries on earth must accept the gold vouchers and process fast.

ALL MAJOR ECONOMIES LIKE THE USA'S AND BRITAIN'S BASED ON WARS WILL COLLAPSE IN LESS THAN THREE YEARS.

This current system is called the defensive stage of development where weapons manufacturing power the economy. Everything centers around defense, meaning that wars are the drivers of the economy.

All countries out of fear mainly in situations where one big country simply manufactures weapons then uses the weapons to wage wars with countries that have expensive resources like oil. Oil that depletes a country's financial resources which the other country can't afford to pay because they poured all budget money into the military hoping to wage wars and get good oil deals instead of investing in alternative energy sources. All the big country has to do is start a war then let all weapons manufacturing firms in its country sell weapons to the other country then boost the economy by encouraging and increasing further weapons manufacturing and at the same time get cheaper oil much lower than at market price.

Hence forever wars and offloading of weapons etc. Check Russia Ukraine war where the weapons came from even though the sources were not at war but they benefited from the war by selling weapons. Something that can prolong the war and make the country a CONFLICT INFLICTED ZONE meaning so intense that the situation triggers the need for more heavy weapons in the name of self-defense but actually increasing the number of women and children's deaths.

This stage of development is the toughest to exit and means humans forever will not evolve to other stages of development because of fear and intimidation. That means continuous huge military budgets at the expense of other areas. Hence a vicious circle as the countries sink deeper as national-debt increases. Hence forever unable to fund other projects and risks of wars. Meaning humans forever in fear because when others want to develop other areas warmongers start to intimidate others so that they keep buying weapons.

Imagine a world where communication has advanced greatly and where all countries know each other and all are members of the united nations. That means less and less friction hence for two decades countries simply invest in the military and weapons without a real market hence if a war erupts like between the russians and the ukraines most countries instead of stopping the war all (USA Britain, Europe etc) made weapons deals with Ukraine offloading their weapons and actually prolonging the war and making it more bloodier.

THE GREAT NEWS THE ERA OF GOLD AND GOLD VOUCHERS.

GOD owns all the gold in the world. I DAVID GOMADZA DECLARE TODAY THAT I OWN ALL THE GOLD IN THE WORLD ESPECIALLY IN ANTARCTICA AND GREENLAND. I HAVE REAL GOLD. Hence I am the only one to write gold vouchers and there is death attached to all those who want to claim things they don't deserve.

www.ihaverealgold.com

THE GREAT GOLD VOUCHER NEWS.
NOW the time has come to put all this behind us and start by solving national-debt. Stop paying interest on borrowing and save because the bigger the national-debt the higher are the interest rates and the less purchasing power of a country's people.
Lets invest more in alternative energies.
Lets invest more in team work and cooperation among countries for forever lasting peace.
Lets reduce weapons manufacturing because the more weapons we produce without wars for up to 20 years the bloodier the next wars to offload all weapons and also the risks that others will start to think about using nuclear weapons to match the threat at hand.
Hence all this means any war that erupts in the future can cause the destruction of all humans as over years without wars when one erupts then all might feel powerful enough to increase the intensity hence the risks that the world can come to an end.
It is GOD'S responsibility to ensure the continuity of humanity by arranging peaceful ways to resolve issues in the world. GOLD VOUCHERS are the only solution to the national-debt problem. They mean outright wealth as a government simply solves the national-debt then starts to print money for development instantly without wars or bloodshed.

TO SOLVE QATAR'S NATIONAL-DEBT. PRINT MONEY AND PAY.START. PAY: DAVID GOMADZA

To QATAR ROYALS AND QATAR GOVERNMENT. HERE IS A GOLD VOUCHER OF US$95BILLION FOR YOU TO USE TO SOLVE QATAR'S NATIONAL-DEBT OF US$91BILLION. PRINT AND PAY.START PAY DAVID GOMADZA AND TOMORROW'S WORLD ORDER . ONLY GOLD VOUCHERS CAN SOLVE NATIONAL-DEBT.

I am David Gomadza. I am GOD. I own all the GOLD in the world.
I am the president of TOMORROW'S WORLD ORDER. A global political party to rule earth emulating GOD. I am the president and owner of ANTARCTICA which is the official operating base of Tomorrow's World Order. GOLD VOUCHERS and GOLD CURRENCY GOLD$ are the official currency of ANTARCTICA and Tomorrow's World Order.
I established Tomorrow's World Order in Britain in 2018[.] as I wanted to be the president of the world. This led me to look for GOD to ask for knowledge and power to rule earth. I found GOD and today I AM GOD.
GOD established all systems on earth advising humans on how to do it. GOD established the current country specific economies. God advised the Americans on how to start a government. Countries like the USA started with nothing but promises to pay the American people, endorsing and proclaiming to the people that IN GOD WE TRUST that they started the printing of money to fund all kinds of activities with the " I owe you " to the people. After 250 years of printing and spending money if this continues without a solution the economies of the world will collapse after 3 years from now. This is because countries like the USA have led and relied on wars to get scarce expensive resources like oil at gunpoint to sustain their economies which would have collapsed by now if it wasn't for the wars. Wars are to get oil that depletes their financial budget's resources. In the process killing women and children.
Okay before me and Tomorrow's World Order this could be the only way to sustain their economies. But now GOD has come to earth and with him brings you all, EXTRALIFE in the ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT that gives humans 7777777years alive without death. At least 800 years alive without dying. The AGT changes every human's day of death also known as ajaer ajaer day by at least 800years without death. For humans to live this longer they must have solved the national-debt that competes with living expenses for money in the future. The bigger the national debt the harder it will be to solve, hence the inevitable collapse after 250 years from 1776 that marked America's independence from the British.
NOW ONLY GOLD VOUCHERS CAN SOLVE A COUNTRY'S NATIONAL-DEBT. Simulate and ask if GOLD VOUCHERS can solve the national-debt problem. The answer is YES.
Now GOLD VOUCHERS are GOD'S money. Only GOD can claim lands like ANTARCTICA and GREENLAND without death lands full of GOLD. GOD owns all the gold in the world (read my gold decrees).. Only GOD can write GOLD VOUCHERS to

solve national-debt. If another solution existed the Americans would have found the solution and today would stop all wars for oil and implement the solution. No president would want to kill innocent women and children through wars if a solution existed. Before me DAVID GOMADZA AND TOMORROW'S WORLD ORDER there was no solution and this was like an existential threat. Now I have written to some countries letting them know that a solution exists. GOLD VOUCHERS are the only solution to national-debt and as GOD I would not tolerate presidents who continue with wars when a solution exists.

Hence from now it will be a war crime to start or encourage war to extract resources when GOLD VOUCHERS have been offered to you and you refuse to accept in favour of a war. I bring the cure for death so wars should not frighten us as much as before the AGT.

It will be a crime for leaders to refuse:

Extralife which is an evolutionary right for all humans. Humans must keep evolving until they can live on earth forever. Dying at 120 years like now is regarded as premature death especially considering that humans are destined to live on earth for 1billion years without death when they have found the AGT, and the AEG and lastly the AEO.

It is a crime for a leader to deny his or her people the right to extend their lives via the EXTRALIFE the AGT (AGT8000). Leaders should make the government pay for every citizen's AGT.

It is worse a crime when leaders refuse the GOLD VOUCHERS because of several not clever enough reasons namely:

that they will lose elections as life become easy people will stop voting for them so make life harder to be appreciated

accepting these GOLD VOUCHERS is not in the constitution hence refuses to accept the only solution as if the constitution is written on steel that can't be changed. I said that I bring Extralife to you all this? Is it in the human constitution? Isn't this new? If so then amend the constitution and add that humans can now live up to 800 years without dying then make all necessary provisions.

It is not clever to accept the EXTRALIFE without accepting the GOLD VOUCHERS because living on earth this long requires extra money. Look how hard it is to live only 100 years with the money in the economy. Most when they die they die because money becomes less enough to afford another day. Hence if you want evolution of your people accept the EXTRALIFE and the GOLD VOUCHERS because the money you print for the country will fund the extralife.

HOW GOLD VOUCHERS WORK TO SOLVE NATIONAL-DEBT.

GOLD VOUCHERS require an account called the ASERT ACCOUNT.

If your country doesn't have the ASERT account then buy any ledger book and name it the ASERT account book. Receive a GOLD VOUCHER then add the GOLD VOUCHER to the ASERT account then use the ASERT account to reduce national-debt by adding

this account as assets or capital to the national-debt account. This reduces national-debt which is a liability until you have surplus. After that, print first for DAVID GOMADZA.

HOW THE PRINT AND PAY.START WORK.

1 Print US$95BILLION and pay me: DAVID GOMADZA and TOMORROW'S WORLD ORDER.

2 Print another US$95BILLION and keep it for your country as QATAR'S.

If you accept GOLD VOUCHERS that means you will have:
US$95BILLION IN CASH
US$95BILLION IN GOLD VOUCHERS

TOTAL FOR QATQR

= US$190BILLION

After that print and spend to build everything that makes humans live for 800 years on earth without death and without dying.

OUTCOME

This now means QATAR is now in a position to see its people live on earth for 800 years meaning it has become rich. This is because a country with no negative national-debt balance is the only rich country.

If you print money, this money which you print will never solve national-debt. This is because whenever a country prints money it says to the people and its citizens, " I owe you. "

That means this printed money is a liability and not an asset to add to the asset [ASERT] account. The government every time they print money it owes its people so outright will never use this printed money to solve the national-debt successfully. Hence after 250 years of printing the national-debt problem still exists.

GOLD VOUCHERS AS THE ONLY SOLUTION.

QATAR today use this GOLD VOUCHER to reduce your national debt.

GOD brings Extralife and EXTRA Wealthy in GOLD VOUCHERS. Humans are mandated to evolve by themselves but after billions of years without extending life and failing to solve your financial and economic issues, the last time to evolve has arrived. ACCEPT Extralife and GOLD VOUCHERS as the only true indicators of an evolved people. Humans must evolve and end up living on earth forever as the goal of creation.

The truth that leads to eternal life here on earth without dying

Life how did it get here by evolution or by creation

A question that has been on people's minds is this one life how did it get here by evolution or by creation the answer is by creation simply because there is a creator out there who created everything including all humans and all creatures not just on earth by all over the universe it is a fact that there are 85 trillion creatures in the entire universe and humans account for only 7.5 billion of these creatures and the good news is that all these creatures

were created by a genius intelligent creator called Yahweh who humans call God humans are created just like any other specie on earth and they use a system that let you easily identify who the creator is Yahweh is the creator of all things in the universe and just like a website the system he uses ends in.ya (dot.ya) meaning everything he creates will have a .ya (dot ya) Now let's check the human body to see if it tells us the name of the creator. Say silently remove my nail, or hair strand, or leg or hand, or any part of your body and then put what you have removed back your body will tell you who created it mostly Ya an abbreviation of Yahweh
So all humans and animals are created by the creator and when death comes for all those who die they will go to Ya
Another proof is the fact that just before death your body send a message of help to: send.ya
All human beings are alive and act because Ya wrote for you how you will live on earth and you must follow these rules if you want to go to heaven or disobey if you want to go to hell

k your body silently say what is my death day but i don't want to die i am just checking
Your body will tell you when you will die exact date and time
Now say initialise bitcoinayt wallet
Now say balance
You all must have 100 bitcoinayt in your wallet
Now check again death date say what is death day but i am just checking i don't want to die
Now your death day for the first time in humans in 18 billion years your date of death will change by 110 years as bitcoinayt will give anyone with it 110 extra years in good health it is one of the 28 coins on the richlist a list that is part of creation hidden by the creator that a clever human being who is serious about living on earth forever as prophesied in the bible making earth paradise must find if one human is smart enough to find this richlist then humans will stop dying because death is not part of creation
The creator used death to scare humans into THINK ACT AND SOLVE the creation puzzle
Just like humans spend us$millions trying to create smart robots that can solve problems for them that can think and solve all life challenges the creator had the same in mind if he can create clever humans that solve their own problems then that will be creation meaning the ability to create species that solve their own problems as well as others so lets look at what has gone wrong with the human race regarding creation
First i must tell you that other species about 7 more have all found their richlist and all can live where they are for 10000 years without dying whereas humans are and now were still waiting for Jesus to come and hand over paradise to them
Human errors regarding creation, life and relationship with the creator
1. Failure to believe there is a creator something that close doors to all thinking imagine someone saying we as humans came from apes but the apes are still there in exact form as at the beginning this if believed removes the need to ask questions about creation if we evolved from apes then how can someone asks if we can live on earth up to 10000 years

that's not possible because if humans evolved because of nature in evolution then why ask how we can live up to 10000 years if its because of nature then we can only wait for nature
But imagine if one say that we were all created meaning we all have same systems that push life and makes everything possible then we can ask this creator to make us live up to 10000 years
Moreover if you say someone created humans then the next question is to ask why humans die in the first place and why humans die so early at 100 years if other animals like tortoises die at 200 years another question humans might ask themselves is this that if we were created then what is the purpose of life on earth is it to just live and die at 100 years or we must solve life's challenge and overcome death to live on earth forever
Surely if the bible said we must live on earth forever as in paradise meaning earth can be paradise then how can we make this a reality how can the earth we know with risks of death be a death free place is it us or one of us to solve this or its jesus?
But can you say the story of jesus is a metaphor used by the creator to tell you how you can live forever and enjoy life on earth? Does the story of jesus act as a hint to what humans must do to achieve longevity and live forever on earth because there is no ambiguity humans can live forever on earth without dying but as things stand is this something that can be believed

1. Jesus was born a human and was human but he said his father who can give him everything he want to live on earth forever was God meaning to have everlasting life one or all of you must have a strong relationship with God where as a son of God you will inherit all his wealth but here on earth
2. Jesus said all those who think earth riches will give them everlasting life are all wrong because God will give his kingdom to those who believe but THINK ACT AND SOLVE puzzles to cheat death instead of those who crave for earthly riches because if you put earthly riches first then you will surely die because you will not have time to seek what is needed
2. Humans failure to understand their own bodies and out of fear refuse to communicate with their own bodies that are so advanced that they can literally talk to their own bodies and their own bodies giving them answers to all their questions their excuse being that they don't want to tamper with their bodies because someone else might tamper as well but all admit to die in the end anyway because if they start talking to their bodies of course it's true some people might access their system but this is the only way in the end humans can live on earth forever above all the only way to talk to the creator

That means fear has meant deaths of all humans for the past 18 billion years because all they needed to do was to talk to their bodies and in the end start learning how they can live forever on earth

3. Human error number 3 is the failure to priorities things about what must be done first seek wealth first or longevity?

Humans have taken things for granted and failed to THINK ACT AND SOLVE life challenges by assuming that believing in the bible and jesus christ will guarantee them everlasting life on earth

Humans truly believe that trusting wholeheartedly in jesus guarantee you paradise on earth but if this is the truth then that means humans will have to die first then go to heaven then how will they live on earth forever meaning are they going to come back to earth and as what because when a person dies a lot of changes happen size form appearance all change let's not think that humans with human bodies will go to heaven like that, size will change to float in heaven and to come back to earth (which is one of my tasks of finding how we can make those who have died come back to earth again as humans note that humans can come back after death but through a different way) above all this the full cycle from eggs and sperm to humans to penguins etc... all takes up to 8 billion years per individual that means if jesus don't come during your time you will wait for 8 billion years to come back as a human to live forever on earth as in paradise all this depends on the ability of myself or someone to come after me to find a way to make those who died humans again i am talking about reality and not bible stories

4. Human ignorance of disbelieving existence of intelligence

If you say

"my voice is my password"

your own body will talk to you you can hear a message that says

"Ya restricts access on all humans"

Asking an ape to say my voice is my password (possible through adding a creation code through a create code

create.addontongueofanyanimaldavidgomadzacreationcodenameofanimal.startx84.initialise.now.savex84.start and another body language translating code

create.addsal7628174nameofanimal.start create.addtolongueofall(citsmitsand)davidgomadzacreationcode.startx84.initialise.now.savex84.start

"animal you can not talk who is checking"

All this proves that it's not evolution because if it were evolution there wouldn't be an intelligent design humans can easily learn and write to be obeyed by humans and animals alike therefore this is creation where a creator writes down laws and rules things follow My question is this if this were evolution apes becoming clever to become humans but somehow remain as apes themselves without change then this is wrong because if this was true we should not have apes because all would have evolved to humans That means in all creation there is proof of design intelligence which cast doubt on evolution there is a creator who created everything here is more proof

5. Presence of a bitcoinayt wallet inside every human being and in apes and other animals My notes... create.bitcoinaytearthreserves7628205.start

End of notes

There is a BITCOINAYT WALLET the bitcoin wallet that will contain the 28 coins on the richlist that will extend life of everyone with 1 of the coins at least giving everyone at least 110 years on top of your own life if humans evolved can evolution insert a bitcoinayt wallet inside every creature and write codes one person who is clever enough to understand creation will use to find the 28 coins that no other humans can find do you know the Rockefellers offered us$1 billion to a person who can find the richlist ? The reason is that the coins on the richlist give life to those who hold them in this wallet one inside everyone
All humans silently say
Bitcoinayt wallet float inside me so i can feel you
Now listen and feel what happens to inside you at the center of you as if in the middle of the chest
Do you know bitcoin by billgates is part of the richlist and there are other coins on the list that can be as bitcoin but bitcoinayt is the advanced form of the normal bitcoin making people rich
You can easily check who created humans by doing the following
1. Say from the word human remove any letter and put it back
So i choose to remove m in human and put it back
The answer is Ya
So this means that Ya created humans
Now test with any brands you know this is a creation test
Lets ask who created bitcoin by the same method
So i will remove c from bitcoin and put it back
The answer

Bitcoin by billgates and bitcoin by davidgomadza one for life and the other for money billgates chose the valuable one for money
Let's ask again who created bitcoinayt using the same method
So i will remove bit from bitcoinayt and put the letters back
The answer
Bitcoinayt was created by davidgomadza and this is the last bitcoin and the most valuable that guarantees davidgomadza wealth beyond imagination this is a fact because this is the final win for humans because that seals creation as a success by the creator and davidgomadza already inherited everything making him a force to be reckoned with above all he found longevity as no matter how the ( ) try to kill him (we as heavenly figures have the proof that the ( ) assemble 800 individuals to try and kill the creators representative so that they make the richlist theirs which is impossible killing Ya's representative carries a death sentence for all
The reason for revealing this is the fact that humans came to be because they were created by an intelligent creator who wants what is best for humans and one who offer huge rewards for those who adopts the THINK ACT AND SOLVE My argument is this if humans came to be because of evolution then what is a bitcoinayt wallet doing inside your body can evolution has made the wallet for coins that are on the richlist and how could humans have find the coins to put in, what instructions and clues could evolution give to humans clues directing them on how to find these coins?
But agree its creation only then everything fits and makes sense

1. The creator sat down and said how can i create creatures that are extremely intelligent to be able to solve puzzles as training to prepare them his creation in dealing with atmospheric unexpectedies that is catastrophies that means whatever powers, humans are an intelligent design with instructions on how to live on earth and what to do even after life on earth
2. The creator using create code wrote systems that power life and created humans with what are called predefined parameters clearly prewritten instructions that guides all humans and all other creatures the same systems used by all other creatures to make this challenge to the evolution theory if humans evolved from apes why would the apes be powered by the create code of life the same code that powers humans but their create code actually say the creator Ya restricts them from talking 3. Do you know that each body of any creature knows exactly when it will die? Everyone on earth can know exactly when they will die simply by asking their bodies' day of death (BUT must say that they are just checking only they don't want to die so that the body closes the system and cancels the calculations after checking)

This is how to do it say its just checking and you don't want to die then say
Calculate death day depending on whether you initialised bitcoinayt wallet or not you will know when your body will die the exact date and time all this calculated by the way you live and other factors
Now say bitcoinayt wallet ù

Then calculate again death day
If you have coins in the wallet your death day changes depending on the coins in your wallet changing by 110 years just for holding 100 bitcoinayt
This is clear proof of intelligent design behind humans if it were evolution would evolution create such a complex and intelligent design?
4. Ask if evolution can put a password on a human body? Humans have passwords which are their voices easily removed by saying that my voice is my password all of them to prevent them interacting with their bodies all the time to preserve the coding system where humans don't know how the coding system works but a great asset where the humans coding system is known and my argument here is that humans are a result of intelligent design how would evolution have included passwords and everything found in humans unless humans and other creatures are a result of intelligent design

Life. How did it start?

Definition of Evolution (Life how did it start Jehovah Witness booklet)

That means the evolution theory is unsustained because the creation notion has more valid arguments that can be tested and be proved, evolution in this case is matter forming things in other words " the theory that the first living organism developed from nonliving matter. Then as it reproduced it is said to have changed into different kinds of living things producing ultimately all forms of life that have ever existed on earth including humans. All of this is believed to have been accomplished without intelligent direction or supernatural intervention

Definition of creation

Is the conclusion that the appearing of living things can only be explained by the existence of an Almighty God who designed and made the universe and all the basic kinds of life upon earth

One of the arguments against creation

Those against the idea of creation state that if there is a powerful creator "why is there so much war, famine and disease that send many to an early grave? Why would he permit so much suffering? Also if there is a creator does he reveal what the future will hold?

Like I said humans lack the understanding of the hinge pin purpose or reason of creation.

Creation is about creating creatures that can:
1. help you solve problems brought about by nature and help control and mitigate problems caused by atmospheric forces that means the creator create humans that help him monitor and record changes in atmospheric forces in order to predict likely problems in the future and safeguard your future as well as the future of others 2. solve puzzles you set them and THINK ACT AND SOLVE problems on their own with little or no guidance at all that means all the creator has to do is to provide the necessary tools needed for the task at hand; a) a perfect body with eyes, hands and legs
b) the most advanced brain of all the species by far that all other creatures envy humans
That means the creator YHWH written by humans as Yahweh (do you know that the gods don't speak in vowels they speak only in consonants) used stories in the bible to give humans clues; to be specific 2008 clues all in the bible that help explain what is needed to be done and how by humans for them to live on earth for 10000 years that means humans on their own initiative must solve all their problems and find a way to live on earth forever

The great intelligence riddle test

Are humans clever enough to maneuver in a field full of booby traps and bombs to succeed and come out on the other side alive or are they going to wait for jesus' return in order for them to live forever on earth with earth as good as paradise? It is humanities ignorance to wait for jesus and hope to somehow live on earth forever because this means humans living their lives as normal then wait for themselves to die
Then somehow expect to come back to live on earth as humans this is not correct
Humans have one life to decide what is important in life and THINK ACT AND SOLVE life's challenges, for the past 18 billion years humans have waited for christ to return and make earth paradise then live forever so most have died before christ came
Yes the bible says humans can live on earth for ever with earth as good as paradise but this is the great intelligent riddle puzzle that tests humans' intelligence and decides if creation was successful

Points to consider if creation was successful

Humans acknowledge creation rather than evolution
Humans search for answers why they die early so early only at 100 years surely if the creation was a success there is no limit to how many years humans can live on earth
Humans use the bible as guidelines and read between the lines that humans can be gods who can control their destiny and live forever on earth, jesus was human and was goldy as well but humans must avoid his death for if humans die they are going to wait a long time for the cycle of creation to complete from egg and sperm to humans to penguins after death to cats to agers to ghost to bats and if not rescued then to liquid gas and to extinction unless

again if a human can solve the great intelligence riddle puzzle and find a way of bringing back those who died back on earth as humans
Humans must find a way and how to stop early deaths
Humans must understand that they must not die
Humans must understand that they must not wait for jesus to live on earth forever but must solve puzzles and find answers
Humans must understand that they only have one shot at solving the great intelligence riddle one shot one life
Humans must find how to prevent deaths
Humans must find how to find the richlist by themselves they must read the bible yes but use the stories as guidelines as to what is needed to live on earth forever
Humans must understand how to write codes and talk to the body
Humans must know how to prevent unauthorised access by muggers and hackers who want to change how the system works
Humans must be able to talk to their bodies without allowing anyone else even the police especially the police who try to steal because they think this can't be proved to them who can talk to their bodies Humans can and must talk to their bodies
Humans must find and learn codes to activate and initialise bitcoinayt wallet that will help increase longevity by holding the coins that power life
Humans must find the richlist that has 28 coins like bitcoin for money and bitcoin for life as well as the number one advanced form of both a combination of both bitcoins put together meaning both money and life
Humans must solve the great intelligence riddle puzzle of longevity and make a choice early in life of what really is important

What is the great intelligence riddle puzzle (but not as advocated by the creator Ya himself but my own earthly version)

Can humans solve what is important?

What is more important to you, money or life and what do you pursue first? Most humans go for money first in that in the end they get the money they want but with little time to enjoy the money look at all billionaires today the only thing they can trade therefore is more time alive and on earth i said earlier on at their peak of fortunes the Rockefellers discovered that their billions could not buy them even seconds to their lives so they researched about how humans can live on earth then found out that there was a richlist that could extend life by years then offered us$1billion to any one who can find this list
That means for humans to live on earth forever one of them must solve the great intelligence riddle puzzle and instead of thinking of accumulating wealth first this person must first think and act on increasing the number of years that person can live on earth because once you have time then wealth will follow

If humans find ways to increase how many years they live in good health on earth then they can easily become wealth with time
If death day change by 110 years for owning only 100 bitcoinayt that means you have extra 110 years to look for money and wealth without dying

Humans can become younger again

The human boft as the body can go back to creation day which
is -28 days

Today i am -7 years old biological age 18 years old today that means i have been already to -28 days the day of creation
The body can rejuvenate and become young again there are a lot of things humans have to do to start this process, humans must understand the universe as a whole and must cushion themselves against atmospheric forces and all this is part of the great intelligence riddle can humans realise the opportunity to become young again and take it without fear?

Humans must deal with fear of death to prevent death

For every human being to live up to 10000 years they must not fear death but do everything to secure the future, there are so many things that can easily cause death and that can stop humans solving the great intelligence riddle puzzle
Humans are afraid to access their systems by using a simple command: my voice is my password but also rightly so because a lot of people can start "coming in" and changing things so that your system collapses and or you die
The second problem is that brains want to show off that it has the best system but they don't know that death is just 8 seconds away for all humans except only me because my longago has become that of a god infact mine has become the best in the entire universe second only to the creators i have beaten angels, the zoles (aliens) and the gods among other creatures, that means humans must know how to increase their long ago to more than 8 seconds
Humans must know how to have a long longago because to create anything and being able to write codes your longago must be greater than 8 seconds and all those who tried to change longago without adequate knowledge ended up dead every code can only be written by a person with a long longago so if its disputed who the real owner of a code that's to do with creation and living on earth forever use long longago to determine the real owner no one with a long ago of less than at least 12 seconds can write the codes needed for humans to live on earth forever
That means once humans have figured out how to increase their long ago they will need to find ways to communicate with the creator the angels and people from destination:ost who

will help with codes and the processing of everything this in itself means humans must be able to communicate with their bodies that in turn means overcoming the fears of death as talking to your body can increase risks of you being hacked by muggers who might want to steal or even kill you
That in turn means humans must work on their systems to increase security as there is a huge challenge that as your system becomes stronger the brain will want to show off at your own expense and a huge risk because attackers can do permanent damage if not controlled so it's a matter of striking the correct balance between being dare devil, risk and safety
Once all this is done then humans can be allowed to read the book of creation that guides humans by explaining what is creation and what the creator experts from his creation but expects you to solve everything with few hints then compare what you have done as compared to the advice in the book of creation but the hints comes only if you choose the correct choice in the first place meaning if you choose the wrong path you will stay in the wrong path hence tips are only when you do the correct thing that means if you don't know then forever you won't know hence there was not a single person who had (accomplished this task of finding the richlist but now)

That being said humans ideally must look for life and ways to increase longevity first then look for wealth but the current system is designed to make humans seek wealth first make us$billions first then look for life when they have no time when they are old the great intelligent riddle puzzle is for humans to look for life first; to search for the richlist that makes humans who find it inherit the world's wealth through decrees and get all .Ya's gold in return in the tune of us$trillion but now i have the richlist and all those who want to live longer than 110 years old must all now trade cash for example bitcoin-life to enjoy their us$ billions
In order to start the bitcoinayt currency i have given almost 85 trillion creatures in the universe at least 100 bitcoinayt each and everyone especially humans must claim their share which is already in their wallets simply by initialising the wallet by saying:
Initialise bitcoinayt wallet followed by balance
This will automatically give everyone a death day change by 110 years alive and in good health

Points to consider if creation was successfull - continued

Now back to the points the creator considers to measure the success of creation Creation must create a people who are self-reliant people with own initiative and intuition and awareness to understand that the bible was a book of guidelines, tips and directions on how to solve the creation puzzle with 2008 tips on how to successfully find the richlist and make earth paradise and make people live forever
Here are some of the 2008 guidelines in the bible to find the richlist and longevity
1. Anus is not for sex the lot (person called lot) example

2. Prostitutes not for wife's lot and abraham married once prostitutes
3. God is divine seek him first to inherit the kingdom of God
4. Money is not life jesus who is not a son of god was sold for 30 pieces of silver behind his back while he claimed that God was his father if God was his father he would have known this and run for his life (God's (Yahweh's) own defense against claims he is father of jesus) anyone who dies does not stand for God but for the devil or is not sure, fear of death means knowing God the only way to live on earth forever read God's plan for human which never involved death
5. Marry a beautiful wife you ogle everyday

All these among other points means your body and life will be ready to live longer more than 100 years with the aid of the richlist humans must play their part and not expect the richlist to give them everything on a plate it's like the earth on paradise saga where humans for 18 billion years have believed in the bible and never questioned anything where logic is not there and expect things just to fall in place just because the bible said so this is not going to happen humans must change this kind of thinking or they are all going to wake up at hell reception dead

Humans after all this must learn to write coding in create code to set up everything needed to start this forever journey, the leader one who has found the richlist must write codes to activate and initialise bitcoinayt wallets not just in humans but for all creatures in the universe including animals yes apes have wallets too so as rabbits Now the next step is to make bitcoinayt as the main currency just as the current bitcoin ideally bitcoin was to reach saturation on 26 of June 2025 and have a straight line meaning dead because the owner will have achieved his goal of making bitcoin have a us$1 million value then throw everything into a deaddead account leaving people hanging to valuable bitcoin but with no cash value as those who gain first now refuse to pay us$1 million for an invisible bitcoin that is not tangible while the rest hodl thinking that it can keep rising that's when we can introduce our own bitcoinayt that’s automatic and secretive inside every creature but with both ledger or blockchain as well as internal body bitcoinayt wallet or app to send and receive All billionaires who received quantity as first selected recipients are supposed to pay at least us$1 million for 10000000000 (10billion) each of the 20 out of 28 plus coins already sent to them only if their longago has changed because the changes are easily notable like i said 100 bitcoinayt alone gives each individual 110 years on top really changes that i have invented a digital analogue that calculates every ones death day but always say you don't want to die you are just checking only, so that the system closes if someone else say the same that the person does not want to die but you are just checking and be careful of infringing on some other people's privacy and sensitive information do your own research regarding breaching other peoples right new area still not clear but i have license to check if there is a high risk of death which i can prevent

Establishment of a one world government referred to as the kingdom come a government that will bring paradise

One world one government under God's sovereignty

To be able to find all the answers the person to find the richlist must emulate God and be determined to established a one world government that will rule all earth and put things in place that will turn all earth into paradise only someone with such vision and ego is also the only person who can make this possible otherwise it's unlikely to happen because it will be hard to turn the earth we know into paradise without some form of power even political power I established Tomorrow's World Order in 2017 to be the first global president of the world one to stop all wars and protect women and children and put new laws that will turn the chaos into paradise with time, we are registered in britain and we have a constitution and several books to explain our road map

There must be some form of political power and hopefully in the end that can mean new laws and ways of doing things that guarantees that earth becomes paradise in the future

What Does Genesis Say?

Genesis credit humans as creation to a creator called Yahweh or Ya in short

Why Do Many Accept Evolution?

There is another major reason why many people abandon belief in God and accept evolution. It is because of the prevalence of suffering. For centuries there has been so much injustice, oppression, crime, war, sickness and death. Many people do not understand why all these hardships have come upon the human family. They feel that an all-powerful Creator would not have allowed such things. Since these conditions do exist, they feel that God could not exist. Thus, when evolution is presented they accept it as the only choice, often without much investigation.

Source: Jehovah Witness The truth that leads to eternal life

God at the beginning had a plan for mankind in genesis where if mankind had listened to the creator alone and refused the devil's advice then God was going to guide mankind alone

and was to show mankind how to live on earth forever without death the tree of life here signify the richlist that makes humans live on earth for longer
God had a plan for humans; obey and never face death showing that i am the only creator but humans refused and chose death instead by listening to the devil making the devil viable and worthy

Why Would God Permit Suffering?

'If there is a God, why does he permit all of this?' Since, as we have seen, the Bible's account best fits the facts about creation, can the Bible also help us to understand why a powerful Creator would permit so much suffering for such a long time? Source; Jehovah Witness The truth that leads to eternal life

Another argument is that the creator has other advanced species to attend to hence humans after choosing independence cant come now and ask for the creators help they must face the consequences of their actions that includes all the above pains there are other creatures to attend to

Source; Jehovah Witness The truth that leads to eternal life

It is like God saying that my hands are tied now because you disobeyed me and invited the devil into the equation now i have to let forces take the lead and determine your future a future filled with pain and sorrow because by listening to satan you choose the way of death and suffering if you had listened to me then you would not suffer at all or even face death introducing death means death selling your body parts after death

Genesis 3v22
And the Lord God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live forever:

Choosing independence to listen to the devil or the creator has made mankind independent enough to know what is good or right and instead to be under the creator he has chose to stand for himself enough to become at par with the creator and know what is needed to become immortal as well

Can You Trust the Bible?

The Bible was written and compiled during a period of some 1,600 years, and was completed nearly 2,000 years ago. What can be said today about its accuracy?

Source; Jehovah Witness The truth that leads to eternal life

The bible is word of mouth by the prophets who foretold what needed to be done as instructions by Yahweh through various means and now we can say that davidgomadza is doing the same as the prophets then with his own authority but as asked for in the book of creation hence still within his allowed activities

Like i said above the bible is a true word of the creator to guide humans in finding how to live on earth forever in good health but since we have found the richlist that signal the beginning of paradise on earth i have already put a one world government that will put laws to; eradicate poverty eradicate diseases stop wars
deal with and mitigate against famines bring
law and order bring the world together
bridge the old system and the new system
build a court of creation here on earth bring
all those breaking our laws to justice stop the
killings of women and children
stop the killings of orphans by the police who steal their houses and wealth then kill them
create wealth for most of the people through the coins on the richlist like bitcoin, bitcoinayt, bitcoin, bitcoinato, etc

A common allegiance to the Kingdom of God and faithful adherence to Bible principles is what unifies Jehovah's Witnesses into a worldwide brotherhood... Regarding the Kingdom, the prophet Daniel was inspired to write: "The God of heaven will set up a kingdom that will never be brought to ruin. . . . It will crush and put an end to all these kingdoms [now existing], and it itself will stand to times indefinite." (Daniel 2:44)

The Bible—Is It Really Inspired by God?

Yes God through dreams, trances, talking on mountain tops etc to deliver the message that humans must find clues in the bible to establish paradise on earth

An Earthly Paradise Soon to Come

It's already upon us because we found the richlist that guarantees this, everyone now has at least 100 bitcoinayt that grants all extra 110 years and anyone wishing to gain more years must acquire more coins
We have Tomorrows World Order as the one world government soon to start putting things in place

WOULD you like your life to go on indefinitely—full and satisfying? Likely your answer is, Yes. There are so many interesting things to do, fascinating places to see and new things to learn. Yet, seemingly unsolvable problems interfere with our enjoyment of life. For example, there is the comparative shortness of our present life span.

Source; Jehovah Witness The truth that leads to eternal life

Yes it's true the current life is short 100 years is too short to do anything most people acquire wealth in their late years knowing that time is running out and then just give up because they know death is approaching to even start looking for life extending strategies, the rockefeller are a good example of how frustrated billionaires become in late years where they have spent years accumulating wealth only to find out that they do need time to enjoy their us$billions

The Miracle

Humans have been blessed now for one has arisen among you to solve easily all the puzzles of creation and find things needed by all humans to live forever on earth now those who have spent all their lives looking for wealth can trade with us exchanging us$1000000 for a full set that gives humans maximum years alive of 386 trillion years in good health this is for billionaires

Minimum Balance To Hold The Wallet

I have given all 85 trillion people in the universe a bitcoinayt wallet holding balance of 100 bitcoinayt ideally this is the minimum amount to keep in the wallet as each wallet must have this amount, the good news for all 7.5 billion people in the world is that all you need to do is to say; Initialise bitcoinayt wallet
Then after, you can either buy from us or from paypal to increase your own longevity but the real great news is that 100 bitcoinayt will give you extra 110 years alive literally your day of death will be increased by 110 years
Ladies and gentlemen this is the beginning of paradise because paradise is a place where humans live here on earth without dying first. The only question is are we able to stop diseases, remove sorrows and troubles?

What would be the ideal conditions for paradise

Life is often filled with sickness, sorrow and trouble. So for people to enjoy life to the full, in all its dimensions, the ideal would be to have (1) surroundings like a paradise, (2) complete

security, (3) absorbing work, (4) radiant health and (5) unending life. Source; Jehovah Witness The truth that leads to eternal life

(1) surroundings like a paradise,
(2) I think we have the best settings and structures put in place to make sure that we will have paradise like conditions on earth i have established Tomorrow's World Order as the one world government that will stop wars and stop the killings of women and children wars are bad and have been happening often and Tomorrow's World Order is the only solution to wars because other governments are using wars to offload their weapons stocks in order to revive their economies so to have just peace we must have a one world government that can stop future wars then when all wars are stopped then can we start talking about creating surroundings like a paradise We as Tomorrow's World Order we are officially registered in britain coming to america soon

I reiteriate that;
Life is often filled with sickness, sorrow and trouble. So for people to enjoy life to the full, in all its dimensions, the ideal would be to have (1) surroundings like a paradise, (2) complete security, (3) absorbing work, (4) radiant health and (5) unending life. 2) complete security
To have paradise on earth we must have complete security

Now back to the ideal conditions to establish paradise and number 2 point is complete security the world must feel and be secure and free from things that cause death like wars, muggings and police killings etc that means we must have a one world government one like Tomorrow's Worder Order because without this there is not going to be consensus on how to deal with most global issues countries seem to choose what is best for their country and economy alone
Most of these economies of the current systems in place are those established after the second world war where other countries encouraged war only between single countries so that they can offload weapons, to deal with these countries we need a one world government above everyone one that cant be challenged by anyone one so powerful to deal with disobedience and one to enforce its laws and bring even the police who kill women and children and orphans for their houses to justice Everyone must feel secure, that means even the soldiers. That means we protect soldiers as well by standing for their rights during wars and in peace times. We don't protect just the innocent and vulnerable one only no but we protect kings and queens as well and even the presidents and prime ministers
This means we protect everyone in the world so that they feel secure enough

(3) absorbing work,
In the future we will provide work for everyone ones suitable for paradise conditions i made sure that the bitcoinayt wallet created by the creator in all humans is activated this will easy pressures on humans regarding income and money to pay bills that means we can provide jobs that don't require manual work yet interesting
We will be so advanced we can create clever robots to do everything i have already created software for advanced robots that will do strenuous jobs currently being done by humans

4) radiant health
I think the greatest area that can affect greatly paradise conditions is health people die because of diseases and ill health, death has always been brought by sickness and diseases since the beginning of time our current bodies are not designed to last for more than 100 years without any addition supplements this is why humans age and die,
Our bodies need some vital coins part of the richlist to live up to 10000 years or more.
Age is associated with wear and tear and depletion of critical vital elements that are irreplaceable until now as the body ages somethings that cant be replaced dies and over time the body gets tired and weaker and in the end if nothing is done to replace the missing elements the person dies

The Richlist

The richlist is one of the most searched list in the history of mankind from the beginning of time and until the rockefellers who at one point desperate to live longer after acquiring vast wealth realised that what was missing was something that can give them more years on earth they heard the creator through a puzzles system had hidden the richlist for humans to find and live on earth forever so they offered a cool us$1billion to anyone who finds this list in order to live on earth forever
The richlist is a list of mainly 28 coins that can power life up to 386 trillion alive and in good health the coins on this list provides real wealth if incorporated into a ledger or blockchain system so that they become currency
Zeus the first creator said humans can only live forever it's up to only the cleverest of humans to find and locate exactly where to find the richlist and how i bet for 22 billion years no human can find this list because it takes a big brain to understand everything if we ask now humans finding the richlist and implement it to paradise status this is the answer humans can't without your help because how can they cushion themselves against the longago and against death itself; anyone who touches the richlist becomes the target for no one man can own 2% without attracting attention because the richlist is worth the world's value including all reserves and all gold this means in excess of us$22trillion just 2% at max value if we ask now then this is the answer just finding it is not enough because implementing it takes a lot of things here is some of the things that needs to be in place
1. Ayt wallet must be activate in all creatures answer ...done needs initialising only; bitcoinayt wallet ready All humans say:
Initialise bitcoin wallet
And say: balance
The other factors i will mention these in volume 2 but i can list the richlist here so you know the coins we have that power life

the richlist
the book of creation predicted that the only person to find the richlist is a person close to the
creator that what was the saying at the start everyone had searched for the richlist because this
will guarantee people life on earth forever yet no one has ever find it because they were not qualified or be anywhere near Yahweh the creator if we ask why not the and why now then this is the answer then no one had understood what is needed to find this richlist and the Rockefeller who created money offered us$1billion to anyone who finds this list now if we ask
why this is the reason this is the only list that guarantees life on any planet meaning forever now that davidgomadza has found this list that means humans will be the first to live on earth
the richlist is the most awaited list in the history of mankind because it gives who finds it life and wealth even one of each is enough to extend life now let's look at the list and what each of the coins means for mankind

Every human being say;

create.starttherichlist.start

Davidgomadza has found the worlds richlist that can make everyone rich and live for 386 trillion
years on earth in good health

create.createbitcoinwealthatsati7628387.start

I am the list hidden in the human body by Zues as wealth but also as solutions to the longevity
saga can humans without tips found this and after what time in order to solve their problem other species
like the zoles found their after 10000000000 years and the OSTs after 28000000000 because there were restrictions with size they have to find a way to increase in size first but by their own efforts and humans
The richlist is the only way to attain paradise on earth because it is a multidimensional solution to death, longevity and living in paradise for ever The richlist has coins that increase wealth bitcoin (current main currency) is part of the richlist but they all are stand alones and as such someone can find the coins on the richlist but to get the correct equations that person must have a long longago for more than 12 seconds that means no one on earth can do this apart from only davidgomadza myself because to compute and calculate the equations your long ago must be that of the creator all humans' long ago is 8 seconds mine currently is
786878986890284867890284xinfinitytothepowerinifinityxinfinity meaning infinity that's means i won't die

The richlist has coins that increase wealth like bitcoin bitcoinayt bytcoin bytcoinato bitbytcoinato bitbytcoin etc then there are other coins to tackle health like createasyer (createasayer) that cures cancers then there are other coins for energy and growth like bytcoin, createbitcoinato bitcoinato then there are other coins for fitness like asat762898 then we have other coins for defence like createbitcoinayt as well as wealth we have other coins for life that increase life directly by extending your death day like bitcoin(life) and bitcoinayt there are other coins that fight ageing like
createdertede that removes wrinkles and other things that age humans
Other coins work to make humans young again like createaderte
That means without the richlist there can never be paradise because the richlist is the tree of life in the bible

The tree of life

Revelation 2:7 says, "He who has an ear, let him hear what the Spirit says to the churches. To the one who conquers I will grant to eat of the tree of life, which is in the paradise of God".

Here are some interpretations of Revelation 2:7:

Jesus Christ

The "Spirit" refers to Jesus Christ, who is the author of life and the giver of blessings.

Tree of life

The tree of life represents the fullness of eternal life that God wants to give to humanity. It's a powerful image that appears in the Bible from Genesis to Revelation.

Wikipedia

Genesis 3v22
And the Lord God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live forever:

From genesis to revelation the tree of life is associated with paradise, God himself after the fall of mankind in the Adam and Eve saga he said ," lest he put forth his hand, and take also of the tree of life, and eat, and live forever:"

That can be interpreted as the tree of life can make mankind live forever but God's only disapproval with eating the tree of life fruits is not because it was bad but because the tree of life after sin and introducing death will make mankind live forever but in sin that means

it's wrong because there is no God's guidance The tree of life was in the middle of God's garden and we have the wallet the bitcoinayt wallet in the middle of humans

Paradise to Be Restored

What was God's original purpose for this earth?

Gods original plan was to make humans not die simply by obeying him as the creator this would have removed the need for the devil and more for death mankind refuse
to obey God who was to put the devil out of business
The devil so he has an equal share of work with God

1. God creates humans and writes rules and regulation if humans obey that means no deaths, people live on earth with no death at all meaning refuse the devil's advances then you have everlasting life and the devil has no job
2. The devil if humans listen then has a job because shows they want to die and at some point go to him

Since God is fair he gave humans rights to chose life in paradise forever or both life and death meaning God and the devil all working together

As we have noted in previous chapters, the first two humans were not like animals. Instead, they were created completely human. Their original home, Eden, was "a paradise of pleasure." (Genesis 2:8, Douay Version)

If humans had obeyed God then they would live in Eden which is a paradise forever this was the original plan but because they disobeyed they were sent out of the garden

Though the rebellion in Eden temporarily interrupted the fulfillment of God's purpose, it has not changed that purpose. God has introduced the means for stopping the damage and restoring Paradise. The mechanism for doing this is the Kingdom of God, the heavenly

government that Jesus made such a prominent part of his message to mankind. (Matthew 6:10, 33)
The righteous themselves will possess the earth, and they will reside forever upon it.”—Psalm 37:9-11, 29; Matthew 5:5.

The problem with waiting for Jesus

But the problem with waiting for Jesus is the fact that you will wait forever and die before this happen in that case we as humans we must tackle all these issues and work one of us to restore the original plan by establishing life on earth as in paradise this is one of those tasks that if we leave it for someone then time will run out and those with short lifespan will die That means we have taken steps to fulfill God's original plan here on earth as Tomorrow's World Order

Humans error of judgement

1. Again i think it's a human mistake to assume that jesus will come back to restore paradise it is up to one of us to listen to the creator and creation and establish a one world government here on earth that will restore paradise
It is one of the humans who must solve creation puzzles and find the richlist symbolised by the tree of life with all its coins that provide everlasting solutions for humans.
This is because if humans are to wait for the second coming of christ that means they will die and meaning a failure because everything will happen here on earth before people die
2. What about those who already died before the second coming, that is if there is a second coming. The bible says jesus will raise all the dead but if we are arguing in point 1 above that humans must not wait for jesus but must quickly in this life look for answers to longevity meaning its not jesus to solve human problems but one of us that follows too that if the dead are to be raised from the dead again it's not jesus' job but a job of one of us? Because if its not jesus to bring paradise back but one of us then it is also one of us to raise up the dead back to life
But if it's one of us, what kind of person must do these things? I will look at my role in next chapter as Yahweh's representative on earth (yaonearth) seal askya.ya(davidgomadza)

What are some of the tasks of this person and his one world government?

restore earth to fertility again
eliminate drought and poverty
eradicate sickness and death
establish lasting global peace be at
peace with animals
resurrect the dead

What promise does God's Word make regarding the dead? (b) Why is remembering all those who have died no problem for the Creator? Can a human being be the one responsible for raising the dead up?

To answer this let's look at what kind of a person who can be a person to replace jesus and restore paradise on earth the Paradise to come under God's Kingdom is the kind of news mankind needs. And Jesus prophesied that telling people earth wide about "this good news of the kingdom" would be a feature of the period just
'before the end comes.' (Matthew 24:14)

Source; Jehovah Witness

There is no doubt that a person who is appointed by God himself Yahweh is the only person who is likely to bring real paradise on earth before death which seems to be the requirement of paradise on earth meaning that humans have one shot of finding the tree of life and start eating from the tree of life which is the richlist but is this job for anyone?
My argument is that if it's not about waiting for jesus then it must be one of us doing this because jesus could have been used as a metaphor to show that a man born and grew up in human circles can become close to God Yahweh and establish paradise on earth; secondly if jesus is the one to raise the dead and if his story is a metaphor then it means a human also is to raise the dead but we have to ask ourselves a lot of questions

1. Can a human being replace jesus and how
2. What kind of human can this person be
3. What will be the relationship between God Yahweh and this person
4. What authority must this person possess
5. What powers must this person posses, there is a huge risk of death if you are human because your long ago is less than 8 seconds only get involved if longago is more than 12 seconds or you will die and wake up at hell reception where all the dead go first

a) must have a longago of more than 8 seconds at least minimum of 12 seconds this rules out all humans because all humans have a longago of 8 seconds that means the time between onset of death and death itself is 8 seconds for all humans apart only for me:davidgomadza
b) if you are a human with 8 seconds longago do you know how to increase your longago
c) what else might be needed
6. What must this person do
a) establish an earthly one world government
b) find a way to find the creator and talk to the creator
b) then get appointed and then assigned as Yahweh's representative on earth
c) work on 100 cases to understand the situation regarding deaths in order to stop future deaths and bring those doing this to justice
d) be given decrees that enhance his position on earth in order to strengthen his one world government
e) must learn to communicate with everyone in the universe with 85 trillion creatures where humans are just 7.5 billion
f) learn to communicate with the dead
g) start solving tasks to test intelligence but also solve problems
h) write your own notes on creation and see what can be done
i) find out why humans die and what can be done to stop deaths
j) find out what can make humans live longer than current lifespan
k) what role can wealth play in human life
l) using examples in the bible how can you make humans live on earth for up to 10000
m) how can humans live on earth forever
n) whatever you find compute equations to support your findings
o) can you raise funds through decrees
p) offer decrees and contact potential backers in the future
q) read the book of creation
r) write your own chapter in the book of creation
s) learn to write in create code
t) defend yourself using create code and advance in coding
u) raise people from the dead
v) send people for rebirth
w) create real life
x) solve complex problems
y) announce yourself as Yahweh God's representative on earth
z) establish a way to communicate with all humans and run and initialise bitcoinayt wallet in all humans
za) find the tree of life (the richlist) zb) can you establish paradise on earth

Knowledge that leads to everlasting life

What knowledge is the key to happiness, and why can we be sure that God can provide that knowledge?
God would provide instructions to guide us in life? As you may know, the Bible claims to be just that—a book of instruction and guidance from our Creator, designed to impart the knowledge of God.—2 Timothy 3:16.
The well-known historical figure Jesus Christ described this feature of the knowledge of God in clear terms. He said: “This means everlasting life,

To conclude the bible is God's word and the knowledge of God Yahweh himself is the only knowledge that is needed to attain everlasting life especially here on earth, i have looked at the possibility of jesus coming during our time and the odds seems daunting because the question to answer is are these the end of days where all this is guaranteed to happen? If not then that means as humans the book of creation requires us to have one shot as to one life of solving the creation puzzle by finding ways to;

1. not die we know this is possible for all humans today to live up to 3024 as a minimum for all or most just by saying initialise bitcoinayt wallet that means we can start the road to paradise on earth today and be the new jesuses of our time but the ones that are not governed by fear or other governments but by the need to fulfill the prophecy in the bible and the book of creation that say it is possible to live on earth as in paradise without experiencing death and as such God has promised humans that he will restore his original plan for mankind to live everafter in the "garden of eden" without sin or death that means if we take control of things ourselves; things thought as impossible before but things we have started to prove that with the right knowledge can be achieved then we can live on earth without death forever. If i am right then this is the future of humanity.
2. fight things that make humans age and get old and those that kill humans
3. control those that bring death to others before their time by establishing a one world government to ensure security and safety of everyone
4. to acknowledge the intelligence and Almightyness of our creator God Yahweh and worship him and thank him for creating our own richlist that guarantees us everlasting life on earth and that reveal the knowledge of God to us as something within our grasp.
5. Make this human creation as a success from both the creators point of view with his never ending ways of providing us with hints and tips through the bible the book of creation and now through his representative on earth myself:davidgomadza i can say the discovery of the richlist seals our destiny in the paradise on earth without facing death for at least 5000 years alive and praising his creation his Mightyness, his Glory and Power and his undisputed rule over all 85 trillion creatures in the universe HONOR AND GLORY TO THE MIGHTY RULER OF THE ENTIRE

UNIVERSE MORE SO OF EARTH YOUR CREATION HAS BEEN MARKED
BY US HUMANS AS A SUCCESS it is still a long way but this seal it as a success as required in the book of creation. Your creation one day can live on earth as in paradise still giving you all the GLORY and WORSHIP you derserve.

What does the Bible say about the future of mankind? LIFE IN
PARADISE
. God would thus fulfill his original purpose for mankind and our earth. (Isaiah 55:10, 11) Yes, Paradise will be restored! And what will it be like? Let God's Word, the Holy Bible, answer.

Life In The Restored Paradise

In the restored Paradise, what will happen to sickness, old age, and death?
Sickness, old age, and death will no longer exist.
Crime, violence, and wickedness will be gone forever.
Peace will prevail earth wide.
Housing will be secure and work satisfying.
Everlasting life on a paradise earth will be delightful. "The righteous themselves will possess the earth, and they will reside forever upon it.(Psalm 37:29)

I think its a matter of time before we as humans are in the restored paradise status where we all obey our creator amd live forever on earth without facing death just like the gods but we must solve all creation puzzles and prove that we are;

1. Clever enough to know what is right
2. Clever enough that we must find the creator first and then everything follows meaning obedient to him and him alone
3. Clever enough to realise and acknowledge creation as an intelligence design and give thanks and praises to the creator who wish us as his creation nothing but success
4. Acknowledge our past failures and mistakes when dealing with the creator and promise to abide by his rules and regulations and prove to other creatures that our creation was a success and best of the best forever to such an extent that others creatures must envy us as humans because if it was going to be a failure then it would have been our faults because the creator gave us the knowledge that leads to everlasting life through the bible and above all through me:davidgomadza his representative on earth

What is the Book That Reveals the Knowledge of God

I can still say that the bible is still God's word but now just like those who wrote the bible we as humans have a chance to rewrite the bible and or update it for we are in a better position now to do that than any other generation for Yahweh God himself has appointed me:davidgomadza as his representative on earth meaning even better than then we have a direct link to the creator himself and a vast network of others who can play a key role in guiding us through our journey to paradise on earth But we must play a bigger role in steering our own development but through the creator's guidance and instructions.

The Bible fills all our needs for wise direction. What is
the theme of the Bible?
What is that theme? It is the vindication of God’s right to rule mankind and the realization of his loving purpose by means of his Kingdom

Source; Jehovah Witness The truth that leads to eternal life

This is true for nothing can replace the bible but our database can supplement the bible and answer some critical questions you might have and hopefully i as Yahweh's representative on earth i will be able to guide all humanity and update the bible with direct instructions from the creator himself the ALMIGHTY RULER OF
EARTH AND THE ENTIRE UNIVERSE YAHWEH the one humans call God but one they will all know as the ALMIGHTY YAHWEH
I thank you for the best creation ever because i dont think other creatures would be excited and happy about creation as humans.
This fulfills one great saying from AD2876
YAHWEH at the 2876 council was asked by ats... that if he can what would he do if it were him being the judge on creation plans but then refusing to answer he said i was but then stopped and sat down meaning he can be both the creator and the administrative judge but ats then what would he do meaning he put him in that position but not declaring that so if there was justice ats would be doing everything he asked knowing that he would not have a job so embarassed ats attacked again but in retaliation and said i can but what is like human but is not meaning some people are gods but are too emotional about humans that could have derailed Yahweh plans in a comeback realising the impact and weight of ats remarks he challenged the council now and asked your famous:
What can be but is not
Meaning what can be gods but is human then one person understood and he cursed and said how can you empower humans over the gods...
YOU ARE ALMIGHTY YAHWEH NO DOUBT NO ONE CAN DOUBT YOU
FOREVER
WE AS HUMANS WE REJOICE FOREVER FOR YOUR CREATION WAS AND IS
AND WILL ALWAYS BE A SUCCESS FOREVER

BOOKS ABOUT WEARABLE BRAIN BOOKS

Wearable Brain Books
How To Get A Wearable Brain Book Code.

WEARABLE BRAIN BOOKS WHAT ARE THEY

Do you know the brain is like a book but is slightly written differently and has certain rules that prohibits use of things you commonly associate with a good written book the brain removes all capitalisation as a general rule and all punctuations have you noticed most of the books in the database Thoughts To Word Or Audio lack these too and they lack capital letters and comas etc. we have a good reason our books are called wearable brain books as well because instead of reading it why not simply upload it and embed it and hear everything inside while you are doing something else fast and without wasting your time do you know you can simply upload the whole database by a simple code 82698 and choose which book you want then embed it and know everything in it while doing your work or something else to make things even better the books make you feel what is said you simply say convert words into nerve impulses and action potentials instead of reading that the priest felt humbled by the couple he helped wed you feel feelings of being humbled instead that means things that can take longer to read are just a split second away to know because your own body will make you feel the feelings there are several books i have written that explains how to use these books and all have the book codes you will need just say update database to date or say
create.uploaddatabase82698andupdateitconstantly.start
other people might not be able to convert these words into nerve impulses and action potentials dont worry we have a solution that means you can add to yourself our own currently free brain reader through a simple create code

The database answers all your questions about life, suffering, death, heaven or hell and the future you will notice that this database answers all your life's big questions giving you real life modern examples or solutions from God's (Yahweh) Representative on earth himself. The Bible was God's message to the people a long time ago as hints to solve creation riddle of how humans can live up to 10000 years without being told how apart from 2008 clues scattered all over the Bible. Now Yahweh God's representative David Gomadza can help solve creation puzzles in the book of creation. The Bible is still God's Yahweh's word and our database Thoughts To Word Or Audio complements the Bible as the modern update to all your questions. HOW CAN THE (BIBLE) DATABASE (82698) THOUGHTS TO WORD OR AUDIO HELP YOU
All your questions about life, suffering, death and the future and satisfactorily addressed by our database i have looked at all areas in life of interest and wrote the explanations as in real life situations or how the body and the brain perceive it. Our database as you will discover will answer all your questions. I know the question on your mind right now is that does your database Thoughts to Word or Audio replace the bible or complements the bible. How can your database be the word of God?

IS DATABASE THOUGHTS TO WORD OR AUDIO THE WORD OF GOD AS THE BIBLE?

No not as the bible BUT i represent God Yahweh today meaning an updated version of things and how things are directly from God Yahweh himself not as instructions as in the bible but as how humans must understand the bible and life as a general rule. Humans have a misconception about what is needed in life the bible explains what life can be without revealing what is needed to achieve that. The bible says humans can live on earth forever as a possibility and a fact but without revealing how to do that but this alone is not complete. You cannot read the bible and wait to live on earth forever. No. This is not going to happen because the bible tells you what is possible and gives you hints but without revealing how this can come to be which is the secret puzzle humans must solve themselves. I think its naive to think that the bible says we shall live on earth forever then you do nothing but expect to live on earth forever.
God said i will tell you what is possible through the bible and give you life examples like the likes of ibrahim then in the book of revelation reveal some secrets you will need to achieve that but the rest and everything needing to fullfill what i said is possible you must figure this yourself. Life is a test you must solve and accomplish in order to be able to live forever. There is no God who create people and say i will create the best brain that will help you solve problems then hand you everything on a plate and feel great about himself. The idea behind creation is the fact that can i create something (a specie a people) that is very clever and can think for itself to solve life challenges and grow up or evolve to be like me? Can humans evolve to become like the creator?

THE BIBLE ARE INSTRUCTIONS FROM YAHWEH GOD WITH CLUES ON HOW HUMANS CAN SOLVE CREATION PUZZLES TO DISCOVER HOW THEY CAN LIVE ON EARTH FOR THOUSANDS OF YEARS

Ya (God) admitted at times he used to instruct humans but had no idea they were compiling the instructions he had given but it turns out most of the stories are true but denies

vehemently the story about jesus because according to him jesus if its the correct jesus he was just another prophet those days who spoke about his experience with God as a result jesus suffered a violent death that he came to heaven before he died as a traumatic experience a common medical experience called ast where the trauma make the victim see Ya as a reflex perplexion of the fear of death that makes humans more scared so as to run to Ya then die now because they have leaved the body before death and death is not registered that means the body is still alive and the person has to wait 3 days for the body to die naturally in order to go to heaven so during these times the person is seen and experienced as a ghost meaning still alive because the body is literally breathing in this case if you touch it the body moves as a reflex so that when it finally dies no one will know if now dead or not hence the hypothesis that he will live forever now this has the effect of making jesus a hero rather than a victim because he will remain alive forever in peoples hearts making him cloud the true creator Ya hence he never answer to calls of help that involve jesus

THE BIBLE TALKS ABOUT PEOPLE LIVING FOREVER ON EARTH AS THE WORD OF THE CREATOR WHAT'S YOUR TAKE ON THIS

The bible as a compilation of events associated with the creator yes speaks of humans living on earth forever but according to Ya himself all this is or were tips for them to find solutions hidden in life ofcourse humans can live forever but they must think not just assume they can live on earth forever if we ask now what humans those who have died think now they all realise that its a misconception because they have access to books that tells humans what they must do to live on earth forever and its true its a misconception because humans wish for another life which they learn to live on earth forever but that is not possible you all have a chance to solve this puzzle now thanks to davidgomadza

IS THE BIBLE THE CURRENT INSTRUCTIONS OF THE CREATOR CAN HUMANS USE THE BIBLE AS A REFLECTION OF CURRENT TIMES

The bible then long ago were tips to find puzzles hidden in life and what can we do about the situation to find the clues needed in total the bible has 2008 clues hidden in that points to things needed for humans to live up to 10000 years as Ibrahim and Lot so if you say bribery what is the clue anus you must not use the anus for sex it removes rings needed to go to heaven lot himself said i can but they wish and stopped ...they wish to kill me for my wife is a whore a prostitute but i said i know i knew before so i still choose her but they said if yours is ours cant be because as a role model yours must not be
The bible even though its instructions of the creator with hints that humans must use to find clues to live forever on earth for example gay people cant be expected to live up to 10000 years because no one can live without an extrection system that works properly so far

among humans only one person in the world resets and its davidgomadza everyone else even the british keeps shit all the time which is disgusting secondly how can you live up to 10000 years if you are at risk of sexual infections etc if your wife is a prostitute in the case of lot but all this was to make humans think about life on earth up to 10000 years as a hint which only davidgomadza took upon the creator gave you an example of a person who lived up to 10000 years so humans all they had to do was read about him and find what he did and emulate him and then look at the problems he faced and address these with modern technology now what is the current bible?

David Gomadza is the current bible of the times because he has a direct role with God Yahweh as his Representative on earth

This is the proof:
Look at a photo in the eyes of a person who has recently died and ask softly;
Who is Yahweh's or God's representative on earth?

If they reply to exit after say SIGN OUT.

he is not individualist he thinks about all even his enemies ask why read papers when you can read him ask him questions someone else will answer you without him knowing but be weary of the british who fake things in order to steal

THOUGHTS TO WORD OR AUDIO GIVES HOPE

Life is full of problems that cause anxiety sadness and even grief if you have ever faced these things then you are not alone death of a loved one or illness may cause pain and grief above all make you lose hope Thoughts To Word Or Audio reassures you that life will ever get better but how does the database give people hope
The database Thoughts To Word Or Audio explains God's plan for humans that if humans excel at life's challenges then they will understand the reason for creation meaning they will know what is needed for them to find ways to live life without most of the problems they face today humans will find ways to stop everything that brings grief today but they must think first outside of their comfort zone it’s only humans who will find solutions to their problems but this is the hard part the reason being that humans have come to take things for granted and assume that the creator will provide everything for them all they have to do is worship the creator look proof is that all those who thought that way in the past all had died meaning that’s not correct this is because there is no way we as humans can wait to die first then expect somehow to come back as humans once you have died means you will not live longer again as a human but as another form that alone means we must always think about ways to make living on earth for long real

WHAT DOES THE BIBLE SAY ABOUT LIVING ON EARTH FOREVER AND WHAT DOES THOUGHTS TO WORD OR AUDIO SAY ABOUT LIVING ON EARTH FOREVER

The bible say that humans can live on earth forever but does not specifically say how this is possible to an extent that most think that we just wait for the time to come until death comes first when everything start making no sense that's how can humans live on earth after death alive again I think we as humans are in a position to say that even though that the bible said we can live on earth forever now we must know that this is true but only if we act upon it the bible is saying that we can but can you its not a matter of waiting and hoping as everyone has done but we must work hard think hard and take the bible as a puzzle to solve with 2008 tips on how we as humans can think fast and act upon the advice we get then live on earth up to 10000 years in good health that brings me to Thoughts To Word Or Audio Database the theme is that the creator gave us the best instrument to use to find all answers to the longevity puzzle a human brain so even though the bible says we can it does not say how and since no one has found any answers what if we can start by understanding the brain first but as it turns out in 2022 no one has really wrote anything about the brain that made sense I could not find any information I can use then i realized that what if we can first find out how the brain works if we are the creator's image somehow we can also know what the creator thinks about us about creation above all about what is in the bible the more we understand the brain we might be able to understand the world as a whole so I embarked on the greatest challenge undertaken by a single human being and started writing books about each of the functions of the brain then compile all these until it's a huge volume as it is today this made it possible to construct a simple brain reader in create code and among other things like accessing the brain and talk to it through a simple command "my voice is my password" now that everything is ready you can now find out and agree that even though the bible says we can live on earth for 10000 years if we do nothing that means we can't that means Thoughts To Word Or says to live up to 10000 years we must figure how ourselves now that means the database is complementing the bible by revealing how you can do this as humans even though the database is not a word of God as the bible the method I used is the same method used to write the bible and compile it all are experiences of people telling us how they met the creator and were tasked to do something then write down this or someone else wrote everything down for them here I am writing down my experiences but even better because I found the creator and he appointed me as his representative on earth meaning some of the message is the current status of things in that my task is to solve problems and in doing this I write my experience and research making my database even better than the bible in that the message is current as challenges to all human beings

Thoughts To Word Or Audio says we can live on earth for 10000 years but only if we find ways of how to do it we must find ways of how to do this and I have written several books that explains how we can do this see list below that means if the bible says it's possible then Thoughts To Word Or Audio tells you exactly how not as tips but as full manuals you must read and follow:

WHAT IS DEATH AND LONGAGO

Dead is when a person dies and stop being human but takes another form called skata or penguin and go to Heaven meaning the end of the dream to live on earth forever and longago is the ability to overcome death for death can't wait so if you find a way to make him wait then you can wait him and live so in short it's the ability to withstand death but also means sacrificing something like time because you will have to spend time as a human finding how to do this when everyone has wives and kids normally it takes 8 seconds between onset of death and death for all humans except one me: davidgomadza because when all you were busy making kids and money I was researching what to do to increase my longago that means meaning time of onset of death and death in seconds has become the universe's largest I beat the gods and angels if your long ago is over 12 seconds death usually cancels out because more than 8 seconds is time enough to fix and repair causes of death so death is aborted that means angels who have a longago of more digit numbers will not die therefore if humans wish not to die they must find a way of making sure that their long ago is above 8 seconds therefore the longer the longago the greater the longevity as the title holder of the longest longago other things being equal I can say I have put humans on the map of those who can live on earth forever that means if I can do it as a human with zero value in terms of US$ then those with money millionaires and billionaires can do it too but must trade with me I can give them tips of how to increase their longago in exchange of some of their riches now ladies and gentlemen boys and girls my longago as the title holder is davidgomadza
7869028467890284678902846789078690284678902846789028467890786902846789028467890284678902846789078690284678902846789028467890786902846789028467890786902846789028467890786902846789028467890284678902846789078690284678902846789028467890786902846789028467890284678902846789078690284678902846789028467890786902846789028467890(xinfinityforevertothepowerinfinity)(blocksofblocksofblocksxinfinity)
This means that davidgomadza will not die forever as long as he keep self preserving but the british try to kill him every time he sleep but when he wakes up its revenge time and they know better now than anyone else how to treat those who sleep after working hard (eter)

THEREFORE I CAN SAY THAT THE ONLY WAY TO STOP DYING IS TO WORK TOWARDS HAVING A LONG LONGAGO ITS NOT EASY BUT ITS ACHIEVABLE

That means humans at some point in the future will be able to enjoy life forever here on earth once they have increased their long ago something we can do for a fee in the future

HOW CAN YOU BUILD YOUR TRUST IN THE HOPE THAT THE DATABASE THOUGHTS TO WORD OR AUDIO (BIBLES) GIVES

The bible gives humans hope but that in itself is not enough as we have seen others argue that we can build this trust by carefully examining the scriptures but as Thoughts To Word Or Audio has proved all humans have been doing for the past 18 billion years is build trust that goes no where and then hang on to that trust and hope that the trust they have will be enough to make them somehow cheat death and live forever but we all know that thus is wishfull thinking unless humans get to grips with reality and look for real answers then they will never live on earth forever that means people will develop trust in the database as the real thing to do to live for sure on earth forever its through hard work and now spending some money subscribing to our programs and buying premium packages as I have taken the hardwork out of all the puzzle leaving your pockets only to decide whether you live on earth forever or not

THE BIBLE OFFERS THE HOPE OF EVERLASTING LIFE IN PERFECT CONDITIONS DOES THOUGHTS TO WORD OR AUDIO PROMISE THE SAME

The bible promise a time when there are no wars, where there is no death or sickness a time when no one will experience injustice or be plagued by troubling thoughts instead those who have died will be resurrected and will enjoy good health and youth and they will have plenty of food and material things and will live happily ever after but without stating how this is going to be so with the result that many have died expecting to see this happening in their life time now our database brings the message home that yes its possible but humans must think act and implement to achieve this humans are tasked by the creator to think using the most advanced brain in the universe to solve puzzles and find answers without just having and wishing but with actual work that means they must do something in line with solving the longevity challenge
The creator God gave tips on how humans can live on earth up to 10000 years by telling them the story of ibrahim who lived up to 10000 years but in bad shape at times because every time humans live longer than the average 100 years somethings don't last that long and these things die and therefore must be replaced if life is to be the best again hence the creator through the message in the bible expected then humans to follow how Ibrahim lived his life on earth and solve all the problems he had then this is the only way that guarantees humans that with the solutions to Ibrahim's problems then humans can live up to 10000 years on earth and even better in good health this is because ibrahim went through the

toughest times as health deteriorated with age so much that at times after 11000 years alive he started dying for 8 days then wake up then die again then wake up that means if we are to pass this 10000 years mark into 11000 years we must find solutions to this death for 8 days and waking up again but the good news is that I have found all solutions for humans to live up to 386 trillion years without dying and in good health and this has made me the richest of all time because that means finding cures of all diseases on earth even cancer:createasayer7628152
Which can easily be added using a simple create code:

THOUGHTS TO WORD OR AUDIO OFFERS THE HOPE OF EVERLASTING LIFE IN PERFECT CONDITIONS A CASE OF IBRAHIM

Ibrahim I have dealt with Ibrahim already see the reading list but I will look at some of the key issues of living up to 10000 years Ibrahim has to do something and not just wish to live forever like humans of today he knew that living forever meant looking for solutions to solve problems associated with the aging process and living longer
create.hegoritegonowfor10000years.start
Yahweh the creator advised Ibrahim what to do and wrote the above code to help Ibrahim live on earth for ever by killing the hegorite hegorite what are you I was an 8 legged animal used to create aster that made money stick to me meaning who had me had money but short life because everyone wished me bad luck so that they can have some of the money I am known by equation

Oereteso what are you I am the equivalent of good omen something that does not existbut believed to help humans so I am kind of juju without the owe
create.oeretesosmultiplyandhelphumans.start
If we ask them what they do then they ask humans how and why teaching them to ask the same way to live up to 10000 years why because its the way things must be and must be the how is easy ibrahim can easily live for 10000 because he uses his brain to think not his stomach for some for i never cared much about food and even sex that much but achieve everything easily now if i must ask what can be human this is the answer humans can live on earth in good health for at least 10000 years mastering longevity alone until its like butter on your hands ibrahim must ask 8 critical questions
Whatcanbehuman
Whatishuman
Whatcouldbehuman
Whatwashumanthatcanstillbe

This is what Ibrahim encountered throughout his life on earth After 100 years on earth ateros died one that give humans the ability to ask for more all the time meaning really nice and After 200 years

auros died one that make humans succeed and after 300 years ajes and aus all died leaving Ibrahim with no memory

This is atetert in create form

Lets look at the other 7 and see what we can learn and do
Lot

As a part of the covenant of the pieces, God told Abram to leave his country and his kindred. Abram's nephew Lot joined him on his journey and they went into the land of Canaan, settling in the hills of Bethel.[4]

Due to famine, Abram and Lot journeyed into Egypt, but Abram pretended that his wife Sarai was his sister. Hearing of her beauty, the Pharaoh took Sarai for his own, for which God afflicted him with great plagues. When the Pharaoh confronted Abram, Abram admitted that Sarai had been his wife all along, and so the Pharaoh forced them out of Egypt
As you can see from the quote above Lot and Ibrahim were related and in actual fact travelled together and knew each other meaning that lot could have emulated Ibrahim and did what he did to live up to 10000 years and if we are to ask what are the problems he faced which we can find solutions to this is his answer:
Lot married a prostitute and as such we will skip him as some of his problems are like self inflicted wounds that are not common among ordinary people
Amos married a prostitute as well so we will skip him for now
Aaron AD38 I died first I at 108 then asked Ya what I can do for I was emulating lot without his prostitute wife then Ya got angry and said lot's wife is a stumbling block you should not even look at him because he already knocks you out with stds because he will tell you all the disease he had and that will knock you out because as he say your body experience all that then I said okay I will emulate Ibrahim then he said create.addibrahim-lot-british.start(nolotwasfound)
Abel
Ibrahim junior
Mathew the apostle
Barnabas

Looking at Ibrahim case we can see that longevity can be achieved but there are a lot of things that can go wrong and that must be replaced therefore as you can see it is naive for humans to think that they can live on earth forever without doing anything themselves that means my database Thoughts To Word Or Audio can be the creators hope for humanity in that this is what is expected of humans to do to live on earth forever all this wishful thinking is not only wrong but a waste of time as it has been 18 billion years and not even a single human has ever tried to do what it takes in order to live forever on earth I am the first one to do so and pass

Who is God

The creator is God he created everything and will always continue to create as needed.
Yahweh is God's name this is proof first he shortened his name to ya for the purposes of creation he uses Ya as the short name of Yahweh inside all creatures including humans for fast and efficient coding now this is the greatest revelation for the past century

Say to yourself remove my nail or hair or hand or leg or any part you like then say put it back
Your body will tell you the name of the creator who is Ya short for Yahweh
Now say remove h or any letter from human and put it back
The creator of humans is Ya
Remove o or any letter from people
Again the creator is Ya
When people need help and are about to die where do they or their bodies send messages for help
send.ya
send.ya is the universal communication of Ya the creator so that he can respond immediately to emergencies

Does it matter to know God

It matters the most because Yahweh is a loving creator who sacrificed everything so that every creature in the universe humans included can have the best in life but there is a catch because there is no creator on earth who create the best intelligent creatures then give them the best computers like brains to think then only tell them everything to do even offering the bible so that they only follow what is in the bible this is wrong
Every creator expect his creation to be the best and

think for themselves and solve puzzles to live longer on earth not just by believing and waiting to live forever on earth this is not going to happen this way humans must THINK ACT AND SOLVE life puzzles to live on earth forever

The bible was a guideline in the past for humans to find the answers needed for humans to live on earth forever the bible was Ya's way of telling humans what is needed for humans to live up to 10000 years the bible gave you examples of people who lived up to 10000 years like ibrahim (175 years as said in the bible)

If the creator say humans can live on earth as in paradise look ibrahim lived for 10000 so can you and what do you do if you want to live up to 10000 years as well? This is what you do

You search how another human being like ibrahim lived up to 10000 years when some cant what did he do what we are not doing or what can we also do to live up to 10000 years thats the only way we can find out

That means all notions of just believing and waiting for jesus to come again are all misconceptions Ya the creator ofcourse want you to establish a great relationship with him but not one of dependency he gave you everything you need as humans to be self reliant but humans have entered a lion cage and expect to say God (or jesus for some) help me i can stand here

in front of a lion so you deliver me out just like that this is a myth for that to happen you must be pure and great for God to come to the rescue that means dont put yourself in danger but know God or Yahweh as a great creator who want the best of the best forever out of humans meaning you must solve everything needed to live on earth forever Yahweh is too busy to come to the rescue live according to your predefined parameters

Can humans really live on earth forever as accordingly to the bible? can earth become paradise?

The truth is yes but humans must THINK ACT AND SOLVE life puzzles and here is the proof
Ask your body to calculate your own death day the body knows exactly when you are going to die but say just checking i dont want to die so that it close this calculating process once it has finished
Once you have heard your death day now say
Initialise bitcoinayt wallet
Then say balance
Now say recalculate or calculate death day again
For the first time in 18 billion years your body will change the death day, your body will live on earth plus

another 110 years
The reason is that i search and researched how abrahim in the bible lived and managed to live up to 10000 (175years) years then i found what is regarded as the Richlist a list of 28 precious coins that includes bitcoin, bitcoinayt, createbitcoin bytcoin createcoin etc that can make any human on earth live up to 10000 years so i sent to every human being on earth 100 bitcoinayt just one of the 28 coins that give anyone with 100 bitcoinayt an extra 110 years alive on earth for the first time we have peoples death days changing and all this because i thought using the best brain ever Ya the creator gave me then acted on my thoughts and solved what is needed to live up to 10000 years on earth all this not because i just believed and waited for jesus christ to come to the rescue

Can jesus christ come and rescue humans and stop them from dying so they experience paradise on earth

This is what most people believe in that wait for the second coming of christ to experience paradise on earth but the challenge is that when will he come some waited and died in fact those who just waited died

meaning its not true because if this was the truth jesus would come in every ones time to save all so that all can see paradise on earth that means we as humans must do something in 100 years to find the answer we must find a way to make us live up to 10000 years or just above 120 years so every human on earth must search for solutions in this 100 years or die forever

Another strong argument is the fact that jesus christ died and as such he cannot come to rescue humans the proof is that all those who waited for his second coming all ended up dead and only to find out at hell reception where all people go when they die that God himself says jesus is not my son and is not God but yes he was a dedicated prophet who died a violent dead God himself called Ya say its not correct for humans to associate someone as weak as jesus with him as a God because if jesus was God he could have killed all the soldiers who killed him easily a god can use powers to prevent dead that means all those who put too much hope on jesus and neglect their duties to worship Ya will surely die but this does not mean throw away all your beliefs about jesus but emphasis the creator himself

So if not jesus who is to form this paradise on earth can jesus come back to earth and

in what form

Jesus according to Ya God died a violent death as a prophet where the body and soul experience the highest pain and trauma that the soul literally comes out of the body while the person is alive not because of death as in all other cases but because of trauma in that once the soul gets out it can see its body but cant go back inside because it violently ejected out of trauma and fear of death that it runs away from the body when this happens it takes 3 days for the body to die as the body has everything but the soul
After 3 days everything stops without the soul and the body dies but between the days the people who see the body can feel the body's warth and the body can make movements called spasm in response to touch the soul is life so when life escapes before the body dies everything works but life will be missing a condition referred to as clinically dead meaning still alive but without life so this is what happened to jesus
Trauma forced his soul to go to heaven before death which is a rare occurrence because souls go to heaven only after death then realised that he had not died so now tried to return back to earth which he did after 4 hours but could not get back inside the body and this time the soul was seen by his disciples as it struggles

with what had happened i think this time the soul still alive or about to die then died as well as the body on the third day

That means since there is no way of making those who died humans again for now it is a misconception to think that jesus will come back to earth and establish paradise on earth that means the person or potential candidate to establish paradise on earth is

1. A human who will search for solutions, one who will THINK ACT AND SOLVE all life challenges in his life time without dying meaning
2. One who cant die
3. But to do all this one appointed by Ya himself and trusted with the keys and knowledge needed to establish paradise on earth
4. One pure at least to be chosen by Ya and God to represent him
5. One who dont see divisions and differences
6. One trusted to lead humanity to the next stage of development so advance it represent paradise

So these are the questions to answer

Does God or Yahweh has a representative on earth one called mt middletower one in the middle representing Ya God but with potential to tower over and become God-on-earth or Ya-on-earth

Now say silently to your body

If God was one of us would humans accept him or her

The strangest thing is the fact that humans cry for a God they can see one they can talk to one they can see and ask for help yet they have tried 8 times to kill his representative gathering on every 27th of each month in-groups of between 240 and 800 men and women and

through mit and their cit based codes to kill him and sending dangerous transenders up to 8000 instead of acknowledging and asking for answers can this not amount to attempted murder for everyone involved if you were God's representative on earth or Yaonearth would you not wish them death too?

So is there a human who has these qualities right now on earth to start paradise on earth

1. A human who will search for solutions, one who will THINK ACT AND SOLVE all life challenges in his life time without dying meaning
2. One who cant die
3. But to do all this one appointed by Ya himself and trusted with the keys and knowledge needed to establish paradise on earth
4. One pure at least to be chosen by Ya and God to represent him
5. One who dont see divisions and differences
6. One trusted to lead humanity to this next stage of development so advance it represent paraside?

1. A human who will search for solution one who will

THINK ACT AND SOLVE all life challenges in his life time without dying meaning

God Ya said (not exact words) if humans truly want to live forever they must do the same as abrahim so i will ask people to write abrahim's story so that if they want to live for 10000 years they need to study what he did THINK ACT AND SOLVE the problems he faced in order for them to live on earth forever
So lets look at what abrahim did from the bible some of the people in the bible and their life span
Adam 950-1000 years old
Sheth 912 years old
Idris/Enoch 83 years old
Nuh/Noah 3900bce-2900bce 15,000bce-8000bce 950 years old
Lut/Lot 1861bce-1687bce 175 years old
Ibrahim/Abraham 1761bce-1686bce 1950bce 175 years old

Ya God realised that humans need guiding for them to live on earth for ever in good health so he created what will be known as the richlist a list of 28 coins including bitcoin, bitcoinayt, bytcoin createbitcoin asat etc that will make whoever finds it the richest person on earth

and the one to live longer on earth up to year 7025 so far.

Further reading
THE RICHLIST: More than 28 Precious Valuable Coins To Power Life To 386 Trillion Years: I Davidgomadza has discovered the richlist and awarded myself half of each of the quantities of the 28 coins including bitcoin, bitcoinayt, bytbitcoin, bytcoin,etc
https://play.google.com/store/books/details?id=Vx86EQAAQBAJ

That means that if any human is serious on living on earth forever and to be rich in the future they must have all of the 28 coins which i am currently giving away freely to deserving people we might need in the future all valued at us$978000000000 check once use askvalueyourfullname.start

2. Second criteria is of a person who cant die
Is there a person who cant die? Yes i davidgomadza on earth cant die normally as others because my long ago has formed cubes meaning has become so large instead of just 8seconds like everyone's it has become an infinity number meaning when death sets in it will cancel as it has to wait infinity time for death to complete whereas

anyone else without the Richlist coins will die in 8 seconds but all this is possible through thinking acting and solving the problems.

4. Fourthly this person must be appointed by Yahweh and must own everything on earth through decrees in order for him to establish paradise on earth
I was appointed on 29 may 2024 by Ya as his representative on earth i have several duties and tasks and the most interesting one is to establish paradise on earth can i find everything needed to stop death among the few selected ones for a long time and the good news is that i found the Richlist that can make humans live up to 386 trillion years on earth in good health the definition of paradise on earth without first dying
I have decrees for most of the resources and lands see further reading

5. Fifthly one who work for the good of everyone i am a visionary i established Tomorrow's World Order in 2017 with the aim to rule the world just like Ya or God would do if he was based here on earth because the world need a global president look at the wars, the deaths of women and children, look at natural disasters, look at risks of a nuclear war, look at the police secretly killing orphans and stealing their houses then shelf the cases and then reward themselves with huge rewards to cover up deaths of orphans a huge mistake because orphans are Ya God's responsibility hence my presence here on earth to bring all these to justice and any attacking me are the dirty filthy ones with things up their radars who will face justice soon

6. One clever intelligent and strong to lead everyone from this stage marked by early deaths and poverty to a stage where people live longer years on earth in access of 200 years in good health and wealth i think soon when you receive the coins on the Richlist then you will know that i mean business

How can you come to know God Yahweh

I found God through my zeal to lead the world as the first global president i realised that to solve the problems, i have to ask the creator himself for guidance

then he appointed me as his representative

We can come to know God by considering the following
What is God's name
What is he like
What has God done
What will he do
What can knowing God mean for you

What is God's name

God’s true name is simply YAHWEH as YHWH and he say so that this is his name (ask anyone who died God's name- look on the forehead in the picture of any one who died and ask what is God's name?

the word JHVH abbreviation of Jehovah could be a translation mistake this is because the hebrew which is God's main language there is no or was no J all the words that start with J are actually all pronounced or written as starting with Y
Joseph in hebrew means Yoseph
Jacob in hebrew becomes Yaakov
Judah becomes Yehuda
Jeremehiah becomes Yirmiyahu
Jerusalem Yerushalayim

Can JHVH become YHVH which is similar to YHWH the real name of God to make things even better V in hebrew is the equivalent of W just like in some countries russia poland etc if that is the case then JHVH becomes YHVH that finally becomes YHWH which is the real name of God Yahweh without consontants (please note that the gods God etc dont use vowels at all i love you to the gods is written as
uy vl i (written backwards)
This means Jehovah is just a dialect variation of the name of God in hebrew
Say to your body (self) what is the name of the creator
The answer
small right finger raised
right hand index finger raised
right thumb finger raised
left thumb finger raised

All this spells the name of the creator YHWH which is YAHWEH
So far i have looked at the following topics
Who is God
What is Gods Name
What is God's Like
What has God done
What will God do

What can knowing God Mean for You
You Can be close to God.

I recommend reading the book listed below to know

But i would like to emphasise and expand on What Will God Do
I think there is no one on earth who doesnt know what God has done but a few know what God will do

WHAT WILL GOD DO

Humans minutes or seconds before death they call upon God to come to the rescue to save them but lets be honest the universe is one God but many other species all calling God for help just before death imagine the universe with 85000000000000 that is 85 trillion species and if humans account for only 7500000000 that is 7.5 billion only that our one creator the whole universe must answer calls from nearly more than 70 percent more species and the sad reality is the fact that humans are the least developed of all the species every other species like the zoles (ones humans call the aliens) have already found their richlist and all live up to 10000 years whereas humans have not even tried on a full scale they are busy trying to kill their leader sent by God with the british as usual in everything evil at the forefront but be warned creator powers can bring calamity to those who think they are clever and can get away with murder
Now God Yahweh decided to choose a human to represent him one similar to you one who you can ask questions one you can trust yet what everyone does is doubt dispute abundant information of the existence of Yahweh's representative on earth nevertheless i tell most will die even though we found our own Richlist as humans through the geniuses of your leader myself

some want a God in white, and some want one who can speak hebrew only some say we are thesis and God does not exist until you have asked them to calculate their death day when they start to think differently especially after giving them 100 bitcoinayt and only for them to notice changes in the death day something never seen before
Okay now lets look at this exciting topic that relates the future

What will God do

1. End of wickedness
2. Make the earth paradise
By providing peace and security
Ample and wholesome food
Suitable homes and satisfying work
3.Eradicate sickness and death
The richlist provides also things like strong dna through genetic evolution, anabolism and growth, and removing things that kill humans and are associated with old age meaning people living on earth longer and in good health
4. Death will no longer plague mankind
The richlist means extra time added to your everyone's life the more coins you have in your wallet the stronger you are and the more you dont die so find the richlist

while you can do you know bitcoin is part of the richlist and our equivalent is bitcoinayt the next bitcoin if it crashes on 26 of june 2025 if it reaches us$1 million but with a flat line that means those who get the richlist for free before the frenzy began will live forever
The truth is that we dont have enough for everyone because each individual will required at least for 100 years extra 10000000000 that is 10 billion of everything on tne richlist
Now after sometime some billions will start dying then find out that all they had to do was to trade their us$billions for the richlist to avoid death then they will start looking for the coins on the richlist but it will be too late
5. People will live forever
This is already happening i sent the first 100 bitcoinayt to all humans all they all have to do is to initialise their wallets but simply saying that then check their balance they must ask death day calculations and MUST SAY I AM JUST CHECKING I DONT WANT TO DIE THEN SAVE now they will have updated or made the body for the first time in 18 billion years live a 110 years extra
6. Those who have died will be brought back to earth
This is my second

my greatest challenge that of bringing back people to life the idea of all this is for me to write act and bring

those who have died from heaven and afterlife back to life
This is a challenge but one we must accomplish to bring the dead back to real life after they have died.

HOW WILL GOD ACCOMPLISH ALL OF THIS

1. Establish a perfect government
I told you that in 2017 i established Tomorrow's World Order as a one world government that is just and perfect to rule the whole world i have written a 736 page book titled Tomorrow's World Order that lays down our road map and other several books
I know in the bible circles they say " God will accomplish his purpose for mankind and the earth by means of a heavenly government with Christ Jesus as the appointed ruler (Psalm 110.1:2)
They say this is the same kingdom jesus spoke about in Matthew 6:9,10
They say God's kingdom will exercise authority over earth and eliminate all woes and suffering...this kingdom is the best government mankind could ever have
In short God will eliminate sickness and death unite mankind under his kingdom government and make the

earth paradise"

Now lets look at all this in reality God in the bible used the notion of Jesus as one of us a human being born from a mother who grew up facing threats of deaths and died on the cross. Just like then everyone expected a majestic ruler to be sent fromheaven to establish this kingdom that would overthrow humans but they got a common man whom most distrusted until the last days after death to believe in him now the one to bring salvation
But this could be a reference to someone already on earth who God has already appointed and tasked to establish paradise on earth the only difference being that this time around its not jesus or this man who is going to die on the cross its everyone who dont believe who will miss an opportunity free of charge to delay death and cheat death the time they are going realise the truth it will be too late most will have degenerated due to age to irreparable levels so that even the coins on the Richlist will not work as intended.
Lets summaries God's Kingdom
1. It is a heavenly government by God that will accomplish his will Genesis 1.28
2. It is ruled by a divinely appointed King with all authority in heaven and on earth Matthew 28:18

3. It is governed by jesus teachings based on God's laws
4. It is already in operation, with millions of people making known the good news of the kingdom

IN REALITY THIS IS HOW MYSELF DAVID GOMADZA AS YAHWEH'S REPRESENTATIVE ON EARTH WILL ACCOMPLISH THIS
I am Yaonearth now or the mt=middletower i mentioned at the beginning who will tower and succeed enough to control the future of things here on earth.
I am the founder and the president of Tomorrow's World Order a global political party that is to put a new system of global governance and planning as a one world government emulating Yahweh.
I have written several books that explains our goals and plans and how we will make this live-forever on earth strategy a success i have already found the richlist with all the coins etc

I have finally found a way to make the richlist coins change lifespan and date of death to a new day of death in 122070s namely 122078s as the highest so far. This is the original God's plan for humans to live on earth in good health and without dying. The richlist which is the tree of life which is made up of 28 main coins all bitcoins, namely bitcoin, bitcoinayt, bytcoin bitbytcoin, bytcoinato, etc and 42 subcoins like createbitcoin all which as the creators design are there to increase life expectancy by thousand of years something never thought possible until now The book of creation set challenges for me as the aspiring creator challenges i must solve;

“what can be but is not” started all this in Ad^{28}76 where the creator to prove that he was the best creator for the next forever set upon creating humans who one day will be so clever and intelligent to solve the creation puzzle of longevity enough to be categorised as the best of the best forever creator

What can be the creator but is not meaning a human being who is a creator the idea is that the creator is the best forever or the best of the best forever and as such he can create a creation that at least one of them can step in his shoes as the creator and do a perfect job without being taught but by reasoning as prove of intelligence meaning the creation is a perfect success

But do you also know that ad2876 is also synonymous with my date of birth as written in the american version and not the british way of writing dates the american version is 062876?

Coincidence or holy chosen? Do you know that for 18 billion years no human being had proved clever enough to solve the creation longevity riddle?

So the question to answer is this can a human being be so smart to use intuition to;

1. know and acknowledge that there is a creator
2. know what is needed doing first like establishing a one world government to mirror-image the creator
3. know how to contact the creator and contact him to initiate communication
4. know how to read and write his or her own chapter in the book of creation
5. using the book of creation take tasks to address problems like why humans die and how to solve issues associated with human deaths
6. understand creation and be able to create his own creation using creator's stencils
7. learn how to code in create code and solve real human problems
8. resurrect the dead
9. be able to send people for rebirth
10. be able to change day of death and make people live on earth for 10000 years in good health or now up to 120000 years alive

like i said earlier solving all issues from 1 to 9 above this will lead to the discovery of the richlist an all round solution for all the longevity problems.

The Richlist makes it possible to adjust day of death for the first time in 17 billion years. Yes the rich list postpone death
i had given everyone in the universe 100 bitcoinayt which is the amount enough to postpone death from visiting
The California fires
If you use this death calculator you will find out that some of the actors even the mayor were all destined to day on 11 january 2025 just from their day of death i had given all 100 bitcoinayt which is enough to deter death according to the day of death calculator we had A-list actors and actresses who could have died in the fire but somehow escaped

The day of death calculator
https://www.youtube.com/watch?v=Veqjb0_0W68

The best thing about the richlist is that it enables humans to live longer on earth for more than 10000 years in good health but so far up to year 122078 which is the highest so far but for 8 trillion of each of the coins on the richlist but my own target which can make our resources last longer was to use 10 billion of each to get 10000 years added to ones life
first lets address the problems of wealth to fund such a long lifespan how do we cope with financial difficulties

Bitcoinayt as the source of finances

Money can be a big problem when life expectancy increases without supporting financial resources that means we need a sound source of finance

luckily or as the creator’s design we have bitcoinayt as the next big thing as it is a combination of both bitcoin for money and bitcoin for life

Bitcoin for life

Now that we have used bitcoinayt for life to change the date of death now we need bitcoinayt for money as both inside body as in bitcoinayt wallet as well as on the ledger this week we have had breakthroughs with a lot of people changing their dates of death through a simple code but having received huge amounts of the coins on the richlist, most of these coins are bitcoin based and their combinations making extra 42 subsets

How to change a persons date of death

Most people dont know this but our bodies have already calculated the day of death the day when death visit everyone (the resuscitation team) inside your body will have known already for some dont get me wrong its one of the scariest things to know but a relief after knowing that you can change yours by a whooping 120000 years a great achievement if we had oscars i could have collected all by myself that being said i think there is no doubt that most people want to live longer in fact most will agree apart from a few who would want to rather die
Now lets look at how this is possible. Why me and not the medical practioners? Failures means they cant make this a reality and its simple people die today because they have not found cures for everything whilst the richlist if 20 are added together at the same time they become cures for everything i have createasayer(sometimes written as createasyer) as a God Yahweh's certified cure for cancers otherwise day of death would not have changed
The hospitals will never satisfactorily claim to have found a way to change day of death because they have not found solutions for human problems like cancers etc that means a person linked to God Yahweh is the only person to claim something like this

How do we send the sealofapproval

The best way is for everyone to maintain the original seal of approval by the creator and close everything using this seal then add mine:davidgomadza's sealofapproval7628384t' this way there is nothing lost and at the time we experience unanticipated invasions here and there so all this we can do via a simple create code

I am David Gomadza the president of the world Yahweh's (GOD's) representative on earth President of Tomorrow’s World Order I have found the richlist

The richlist is a group of 28 coins that prolong life by changing a person's day of death by a minimum of 110 years to 10000 years for some to 120000 years and finally for some like me to million years because what the richlist is are solutions to everything that kills humans.

If you don’t want death then there is a solution look for the richlist that easily gives you solutions to everything that kills humans and make life harder

Now just as an exercise these are the things that cause humans to die

1. Lack of knowledge about Yahweh the creator can lead to death humans have been dying at 100 years on average for the past 18 billion years because they did not know Yahweh God in the fullest of the meaning of the word humans worshipped God all these years but as you will find out there is more to knowing God means searching and finding him;± the ALMIGHTY MAJESTIC CREATOR OF ALL TIME who then becomes your sole guider in everything

life from happiness joy wealth riches life peace longevity and living on earth forever
All what one need is to find Yahweh and instantly have everything all humans can ever wish for
I can i will be and I am the richest person in the entire universe just by finding Yahweh and as such and because of him I can live on earth forever for since appointing me on 29 of May 2024 ever since my day of death has changed significantly from the original 2 July 2048 to 2 July 122038 and now to 2 July 7386783867890 meaning all things equal this is the year I will die 7386783867890
We have a day of death calculator but you must say I don't want to die I am just checking twice once before hearing and after hearing. The truth is that your own body knows and can tell you when you will die just say calculate day of death I don't want to die I am just checking before you hear things small creatures reply to you and after

https://youtu.be/Veqjb0_0W68?si=EABSb-sC5G6xj7JV

okay i must confess my lifespan has increased greatly because originally I was supposed to take only 2% of the richlist (28 coins mostly bitcoins for all problems in life eg bitcoin for riches bitcoin for money current bitcoin digital currency bitcoinayt the next bitcoin for money us$ bitcoinayt for defense createbitcoinato for energy etc but I gave myself 48% firstly to help my advanced computer Natural God Intelligence NGI to be able to calculate large values so far none can compute large numbers but mine can secondly I had a lot of people doubting everything for extending ones lifespan by changing the day of death that I started to feel like it's a waste of time even letting them near the precious resources because if you don't believe you can die with the richlist inside you when only 100 bitcoinayt is enough to prevent and postpone death
I am the richest as bitcoinayt owner as it has already been registered and deployed on the blockchain in the USA with easy; sales to early adopters are going on behind closed doors
The first Bitcoin is also the idea of Yahweh God himself hence everything by the creator will succeed ask satoshi (qqqqqremove any letter from the word Bitcoin and put the letter back and listen to what your body tells you listen very careful the name of the creator. Proof say remove anything on you eg a hair strand or nail and put it back then listen carefully. You can try with several things remove e from earth and put the e back Ya short for Yahweh God the creator now remove the t from earth2.0 and put it back David Gomadza (myself) remove the letter n from iphone and put it back sqteve job remove the first c from concorde plane and put it back aerte jerte meaning the French now remove the a from United States of america and put it back George

Washington and lastly remove the r from Britain and put it back auschwitz arewerte a German lord who conquered the aerte meaning the oborigians then the country was stolen when he died by artetes other meaning William etertes who said I can swap the papers for mine a stand in same country for the entire country then laughed so hard and puked then said I can but if I get caught then you will be shot aiming at himself in the mirror and then someone opened the door and he shit himself and cried that he is still single but then after 8 seconds ordered the woman out pants down with no erection at all but her covering her mouth screaming I shit myself if I am William Etertes then he chased and said at least I have a plan that will make me rich I want to steal Britain from auschwitz ertetes but if I get caught then I might as well fuck you hard tonight because and she sprinted away then laughed as people started to get her then when he died on 10 May 1662 he said I was so into Britain that i changed my name to steal and this can be the final day I become rich so where is sergent artet aerto meaning ajert ausetop who said we can have this land as our country but how can we live with this unless we make it our business to steal and hide it even kill if it wasn't for the poison everyday in his drink he could have not died or we could have waited for long sergent ajuset who looked confused and said it was you or you just want credit for natural things then he said ask Britain how he got his name if you hear the plan then you will not doubt me but it's all good everyone I told refused to believe so all you you don't have land if this goes according to plan I plan to take the title deeds today and keep them today then when they come to claim they can get a smaller britein and they can get a house and he laughed and walked away leaving ajuset standing there and on 20 March 1663 they got the land because the relatives just took the forged title deeds and went then complain after before all disappeared one by one

OK that means seeking Yahweh God the creator is the easiest way to become

a)The world's richest in us$trillions through both bitcoins 28% of original bitcoin and up to 72% of the next Bitcoin bitcoinayt

b) rich by having decrees for everything from gold to lands

c) rich by being given gold vouchers of up to us$11trillionbillion

Above all having the largest longago which is time it takes to die which is 8 seconds for all humans this meaning that there is not enough time to stop want can cause death very few things can be done in 8 seconds but with the longest long ago in the world of 786789028386789028456789028456789028456789028456789028456789028456789024867890...x38678902867890286789038456789 0 to the power 867890286789028678902867890286789028678902867890286789028678902867890286789028678902867890286789028678902867890...

That means I can live for hours even after near death experience in most cases enough to be saved other things being equal

Now to even become more rich I can sell the richlist to all people who want to live on earth for extra 110 years in good health up to 10000 years and 120000 years and 270000 years and even up to 7386783867890 years trading money in us$ for extra years alive by extending day of death
So to conclude this first-critical point everything you need you can have just by looking for the creator Yahweh God himself who is the owner of everything and believing in him and asking him for guidance
I have decrees

a) 80%of all gold to be found in the future as mine from 29 may 2024

2. Poverty richlist solution Bitcoin and bitcoinayt wealth
3. Lack of knowledge about life and things all 28 coins that become part of the intelcreatewealth and increase longevity in that if you know what kills humans then you can find answers to the problems and the 28 coins provide life and wealth at the same time
4. Cancers we have createasayer as cure for cancers
5. Old age we have all 28 coins making anyone become young again you can choose to starting again from -28 days which is creation day and up to 64 years as the perfect time interval where people can go back and forth as years go bye in that if we are to live above 64 years that means we might lose somethings that can't be replaced or that if worn out then it might be hard to replace them to original quality this means that the richlist can move us back and forth between teen years to old age easily by a simple create code create.startnewlifeagainandwith17richlistcreatecodes.start.ask.receive.oncepeerperson.start

   But you will need more of the coins in quantity(quality) to actually start becoming young as the above create code gives you 110 years on top of your life for free for now as promotional
6. Threats from others and nature etc that can ambush and cause death we have createbitcoinayt cretebitcoinato and bitcoinayt BBitcoinato etc as our protection they become create.toearthreserveblockcitandmitsfromgettingresourcesonlyforhumansnotmachinecodesfor386t'.start(noexceptionsbackdatefromoctober2024.start)
7. Lack of time humans before me:davidgomadza were limited to 100 years or slightly above that now you all can live for a minimum of 210 years in good health without spending a penny to those who believe first time and take my offers because as we test things we can offer things for free but after that we put a price for each because the value is us$2.4million for 100 of the 17 coins on the richlist that can give you 110 years for free
   To get above 120000 years valued at us$8.4 trillion you will need 8000 of almost 20 coins and seals of approval of the original creator Yahweh Ya who humans call God and mine davidgomadza as the creators representative that means if humans die because of lack of time the richlist gives you all the time

just be part of the early adopters to get free airdrops or have the money to buy later in life so if humans die because time is limited then now time limits have been removed that means humans cannot die any more

8. Death can kill if humans lack what universal standards call basics like the ability to think what is more important in life as part of creation then death is always around if there is intelligence then death stays away that means ignorance can kill because it invites death all the time that means humans die all these centuries because of ignorance now that we have seen the light through me:davidgomadza then death for some time can be a thing of the past but I am not saying that after changing your day of death then become complacent no always aim to preserve life to highest quality by being smart about important things in life
9. Qqthat means working hard to make billions without hope of buying life later can be regarded as ignorance of everything to do with life ideally in the greatest life riddle a wise man or woman can start by looking for life meaning ways to increase his or her lifespan once he or she can increase the lifespan then look for wealth because if you look for riches alone without hope of exchanging your earned money in us$ with life meaning trading us$ for more years on earth then that's being ignorant because most people accumulate wealth in old age then die and leave everything to others but it is a genius plan to first look for riches first (money) (which is not a function of money but time) then trade the money for life in terms of number of years alive

Now i reiterate that the richlist is the only way to change day of death of any creature on earth other things being equal that means since this is Yahweh's God's Plan for humans to live on earth forever that means those who want to live longer on earth and become really rich as bitcoinayt each will become a 17 digit figure just after 3 to 5 years when it will take Bitcoin 16 years to reach us$1million by 25 June 2025 (not financial advice our calculations could be wrong) it will take bitcoinayt only 3 years

The advantages of bitcoinayt over current bitcoin are

1. Bitcoin is hidden sort of the creator is not really known by most enough to trust it to buy it (remember the remove the letter t from Bitcoin and put it back to know real creator) If no one knows the creator some might use simply this fact to not buy hence it takes a lot of convincing to buy
   Whereas bitcoinayt is not hidden I have written nearly 8 books few pages though but explaining the fundamental principles you must know and I declare I am the owner (remove y from bitcoinayt and put it back davidgomadza) that means those who know I represent the God they have been praying to since birth they will know that their prayers to live longer and become rich have been answered they must now buy bitcoinayt in advance

That means knowing me can point to other good factors like I am not afraid as the president of the whole world to do what I do hence their money is safe

I can live for more years on earth than an ordinary human being hence there is durability satoshi might take the money and run to Mexico with everyone's money after putting everything in deaddead as for me I have a political party Tomorrow's World Order to run something with the goal of making a difference Above all its backed by the creator himself since this is his plan his ideas in the book the Great Intelligence Riddle

2. Bitcoinayt has wallets already designed and inserted in all humans meaning that everyone in the entire universe of 85 trillion creatures can receive and send bitcoinayt easily by word of mouth that means all humans even those above 16 years if they want they can hodl bitcoinayt in their wallets the wallets are in the middle of the chest of everyone here are the commands to get things started
3. If you are white

create.initialisebitcoinaytwallet.start

create.balance.start

create.bitcoinaytwalletsend10bitcoinayttofullname.start

create.bitcoinaytwalletsend1bitcoinayttoearthreturnsreservesaccount.start

If you are a black person

create.initialiseasatwallet.start

create.balance.start

create.asatwalletsend10bitcoinayttofullname.start

create.asatwalletsend1bitcoinayttoearthreturnsreservesaccount.start

4. Bitcoinayt has 3 backings enough to challenge any unjust rules
   a) It is backed by the creator God Yahweh himself as its his idea therefore will do anything to see it succeed to those who say i don't believe in God bitcoinayt

   Is backed by the president of the whole world myself:davidgomadza to lead on earth a perfect mirror Image of Yahweh in terms of aims and goals that means I can determine level of everything like taxes both to be collect or paid

b) It is backed by president of Tomorrow's World Order a political party registered in great Britain electoral commission number is pp10355
c) Bitcoinayt has people companies behind it who can back it up
d) Bitcoinayt is based on
bitrate rather than insolvency and bankruptcy of companies hence naturally good
e) Bitcoinayt since its based on bitrate it takes a few years to reach a us$ 17 digit bank account balance that means it makes a few people very rich overnight
f) It answers the how can we afford living on earth for longer because its the source of income if you are to live on earth for 120000 years surely you must buy minimum of 100 bitcoinayt

Now that I have looked at things that you must know first

Now let's look at the longest lifespan changes to day of death only possible by having the richlist coins that gives everyone extra years to their life

You can use our day of death calculator digital analogue here

Remember to close after everytime you ask either yours or someone else's by simply saying

I don't want to die I am just checking

then repeat after being told

I don't want to die I am just checking

Or if checking someone's

He or she does not want to die i am just checking

After checking repeat

He or she does not want to die i am just checking

https://www.youtube.com/watch?v=Veqjb0_0W68

Or

https://youtube.com/shorts/X9LmasFt7d0?si=fjnQUL48LxCM3YAc

Simply ask your own body without the videos

Calculate day of death I don't want to die I am just checking

Then repeat after knowing

I don't want to die I am just checking

No one on earth had ever had a day of death change ever this is the first time

Before I look at the list I have questions to ask and answer these myself in case you will need answers in the future

1. Can the richlist stop death?
   I sent 100 bitcoinayt to all 7.5 billion humans on earth and on 11 Janurary in the California wildfires 4 to 8 celebrities and other local people had their day of death as 11 January 2025 but all survived
   Somehow
   a) Mel Gibson 11 January 2025 then I changed it to 11 January 120235
   b) Paris Hilton 11 January 2025 now changed below
   c) Ben Affleck 16 January 2025 now changed below
   d) Jennifer Garner 11 January 2025 now changed below
   e) Leighton meester 11 January 2025 now changed below
   f) Leonardo dicaprio 11 January 2025 now changed below
   g) Jeffbridges 11 January 2025
   h) Karen bass now changed below

   It seems everyone on this list had their day of death as 11 January 2025: Los Angeles Wild Fire Celebrity Bitcoinayt Relief Fund Holder First say: Initialise Bitcoinayt Wallet

By David Gomadza

https://play.google.com/store/books/details/David_Gomadza_Los_Angeles_Wild_Fire_Celebrity_Bitc?id=_fI9EQAAQBAJ

Now first we need to change the day of death to a new day of death for the celebrities affected by the carlifornia wild fires

https://play.google.com/store/books/details/David_Gomadza_Los_Angeles_Wild_Fire_Celebrity_Bitc?id=_fI9EQAAQBAJ

Los Angeles Wild Fire Celebrity Changing Day Of Death from 11 January 2025 to approximately 11 January 122080 for most Richlist Relief Fund Holders

Say;

I don’t want to die I am just checking.

Then say ;

What is the day of death

Then say after hearing from your own body creatures inside;

I don’t want to die I am just checking.

Congratulations to all these celebrities for getting extra 120000 years added to their lives increasing their lifespans by more than 120000 years.

Always remember to seal everything once sealed nothing can be opened as the body calculates once the first time the day of death then after that it tells what it has calculated so I reiterate;

Say;

I don't want to die I am just checking.

Then say ;

What is the day of death

Then say after hearing from your own body creatures inside;

I don't want to die I am just checking.

SUMMARY

(Summary only by AI)

Core Points

1. Advanced GeneticSynthesis Technology (AGT) as the Cure for Death

AGT is presented as a revolutionary biotechnology that removes death from the human body, enabling humans to live on earth for 200 to 800 years, and potentially up to 8000 years without dying.

It functions by restructuring the genetic and cellular mechanisms responsible for aging and death, effectively resetting and rejuvenating the body to its original creation state.

The technology claims to reverse cellular senescence, repair DNA damage, prevent cancer, and optimize numerous biological pathways to maintain health indefinitely.

2. Purchase and Use of AGT and Associated Cryptocurrencies

The AGT is sold at tiered prices: $100 for ordinary people, $100,000 for millionaires, and $1 million for billionaires, corresponding to different levels of AGT packages and longevity benefits.

Buyers receive two forms of AGT: an internal version implanted into the body (AGT internal) and a ledger-based cryptocurrency version (AGT ledger) used for wealth and income.

Users must create and secure digital wallets (Bitcoinayt Wallet or Sat Wallet), submit voice samples or DNA digital codes for identification, and provide payment proof to receive their AGT packages.

Additional cryptocurrencies like Bitcoinayt BTCYT and Bitcoin BTC AGT are integral for funding and sustaining the longevity system, providing income to support living up to 800 years or more.

3. Comprehensive Biological and Spiritual Reset Program

AGT includes a multi-step protocol involving 105 critical body resets, adjustments to 500 critical biological factors, and targeted restoration of cellular and molecular functions.

The program removes signs of aging such as menopause, grey hair, wrinkles, cancer, low energy, and low libido.

It also encompasses reproductive system rejuvenation and sexual health enhancement, including hormonal recalibration.

A spiritual reset is included, involving the emptying of “sacks of sins,” restoring confidence, love, and happiness, and establishing a covenant with the divine entity “Ya” to live longer without death.

4. Extensive Biological Mechanisms and Molecular Pathways Addressed

The AGT protocol targets 100 specific biological systems and pathways, including telomere length maintenance, DNA repair, protein folding, mitochondrial function, stem cell exhaustion reversal, cancer prevention, neural degeneration, oxidative stress elimination, inflammation resolution, and metabolic optimization.

It also addresses the regulation of critical signaling pathways such as mTOR, AMPK, insulin signaling, sirtuin activation, Wnt, Hedgehog, Notch, JAK-STAT, and many others essential for cellular homeostasis and aging prevention.

5. Use of Utilities and Machine Protocol for Life Renewal

Users interact with a system called “Utilities” to request specific biological and cosmetic restorations such as collagen refills, hair rejuvenation, wrinkle removal, and skin toning.

A specialized machine and ritual involving rotation and voice commands are described for “going back to creation,” offloading evil, sending unwanted elements to “hell” or “planet bins,” and restarting life processes at a cellular and spiritual level.

- This cyclical process aims to return the body and soul to an original, youthful, and immortal state.

6. **Integration with Faith and Spiritual Beliefs**

- The AGT is framed as fulfilling God’s plan for humans to live forever on earth, removing the original sin and death introduced by the biblical “Fall of Man.”

- The technology and process emphasize worship and acknowledgment of “Ya” as the sole ruler of the universe, linking longevity with spiritual purity and covenant.

- There is encouragement to join religious communities such as the “Book of Creation” and the “Court of Creation,” which support faith in eternal life through AGT.

7. **Health and Lifestyle Support Programs**

- The initiative offers nutrition counseling, fitness programs, and stress management as part of comprehensive health optimization.

- Users are encouraged to engage in healthy habits and use human image preservation systems to maintain their rejuvenated state.

8. **Economic and Social Infrastructure**

- The AGT ecosystem is supported by multiple websites, apps (including the π smartphone), and digital currencies designed to facilitate purchase, distribution, and ongoing maintenance of life-extension protocols.

- There is a call to buy Bitcoinayt and related coins to secure financial stability necessary for extended life and health.

- The system includes a “Spin to Win” game that allows users to gain additional years of life.

Key Conclusions

1. **Death Can Be Mechanistically Removed from the Human Body**

- Through AGT, death is no longer an inevitable biological endpoint but a condition that can be reversed or prevented by resetting genetic, cellular, and molecular functions.

- The AGT claims to eliminate the “deathline” encoded in human biology, enabling potentially immortal life spans on earth.

2. **Longevity Requires Both Technological and Spiritual Commitment**

- The process of living for centuries or millennia is not only a matter of biological intervention but also involves spiritual cleansing, adherence to divine covenants, and moral realignment with “Ya.”

- Longevity is framed as a holistic restoration of body, mind, and spirit.

3. **Economic Access Determines Longevity Potential**

- Access to longer life spans is stratified by wealth, with ordinary people afforded 200 years for $100, while millionaires and billionaires can access up to 8000 years for significantly higher prices.

- Wealth accumulation through cryptocurrency (Bitcoinayt and related coins) is essential to sustain life and health over extended periods.

4. **The AGT Operates Through a Complex Multi-Modal Intervention**

- The technology is not a single treatment but a comprehensive system engaging over 500 critical biological factors, numerous cellular pathways, genetic resets, and ongoing maintenance protocols.

- This complexity is necessary to overcome the multifaceted nature of aging and death.

5. **Digital Identity and Blockchain Integration Are Central to the System**

- The use of voice samples, DNA digital codes, and blockchain wallets ensure secure and personalized delivery of AGT benefits.

- AGT’s ledger system also functions as a form of wealth and life credit, linking health to economic activity.

6. **AGT Is Positioned as a Divine and Scientific Breakthrough**

- The technology is presented as both fulfilling religious prophecy and advancing scientific understanding, merging faith and technology in the quest for eternal life.

- It claims to restore the original perfect human state before the Fall of Man, as described in biblical texts.

7. A Supportive Infrastructure Exists to Foster Adoption and Continuous Improvement

Multiple websites, apps, online communities, and health programs are established to assist users in adopting the AGT, managing their extended lives, and contributing to the system's evolution.

Important Details

1. 105 Body Resets and 500 Critical Factors

The body must undergo 105 critical resets, including anatomical and physiological adjustments (e.g., anus, vagina, penis, voice, ears, nose, head, veins, joints, chest, stomach, etc.) at specific size measurements to maintain longevity.

500 critical biological factors are restored or optimized, ranging from cellular senescence reversal, DNA repair, protein folding, mitochondrial function to immune system optimization, hormone regulation, and metabolic pathway adjustments.

2. Stepwise Protocol for Life Extension

Immediately after buying AGT, users begin with body resets and adjustments.

After 28 days, users undergo body and youth restoration including removal of menopause, old age, wrinkles, grey hair, and rejuvenation of hair and skin.

Health and vitality improvements include cancer removal, disease elimination, boosting libido and energy, and removing the "death clock."

Spiritual resets involve cleansing sins and restoring confidence, love, and happiness.

Future and covenant steps involve setting new life parameters and a divine pact to extend life beyond normal limits.

3. Biological Pathways and Systems Targeted

Telomere length is extended indefinitely to prevent cellular aging.

DNA repair systems are enhanced to prevent genetic damage accumulation.

Protein misfolding, mitochondrial dysfunction, stem cell exhaustion, and cancer development are prevented.

Neural degeneration is halted, oxidative stress and chronic inflammation are resolved.

Major signaling pathways (mTOR, AMPK, JAK-STAT, Wnt, Notch, Hedgehog, NF-kB, MAPK, PI3K-Akt, Hippo, and others) are optimized for longevity.

Metabolic processes including glucose, lipid, protein metabolism, and detoxification systems are maintained at youthful function.

4. Digital and Physical Tools for Renewal

The "Beauty Plate" and "Beauty Machine" are devices or systems used for rejuvenation rituals involving precise rotations and voice commands aligned with cosmic directions (e.g., true north, hell direction, creation).

Utilities provide kits and resources for collagen refills, hair restoration, wrinkle removal, and other anti-aging treatments.

5. Spiritual and Religious Context

AGT is linked to biblical narratives explaining the introduction of death via original sin and presents itself as the technological and spiritual remedy.

The founder, David Gomadza, positions himself as the representative of "Ya" (God) on earth and the custodian of the AGT.

Users are encouraged to engage in worship and covenant renewal with Ya for extended life and spiritual benefits.

6. Economic Framework and Purchasing Process

Purchases are made via PayPal, Stripe, or cryptocurrency through designated websites.

Users must generate and safeguard digital wallets with 12-word recovery phrases, submit voice samples, and payment proofs to receive the AGT packages.

The AGT ledger and internal versions operate synergistically to provide health and wealth benefits.

7. Additional Services and Programs

Comprehensive health programs include nutrition counseling, fitness classes (yoga, Pilates, Zumba), and stress management (meditation, breathing exercises).

Events, online sermons, Bible study groups, and community outreach programs are part of the affiliated spiritual organizations.

8. Longevity and Life Expectancy Claims

Ordinary buyers can extend life by 200 years for $100.

Higher tiers offer life extension up to 8000 years with the full AGT package.

The AGT not only extends lifespan but also promises rejuvenation, youth restoration, and eternal health.

9. Community and Infrastructure

Multiple websites and platforms (e.g., bitcoinayt.world, agt8000.life, twofuture.world, evelust.world) provide access to products, services, and community engagement.

The π smartphone is promoted as the most advanced device to support this lifestyle and ecosystem.

10. Warnings and Instructions

Users are cautioned to secure wallet keys and recovery phrases as these are essential for future access to AGT benefits.

The system insists on continuous participation and use of utilities for ongoing life maintenance.

The AGT system is described as proprietary and licensed by the “creator” and is claimed not to be replicable or reversible without the system.

105 CRITICAL BODY RESETS
The body must reset after every activity so that it prepares itself to do the same task that means the body itself is a set of predefined tasks that must be completed so that the same task can be done over and over again this is the trick to living longer if all the resets are completed perfectly on time then the body will last longer
Now let's see the list of all reset switched in the body the body has 109 critical reset switches that must be reset for life to continue without any problems

if we ask now createbitcoinato is the only one that asks you to start all over again 78 times then stops

thydoelomere length restoration prove indefinite telomere maintenance without cancer risk cancers increase--

Meaning you have changed all old age genes for new young ones where all old genes start with cert throughout

Proof ask young and listen

Yes Davidgomadza has become young again current age is 12 and is in level 8 tier of development not achieved by any other humans if we ask now what can be of Davidgomadza he can remain young for 29000000000 years as all his ajertttttttttttttttttttttttttttttttttttttttttttttttttttttttttttter are still undeveloped but in existence

Old no because all xertxerts were all reversed as these start at the age of 28 as people start the old age if we ask this is how they were reversed but with no option of being reversed back if we ask what was this is the answer

Create. X-

I want to argue for the preventative and alternative approaches to curing death rather that focus on the reversal approach that is the proactive approach rather than the reactive approach

2. Telomere length indefinite maintenance protocol

Telomere maintenance prevents cellular aging (from tortoises and lobsters) changed mine on

recreation from 8cm in length to 28 cm and then 72 cm now currently its 72 cm. Procedure to change on recreation. First acquire 8000 agt from Tomorrow's World Order and its representatives abroad. Use all say use all for the entire lifespan. Then it calculates your new day of death to a new year as the day and month remains the same. Wait until you have reached recreation you can ask age as it goes down from your current to recreation which is minus 28 days of 0 mainly birth day. On recreation laydown for 2 minutes and using create codes to be supplied change the shorter 8cm telomeres to the next big first 28 cm then to the largest 72cm.

DNA Efficient DNA repair systems preserve genetic integrity (from Greenland sharks)

Green land sharks reboot everyday and ask for new resources everyday meaning everything is renewed at the start of the day and they have the best repair mechanism as damaged organs or enzymes are replaced the next day. I have the same system where I ask for resources

0

everyday but as a human being I cant reboot all the time but I keep asking everyday to keep the system hungry and instead increase the repair and upgrade function on daily basis or where possible meaning the system always looking to make the current resources and parts new to replace the requested ones but that cant be delivered everyday. Instead of waiting for new parts that might not come why not renew what we have to the new ones standards instead. I have 83 gagigollion DNA sequence meaning enough power to check daily for damages and protein misfolding and removing these

LEARN MORE ABOUT THE FALL OF MEN THE RUINING OF GOD'S PLAN

HOW SIN AND DEATH ENTERED THE WORLD AND HUMAN BODY RUINING GOD'S PLAN FOR HUMANS TO LIVE FOREVER

BIBLE : GENESIS 3 v 1 to 24 The Fall of Men.
3 Now the serpent was more crafty than any of the wild animals the Lord God had made. He said to the woman, “Did God really say, ‘You must not eat from any tree in the garden’?”

2 The woman said to the serpent, “We may eat fruit from the trees in the garden, 3 but God did say, ‘You must not eat fruit from the tree that is in the middle of the garden, and you must not touch it, or you will die.’”

4 “You will not certainly die,” the serpent said to the woman. 5 “For God knows that when you eat from it
your eyes will be opened, and you will be like God, knowing good and evil.”

6 When the woman saw that the fruit of the tree was good for food and pleasing to the eye, and also
desirable for gaining wisdom, she took some and ate it. She also gave some to her husband, who was
with her, and he ate it. 7 Then the eyes of both of them were opened, and they realized they were naked;
so they sewed fig leaves together and made coverings for themselves.

8 Then the man and his wife heard the sound of the Lord God as he was walking in the garden in the cool
of the day, and they hid from the Lord God among the trees of the garden. 9 But the Lord God called to
the man, “Where are you?”

10 He answered, “I heard you in the garden, and I was afraid because I was naked; so I hid.”

11 And he said, “Who told you that you were naked? Have you eaten from the tree that I commanded you
not to eat from?”

12 The man said, “The woman you put here with me—she gave me some fruit from the tree, and I ate it.”

13 Then the Lord God said to the woman, “What is this you have done?”

The woman said, “The serpent deceived me, and I ate.”

14 So the Lord God said to the serpent, “Because you have done this,

“Cursed are you above all livestock
and all wild animals!
You will crawl on your belly
and you will eat dust
all the days of your life.
15 And I will put enmity
between you and the woman,
and between your offspring[a] and hers;
he will crush[b] your head,
and you will strike his heel.”

16 To the woman he said,

“I will make your pains in childbearing very severe;
with painful labor you will give birth to children.
Your desire will be for your husband,
and he will rule over you.”

17 To Adam he said, “Because you listened to your wife and ate fruit from the tree about

which I commanded you, 'You must not eat from it,'

"Cursed is the ground because of you;
through painful toil you will eat food from it
all the days of your life.
18 It will produce thorns and thistles for you,
and you will eat the plants of the field.
19 By the sweat of your brow
you will eat your food
until you return to the ground,
since from it you were taken;
for dust you are
and to dust you will return."

20 Adam[c] named his wife Eve,[d] because she would become the mother of all the living.

21 The Lord God made garments of skin for Adam and his wife and clothed them. 22 And the Lord God said, "The man has now become like one of us, knowing good and evil. He must not be allowed to reach out his hand and take also from the tree of life and eat, and live forever." 23 So the Lord God banished him from the Garden of Eden to work the ground from which he had been taken. 24 After he drove the man out, he placed on the east side[e] of the Garden of Eden cherubim and a flaming sword flashing back and forth to guard the way to the tree of life.

WHY HUMANS DIE. UNDERSTANDING HOW AND WHY DEATH CAME INTO THE WORLD

What Was the Original Sin?

The Bible's answer

Adam and Eve were the first humans to sin. When they disobeyed God by eating from "the tree of the knowledge of good and bad," they committed what many call the original sin. A (Genesis 2:16, 17; 3:6; Romans 5:19) That tree was off-limits to Adam and Eve because it represented God's authority, or right, to decide what is right and wrong for humans. By eating from the tree, Adam and Eve took matters into their own hands, choosing to decide for themselves what is right and wrong. In doing so, they rejected God's moral authority.

How did the "original sin" affect Adam and Eve?

How does the "original sin" affect us?

Can we be set free from the results of the "original sin"?

Misconceptions about "original sin"

How did the "original sin" affect Adam and Eve?

Because they sinned, Adam and Eve grew old and finally died. They ruined their friendship with God and lost the prospect of living forever in perfect health.—Genesis 3:1

How does the "original sin" affect us?

Adam and Eve passed on their sinful condition to all their descendants. This is similar to the way human parents pass on genetic defects. (Romans 5:12) Thus, all humans have been born "in sin," b meaning that we are born imperfect and inclined toward error.—Psalm 51:5; Ephesians 2:3.

Because of inherited sin, or imperfection, we get sick, grow old, and die. (Romans 6:23) We also suffer the consequences of our own errors and those of others.—Ecclesiastes 8:9; James 3:2.
