Wars actually increase national-debt and the more people start to understand life and how things work the more they will cooperate and group to avoid wars and expect others to pay a fair price for scarce resources. Leaders who use wars to boost the economy and for political ratings will soon find themselves unpopular with the majority of people. Everyone is calling for an end to all wars and the punishment of leaders who view women and children as collateral. Wars are not going to solve long fuel queues forever. Wars are still regarded as the drivers of the economy but for how long?

GOLD VOUCHERS AS THE ONLY SOLUTION FOR SOLVING NATIONAL-DEBT

Gold Vouchers are the only solution to national-debt. A gold voucher written by someone trusted to keep all the world's resources by GOD and or GOD himself will write a gold voucher. America when they started money; they created eight accounts of which two are of interest to us namely the;
ASERT
AERT
The written gold voucher must be added to the ASERT account.
The AERT is an account used to write off debt where after printing money the government gives cheaper loans to its people who will now live on earth for more than the current 120 years up to 800 years even up to 7777777 years. Who then fails to repay or as a strategy to make it's people rich then writes off the debt.
The value of the account where no loans are issued can remain as US$1.
To continue on the ASERT account the ASERT account is then used as capital or assets to reduce national-debt until a country has a surplus.
How The Print And Pay.Start Works
America's Congress in agreement with the president makes decisions to ACCEPT the gold voucher and use it to reduce national-debt. The American government upon receiving a gold voucher from TERENCE HOWARD US$1TRILLION will and must PRINT;
1 US$1TRILLION and PAY.START TERENCE HOWARD the aspiring President of the United States of America who is set to challenge the current thinking that wars are solutions for economic problems and the national-debt issue. One set to prove that only: GOLD VOUCHERS are the solution. A clean, safe way to solve national-debt issues.
2 US$1TRILLION and PAY.START The American Government.
This money must be kept as printed cash and in the future used to offer cheaper loans to Americans to increase living standards and wealth.
3 Americans must accept at the same time the gift of life: ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT

The AGT extends a person's life by 800 years as minimum up to 7777777 years. The AGT changes a person's AJAER AJAER DAY = a person's day of death by 7777777 years.
In actual fact the AGT makes it possible to remove death times eight from the body and a person's maximum lifespan is 100 years hence each death can be life times 8 hence my argument that the minimum lifespan with the AGT is 800 years.
Hence the american government will have most people having a year of death as 7777777 year depending on your income and wealth. The government after ACCEPTING gold vouchers worth more than US$40trillion will have surplus meaning will be able to PRINT AND PAY for development and to improve living standards and take their people to another level of human evolution.
We have issued a total of 52.3million AGT8000 (note that each person will need AGT x 8000 as standard hence AGT8000) Each AGT8000 costing US$100. After one year we expect to collect a total of US$5.2billion. If the PRINT AND PAY.START is successful then the cost of the AGT is covered by the printing.

A NEW CHAPTER IN HUMAN EVOLUTION.

The World Has Reached A New Chapter In Evolution. Where Humans Shun Wars As Traumatising Events To Be Stopped By 2030. And Where Humans Live For 800 Years On Earth Without Dying Nor Experiencing Death.

The world has changed drastically more than people know or believe. If we don't die. Can wars be the drivers of the economy? Gone are the days when war presidents were fashionable. We must start to honor and celebrate new heroes that advocate for Gold Vouchers as the only solution for national-debt and the only fuel to power extralife here on earth without having to die first, something most greats have failed to achieve.
We have found for the first time a way to stop death and extend life for a minimum of 800 years.
Imagine telling your children and your grandchildren that you were at the forefront of making life extension a basic right for all. After all the hard work of discovering the AGT has been done all you need to do is change some of your 250 year old rules that prohibits you; if any to accept the cleanest solution to national-debt: the Gold Voucher Economic Reform Strategy. It's time we think outside of the obviously, trusted norms that brings poverty and death and puts humans in a vicious circle of wars and economic collapses.
It is time we start to think harder about our future and our children's future. As the world becomes one, surely there is no place for a war. Wars kill innocent women and children.

That means for all economies that makes wars drivers of the economy a total collapse in three years is possible. Wars make all countries sell weapons or offer weapons in exchange for scarce resources like oil and petrol.
Now imagine a world powered by Gold Vouchers: a sure promise of gold in the future with an instant solution to the national-debt problem.
If we can live on earth for 800 years up to 77777777 years today;
Proof.
Simply say, "I request what I need from Forever Man Reserves. "
Or If you are a woman.
Simply say, "I request what I need from Forever Woman Reserves. "

To Check.
Silently ask yourself, " What was ajaer ajaer day? And what is now ajaer ajaer day? "

notes.
Only the year of death will change by 77777777 years from e.g. 02April2026 to 27April7777777year.
That means a person will not die at least 800 years and this PRINTED money determines how long humans are to live on earth and in what state. We can rejuvenate and restart life at least 8 times.
Hence we need leaders who understand this. If you can start a war that can kill women and children surely you can ACCEPT Gold Vouchers to solve national-debt, and improve living standards etc. Even though the United States is considered the richest country by some it can't build brand new airports, buildings, cities etc like countries like Dubai, Saudi Arabia etc because of the national-debt issue that makes everything expensive to build and its hard to justify the high prices.
Hence we need leaders that look to the future and truly believe that they are part of this future that is starting to emerge.
Hence Gold Vouchers are the new war but one that is bloodless. I promise you that not even a single woman or child will cry or die.
Not even a single weapon will be sold
Not any soldier will die.
We can live on earth for 800 years.
We can afford everything we need but hurry success is in printing fast and solving all problems fast.
We need people who can see the future.
We need brave presidents who are scared of wars but change constitutions to ACCEPT Gold Vouchers.
Surely this is bravery because for 250 years all presidents have resorted to wars. Worse now that we have the EXTRALIFE. To make things worse it's the same leaders who go

all the way to ask even GOD to extend their life, but are willing to destroy others' lives and then after accepting the AGT as extralife then refuse to PRINT AND PAY.START
So where does the money come from? Surely you risk having the extralife revoked and that can only mean death.
In this case the best way is to refuse the AGT because even you if you are honest to yourself; how can you live for 800 years without gold vouchers and printed money?
Hence we need a new breed of presidents who ACCEPT extralife and work hard to make sure that everyone has enough wealth to live that long.
Ladies and gentlemen I introduce myself: DAVID GOMADZA AS GOD.
I brought extralife the AGT and Gold Vouchers to start a new advanced stage in human evolution, where humans for a change; live longer up to 7777777 years in abundant wealth.
This is the only way. After all, who can extend the lives of the whole country by 7777777 years unless he is GOD. For thousands of years humanity has been dying and you are the first generation of people not to die prematurely under 120 years.
I CAN'T STRESS ENOUGH HOW CRITICAL THIS IS BUT ASK YOU TO GIVE MY REQUEST CAREFUL CONSIDERATIONS. THERE IS NO OTHER SOLUTION TO LONGEVITY THAN THE AGT8000 AND NO SOLUTION TO THE NATIONAL-DEBT ISSUE OTHER THAN THE GOLD VOUCHER ECONOMIC REFORM PROGRAM.
