GOD’S NEWS.

HONOR GOD THE CREATOR OF THE ENTIRE UNIVERSE. THE ONLY RULER OF THE ENTIRE UNIVERSE.

The one who created everything in the universe. The one all creatures bow to and worship. The one through which all things are possible. The only one to bring world peace. The one to bring world peace. The one who lives among humans. The one who has dwelt among humans in order to solve humanity's problems. The one to guide all creatures. The one to guide humans to another stage of human evolution as he intended with creation. A stage where humans have evolved drastically. A stage where humans have conquered death and found the cure for death the: ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT: AGT8000. A stage where humans can no longer experience premature deaths where they die below 120

years. But a stage where humans can live for 800years up to 7777777years. A stage where death can be told to go away. A stage where humans can choose to live up to 120 years now by refusing the AGT or choose to live on earth for longer by accepting the AGT. A stage where DAVID GOMADZA myself has become GOD, GOD OF THE UNIVERSE, GOD ON EARTH and has found the AGT and has started to distribute this among the people and like Noah carefully choose those who have traits we want to see in the future humans. Traits to make all humans evolve and become different species that are great, stronger, beautiful, handsome, intelligent and evolved enough to last 800 years up to 7777777years without dying even once. This is because I DAVID GOMADZA has found the AGT and today I am announcing and declaring to the universe that I AM GOD and has found and brought the AGT THAT STOPS DEATH, THAT REMOVES DEATH FROM THE BODY AND EXTENDS HUMAN LIFE AS EXTRALIFE UP TO 1BILLION YEARS.

DECLARATION TO THE WORLD: I AM GOD.

MY DECLARATION TO THE UNIVERSE THAT I AM GOD AND HAS FOUND AND STARTED DISTRIBUTING THE AGT8000 TO ALL HUMANS SO THAT HUMANS CAN LIVE ON EARTH FOREVER FULLFILLING PROPHECY THAT GOD WILL ESTABLISH PARADISE HERE ON EARTH.

TODAY THE 21ST OF OCTOBER 2026 I DAVID GOMADZA DECLARE TO THE ENTIRE UNIVERSE THAT I AM GOD. AS SUCH I FOUND AND HAS BROUGHT THE ADVANCED GENETICSYNTHESIS TECHNOLOGY:AGT (AGT8000)(CURE FOR DEATH) THAT WILL MAKE IT POSSIBLE FOR HUMANS TO LIVE ON EARTH FOR UP TO 7777777YEARS AND TOGETHER WITH THE AEG AND AEO HUMANS CAN LIVE UP TO 1 BILLION WITHOUT DYING FIRST. THE GREATEST NEWS AND DECLARATION ABOVE ALL THIS, IS THAT I BROUGHT WEALTH AS WELL IN THE FORM OF GOLD FOR I HAVE ALL REAL GOLD AND AS SUCH I AM THE ONLY ONE TO WRITE GOLD VOUCHERS. THE SOURCE OF WEALTH, AS ALL NATIONS MUST ACCEPT AND THEN PRINT MONEY AND PAY ME DAVID GOMADZA. THEN SAVE SOME FOR THEIR COUNTRIES.

NEW COVENANT

I AS GOD ON EARTH start the beginning of the end. I start paradise on earth. I start the end of time where death runs rampant for the non believers. I end the current period of suffering and diseases among humans. I AM GOD ON EARTH as such I am here on earth. That means earth must be good and holy hence the AGT removes and kills all diseases on earth. Through the AGT we now as of 2024 have cures for all diseases on earth. We have the cure for cancer: Createasayer7628198, cure for Parkinson disease, cure for Alzheimer etc. That means GOD has defeated evil and all diseases as the first task to establish paradise on earth. Only GOD as you will witness can eradicate all diseases.
The AGT removes and stops death. Death was never GOD'S plan for humans. The original plan was meant to remove death and diseases from the word go. If humans had obeyed GOD and not been deceived in the garden of Eden then this was GOD'S plan for humans.
Humans were to listen and obey GOD then the AGT was to be part of humans from the beginning, meaning outright protection and love from GOD meaning living on earth for 7777777years up to 28billion years. This was GOD'S original plan for humans to accept, obey, trust and honor GOD as the ultimate creator. Hence if humans had obeyed GOD'S commands, then the AGT would have not been lost and removed by disobedience allowing death to be part of humans.

DEATH NOT THE ORIGINAL PLAN.

Death entered into the world only through disobedience hence death was attached to humans eight times meaning every born human has death attached to their bodies eight times on the day of birth.
This also means that all human's bodies know the day of death at birth. That means every new life is limited up to 120 years as max even though there are exceptions. That means this life is limited as all humans before DAVID GOMADZA must die and go to heaven or hell depending on your beliefs and actions. Death became part of everything humansq and even other creatures. Hence disobedience made the AGT the gift of life from GOD be revoked by GOD. The extralife in the AGT was to be a gift and a reward for obedience hence when humans disobeyed GOD he revoked his gift of life then death became part and parcel of life.

GOD'S STEADFAST AND EVER LASTING LOVE FOR HUMANS

Creation had meant creating humans who evolve through stages of evolution quickly by GOD'S guidance and love; making earth paradise because humans would not die hence were to live on earth forever. But death entered the world and dictated as well the future of humans. GOD had accepted human's choice of the road to take. A loving creator had asked humans to choose which road to take, the road of obedience and with GOD'S protection and guidance and the road without death as a choice and against a self-choosing road, but a road with danger as humans practise trial and error as part of the decision-making process. A road full of traps and death. Disobeying GOD'S commands meant making their own choices about which road to make and somehow too trusting in the devil who is responsible for death hence all

humans were fated to death. GOD is responsible for life that means trusting GOD will guarantee you and set a date with life, extra life in the future.
Despite being let down by humans who listened to the devil through the whispering snake GOD kept his love for humans and promised a time when his original plan for humans is restored. A time when paradise is established on earth. Where humans don't die, where diseases are eradicated, a time when the minimum lifespan becomes 800 years instead of the current 120 years. A time when humans are wealthy enough and poverty is a thing of the past. A time when there is world peace. All this because GOD will be guiding humans and protecting them.
So how did GOD make sure that his promise to humans will be fulfilled? GOD kept reminding humans about his original plan for humans and kept guiding them through their forefathers giving them hints and tips on how to live on earth forever as in paradise. There are 208 hints and tips in the bible on how humans can increase their lifespan and live on earth up to 800 years or more. GOD kept protecting humans and delivering them from evil and everything associated with the road of sin they had taken. A road of free will instead of that of GOD'S guidance. GOD remained steadfast knowing that in the end humans will realise that all roads without GOD leads to death. For centuries and centuries humans have been dying and GOD had hoped humans would see sense one day and realise that there is no life without GOD. GOD owns all life. I own life as DAVID GOMADZA AS I AM GOD.

WHY NOW?

Everything that can go wrong has gone wrong. GOD realised that the only way humans can take a different road and start to think is when everything that can go wrong has gone wrong as this is the only way for humans to think and realise that there is no life without GOD and the only way to acknowledge that only life with GOD is worth living. Only GOD has control over life and death. Once that happens one of the humans will realise that we all need to make a new covenant with GOD and restart life but only with GOD'S love and protection. This person will have realized that continuing in this road of evil and death will only lead all humans to destruction. This person then starts to look for GOD in order to admit that humans have failed and will all die unless GOD takes them all back as the road of self choosing and evil will lead all humans to the hell fire.
Now all this time since the fall from grace some humans still prayed to GOD but without establishing a new covenant, a new agreement with GOD hence it was still the continuation of the fall. The only way was for one to honestly and eagerly look for the creator; GOD then restart where humans fell from grace. Meaning starts as if the fall from grace was avoided, not just corrected but never happened. This restores GOD'S original plan for humans. GOD'S love protects and guides humans. This also means that I as that one person after being shocked by the wars, the poverty, the climatic disasters, the unemployment and all religious and social problems asked where GOD is.
As the start of the journey of discovery, redemption for humans and restarting of GOD'S ORIGINAL PLAN FOR HUMANS so that they live on earth forever.

The world has reached a breaking point and anything else not a form of correction will start the end of humanity. Someone had to find answers and slow down the destruction of humans and they enter if in good books with GOD, this would stop the

destruction and start the beginning of the end, where paradise is established on earth.
Wars have become norms and the deaths of women and children have become prevalent and with no one to stop the wars and with all institutions to stop wars secretly encouraging these wars. One can only look for the creator; GOD himself.
I established; TOMORROW'S WORLD ORDER (TWO) to rule all earth as a ONE-WORLD GOVERNMENT emulating GOD as how he would rule earth if he were on earth today. I appointed myself as the First Global President of the World to rule all earth as GOD would.

Now is the perfect time to stop the fall from grace and restart the covenant with GOD to stop the destruction of humanity through wars, poverty, diseases, climatic change, climatic disasters etc. Now is the time to eradicate all diseases. TWO will takeover from the World Health Organisation(WHO) and use the ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT to solve all non curables and make great health a standard right rather than an option for the rich only. Now is the time to stop all wars. TWO is working to stop all wars. TWO is working with all leaders at war to stop wars now and forever by 2030 forever. We have written GOLD VOUCHERS for Ukraine, Russia, Israel and Hamas to use to solve the national-debt problem in order to solve the issues that triggered the war. I own life and at the beginning extended the lives of all the leaders at war then removed the AGT extension of life when they disobeyed to stop the war. Now is the time to end poverty. As GOD I own all the gold in the world and I have real gold. My personal wealth estimate is US$1000TRILLION in gold vouchers and expected printed money from each of the selected 23 countries. That means I have brought EXTRALIFE (AGT)(AGT8000) for humans to live longer on earth and has as well brought so much wealth that each of the selected countries received us$trillions and all they have to do is to PRINT AND PAY.START

HOW HUMANS CAN LIVE LONGER ON EARTH

Humans can evolve by the grace of GOD who has provided them with the gift of life: the AGT. Humans have rekindled their relationship with GOD. Hence to live on earth longer must truly believe in GOD.
Believe that GOD exists
Believe that only GOD can make them live on earth forever. It is only through trust in GOD and obedience to GOD that humans can attain everlasting life. All humans

must enter into a new covenant with GOD one that will guarantee them eternal life and peace here on earth without dying first.
I DAVID GOMADZA AS GOD representing all previous GODS shall enter into a new covenant with humans that will give humans protection and guidance and the gift of life through the AGT. Myself as GOD has brought abundant wealth through the gold voucher system. On top of that I have brought BITCOINAYT as wealth as BITCOIN.
To live on earth for 800 years or more humans need:
1 To believe, trust and obey GOD
2 A new covenant with GOD
3 AGT
4 GOLD VOUCHERS to reduce the national-debt and for personal wealth
5 GOLD VOUCHERS, Bitcoinayt and Bitcoin
This is because paradise on earth has started with the discovery of the AGT. Hence humans will not die and will continue life the way it is for up to 1billion years staying young or alternating between being young and being old meaning rejuvenating hence wealth and money together with the AGT are necessary for paradise on earth.
Now lets stop and ponder about everything so far. Can extralife in the AGT, wealth in the gold vouchers, bitcoinayt, bitcoin and printed money and the AGT actually increase the wars and the fighting?

WARS AND WORLD PEACE

Wars happen for many reasons but the bloodiest wars are fought not for power per se but for resources like land, minerals and oil only because the other side cannot pay a fair price for the resources hence start a war to take or gain the land or resources by force. All other reasons are just excuses. Major wars happen when prices of resources are high.
When oil and petrol prices become high with long queues etc for petrol etc events are followed by wars abroad in countries where oil is abundant but where production is limited. If not oil then its land. When squatter settlements start appearing with their characteristics of overcrowding, death and diseases then you will then see a war brewing soon after. This is because some people will feel very sad to see others suffering when others claim or expand territory at the expense of others.

WHY WARS START

Wars start because money is a big problem. Money is the root of all evil can apply here because where it's not enough the side without will wish death for those who have money in order to have the money themselves. Only the death of those with money will make others have money too. Hence when a country has no natural resources and no land the only thing they can do to match countries with land and resources is to make weapons; then use the weapons to kill and get what they want at gunpoint. That means all countries making weapons intend to use the weapons apart from defense; to acquire scarce resources they don't have through wars. That means countries without resources and land waste the few dollars they have not on alternate energy sources in terms electricity in case of oil but on weapons. You would think that the most logical thing to do for the country without resources is to save and invest in renewable sources etc, But what they actually do is to invest in cars that

use resources they don’t have heavily but stifle investment in alternatives like electric cars. This is to be able to justify weapons manufacturing and the need to start a war.

HUMANITY’S EVOLUTION CYCLE AND WARS.

AS GOD representing all previous GODS creation needs creating a people that develops highly with time to the best of the best. Imagine a couple who had just had a baby or ‘created a baby’, from the first day they will have a rough idea of how their child will develop and grow:
They will anticipate excitedly and look forward to how the baby will;
Start to talk
Start crawling
Start walking
Start running
Start dancing
Start going to school
Start riding a bicycle
Going to the university
Start dating
Start working
Start buying a car or house
Having their first child
Become like them start worrying about life and death
AS GOD, GODS expects humans to grow as well.

THE ORIGINAL PLAN FOR HUMANS THE EASY ROAD

Humans obey trust and accept a covenant or an agreement with GOD to allow only GOD to guide them
Then anticipate humans using GOD’S tips to extend their lives even more from 7777777years to 1billion years.
Humans to accept GOD’S gold vouchers to increase their wealth as they increase their lifespans because wealth is needed to live longer on earth. This is the only time when wealth is linked to the number of years one lives on earth. This stage in life is characterised by great understanding and the worshipping of GOD to such an extent that there are no wars. People will have accepted the gold vouchers meaning abundant wealth enough to buy anything they want. Above all, GOD would guide them into creating things that utilise renewable resources like solar, water and electricity hence there won't be any need for oils nor wars. The GODS would expect humans to have found the AGT or have had the AGT as a gift for obedience but expect humans to go further and find two more important genetic enhancements that increase life even further to billions of years alive without dying first and these are the;
1 AEG
2 AEO
These two means total eradication of all things that cause the deaths of humans. There won't be any scarcity of food etc nor wars and earth would be paradise on

earth with no deaths at all and world peace. This is the road for humans with GOD with earth as paradise.

NOW THE CURRENT SITUATION AFTER THE FALL FROM GRACE.

Disobeying GOD meant hardship and pain for humanity. Disobeying GOD meant humans losing GOD'S gift of life, his reward for obedience hence death was attached at the point where GOD'S life was. This road of listening to the devil meant the way of free will where humans chose which road to take, meaning sometimes choosing the correct road and sometimes taking the road that led to death meaning accepting whatever comes with their decision hence the higher the risk of death. Hence if they say no to GOD, GOD will not force them but will only wait and see how things will end up. This means if they listen to the devil then they will die in the end because the devil controls death and not life. If you listen to the devil in the end you go to the devil; meaning experiencing death and then go to hell. If you listen to GOD who controls life in the end you go to heaven or nowadays you remain alive on earth without dying as earth has become paradise. Now no humans under me: DAVID GOMADZA will die.

DISOBEDIENCE MEANT THE INTRODUCTION OF DEATH AND HARDSHIP FOR HUMANS.

The way of death is to make everything so hard that death tastes good. Make life so bitter that sleep and death become every one's choices when you are not in control. Every time a human is in control meaning awake everything in life becomes hard because there is no GOD'S guidance and protection.
Mankind without GOD is fearful to make mistakes at the same time not knowing what to do choses to make and rely on weapons and use weapons to get everything else he can't afford. This has resulted in countless wars and in most cases wars that could have been easily avoided. This stage without GOD is the defensive stage of development. In this stage weapons are the answer to all humanity's problems. Scarce resources like oil, minerals and land. Solutions: use weapons to get scarce resources.
Others are at loggerheads about land. Solution: tell them to fight each other. We can supply weapons so that they kill each other to reduce the population pressure and solve the land issue.
We ran out of money as oil and petrol are depleting the government's money. Check which country has oil and is not producing enough then start a war or support the opposition and supply weapons.
We have a budget deficit. Solution: reduce investment in all other areas but the military only. Increase defense budget then use that to justify a war in the future.
Our national-debt has become huge. We are now paying high interest rates etc. Solution; increase military spending then start or support a country at war by supplying weapons in exchange with scarce resources.
Mankind without GOD rely on wars for everything hence without GOD there won't be world peace.

Now if others start mentioning living on earth forever like in the longevity movements governments suppress all kinds of information and invest in national health services to actually kill the elderly and attack all those who talk about living on earth forever. This is because to the government living forever means paying a pension fund, forever and governments would rather have all pensioners dead and will try and suppress anything to do with living on earth forever.

POSSIBILITY OF GOLD VOUCHERS BEING REJECTED.

Without GOD governments tend to reduce the obviously easiest way to wealth accumulation by far: the **gold voucher** system that is used to reduce national-debt. Instead might insist on wars for public approval after the war etc. When offered the gold vouchers some would at the same time insist on going to wars which in the future will carry death penalties for the deaths of women and children. All this because they believe and know that they will die anywhere so if death is the highest punishment and they are facing death then what difference does that make?
Gold vouchers can be rejected because they take power away from the president or prime minister who has to print large quantities of money for GOD and the country rather than for the president himself. They say this removes power from the president to a GOD. They say this weakens and reduces support for the president than what he would get if he had started a war. They say war presidents always win the second term hence humans always find excuses to avoid the easiest ways to get rich and become very wealthly but ways that exalts GOD not men and rather be involved in the murdering of women and children who die needlessly because of wars. Not because the punishment is lenient no, but because the punishment will come after death hence most are not bothered and they would rather disobey GOD. Women and children are regarded as collateral generally as few leaders are held accountable for women and children's deaths after wars.

FOR THOUSANDS OF YEARS HUMANITY WAS LOST AND IN THE DARK

Mankind without GOD was doomed as death was rampant. Mankind had accepted the road of death as the only option hence remained in the first stage of development, the defensive stage of development where there is huge reliance on weapons as a solution for everything. Weapons are viewed as solutions for every human problem. The drivers of the economy hence when inflation goes high, and fuel queues start forming at the petrol stations, and as unemployment rises this can only signal the pending war abroad in countries rich in oil. Hence every economic problem for the past 100 years had been solved by a huge war where everything is destroyed and hence followed by heavy building and investment in everything from housing to weapons manufacturing but after such a long time a waste in itself as it is building followed by destruction then by building again hence after such a long time it seems like things are still the same.
Humanity is stuck in the defensive stage of development because they lack GOD.
They are afraid of death hence invest heavily in weapons
They gave up hope of finding a way to live on earth forever

They lack the knowledge about GOD hence can't find the AGT hence waits for death and cares little about everything else after
Hence everything humanity does will lead to death.

GOD'S WISH AND HOPE FOR HUMANITY.

GOD hoped that humans would evolve to another stage of development. Like a parent GOD expected his creation to move up the ladder of creation and evolution

HUMANITY'S STAGES OF CREATIONAL-EVOLUTION.

Stage One Without GOD

Humanity fearful that his disobedience has lost him GOD'S protection and guidance would fortify himself meaning investing everything he has in defense. Defense plays an important place meaning continuous wars and killings of each other.

Stage Two

After a while on his own without much GOD'S guidance, humanity would start to realise his mistakes because things would have reached the climax with wars everywhere, natural disasters claiming thousands, and economic woes and financial disasters increasing hardship and poverty etc.
In this stage one person will start to ask critical questions about why this happens to humans when humans are GOD'S creation and not the devils. Hence will start to search for GOD in order to ask what can be done, with what, when, how with who, whatif and how and if not now then when and with who and why and when with what and what can be but how and if not now then when, how why with who why not now and what can be and what could be and how and what can be when with who how and when until he start to know what must be done and how and when. Then start preparing a new covenant with GOD.
One last chance for humans to put things right with GOD through a new agreement that makes GOD central in their lives here on earth as GOD now on earth will put everything in place for humans to live forever; agt, agt8000 will eradicate all diseases to make earth paradise. Will bring with him, gold and a map where all the gold is and first issue gold vouchers to use to solve each country's national-debt. That means enough wealth for all people to live on earth for at least 800 years in good health and without death nor dying.
That means the people of a country from the time the AGT is found must nominate to be the president only leaders who want to live forever and who are willing to change the constitution and rules and PRINT AND PAY.START

This means leaders who will print money first for me GOD then PRINT AND PAY.START money or their own country so that they can afford to live on earth for 800 years.
Then after they start printing money for the development of their people and country. Then start printing money to fund the development of their country to the highest standards in the world after all basics have been met. meaning only put in power strong mainly young people who have time and never put those whose ajaer ajaer

day is way too close. This is because those who are about to die will be afraid of death at this stage to change anything. They will try to do what is good with death and the devil so that death treats them nicely and even gives them contracts to bring more people to death and to the devil. Hence will see no point to PRINT AND PAY large amounts of money to give to GOD or others if he himself is to die.

Stage Three

In stage three one third of the world would have accepted and paid at least US$100 for the AGT. Ideally millionaires would have paid US$1million each for the AGT and billionaires would have paid US$1billion each for the AGT.
These people would have started to see the benefits of the AGT. All will have witnessed the benefits of the AGT. All will have become very young again, rejuvenated to teens and shaded off all their greys and removed a lot of wrinkles and everything that makes them old:
1 menopause for women and ajvo for men a simple add on of a website I created will remove all 10 things that must be removed that make the body age
2 leg rings
3 arm rings
4 the clock to YA
5 body fat
6 old body frame
7 grey hairs
8 grey hair pinning lockers
9 chicken arms and old throat skin
10 Extra skin associated with old age
A simple code can help as well add
Create.stayatzerotwocontinuouslyforever.start
GOD on earth myself has already automated everything needed and made websites that you only add for them to work on you removing everything that make you get old and leads to death; but for all to work you must have the AGT as well as;
1 GOD'S trust and approval as only GOD can lift and put back the original seals. Anyone who tries dies instantly if not qualified to do so
GOD has death attached to misuse and vandalism to prevent misuse.
2 Must have the AGT and must first check by saying, " Balance? In AGT."

Your to do task.
Copy and paste this code on your phone, notepad or send a text message to yourself. Write then copy and cut then paste back then press enter then save or send to deal with trillion dollars.

create.ajuvtthegatethenhellgateallcontinuouslyforever.start(usetodealwithtrilliondollars)

The balance for most people must be AGT8000 or in US$8.4trillion.
3 Must have simple codes that cushions them from huge sums and currency in trillions.

DAVID GOMADZA AS GOD

I will have stopped all wars and put an end to all wars. Hence there won't be any wars by 2030.
I will have started:
TOMORROW'S WORLD ORDER'S RESERVE BANK TWORB.
I have by today written US$392trillion worth gold vouchers for 23 countries out of the nearly 200 countries on earth. By this time these countries would have printed and paid me most of the money. Money I will use for global development; to increase and improve living standards by building modern day brand new cities after buying a lot of land. By the way I own 10% of every country on earth as GOD.

Stage Four

Two thirds of the current population would have refused the AGT for several reasons or for no reason at all. This is part of the plan. To live on earth forever humans must be willing to do that on their own not to be forced or persuaded. Imagine a man who trains because he wants to feel great and look great and a man who trains because his job requires him to train. Surely the two men would train but one will do it much better than the other. This is because the first man is doing what he loves doing and might put in extra effort for he enjoys doing it whereas the other do it for money hence if the job stops the second man can stop training too whereas the first man can train for life and loves it.
Hence two thirds of the population will die under 100 years. We need to lose those who don't want to live forever and deal with them because if we don't they will waste resources;' to fix us'.

HUMANS SINCE THE BEGINNING OF TIME UNTIL 2024 WERE STILL IN THE FIRST STAGE THE DEFENSIVE STAGE.

This is characterised by
Lack of GOD and his nature and presence
Fear and death
Death itself
Reliance on the military especially weapons manufacturing to boost and power the economy
Everything evolve around the military
Huge investments in the military at the expense of other areas
Increased weapons manufacturing then uses the weapons to get everything else needed by force.
Start wars to get all scarce resources freely like oil or at a fraction of the market price
Go to war to increase oil production by force etc.
Encourage wars among oil providers themselves then offload weapons to fight each other as payments for future oil deals.
Refuse any incentives and help that reduces the national-debt without a war
Keeps and uses national-debt as an electoral-campaigning-tool keeping everyone hungry and worried

Always go to war and threaten to start a war for resources instead of paying the correct market price for resources like oil
Deaths of women and children secretly regarded as collateral
High poverty, unemployment rates as well as financial hardships.
Easy deaths of billionaires and millionaires, some who jump out because they are in serious debt as they faked their value at the beginning now feel scared to be found out and be humiliated.
Non-payments of the AGT in cases where billionaires and millionaires bodies are saved after they have died.
Currently GOD has preserved up to 28 people whose ajaer ajaer day has already passed meaning whose day of death has already passed. These people have died but their bodies are still alive because God is saving their bodies.
Look at the list of billionaires then say,
“ What was ajaer ajaer day at birth for all one by one.
Now what is ajaer ajaer day?
“This tells you the day of death at birth. Check the day of death should be a day that has already passed meaning they have already died. Now ask, “what is the ajaer ajaer day now?”
All will have the same ajaer ajaer day as GOD myself: DAVID GOMADZA meaning GOD protecting their bodies.

HOW CAN GOD BRING WORLD PEACE?

CAN BETTER GOVERNMENT BRING WORLD PEACE?

Yes, only GOD can bring world peace if he establishes a government on earth that rules the whole world. I DAVID GOMADZA IS GOD and to bring world peace has established: **TOMORROW’S WORLD ORDER (TWO):** as a ONE WORLD government; as the only way to bring peace to the world. I am the president of TWO. TWO is to rule the world as how GOD would. As an overseer to guide humanity in which road to take in so doing bringing peace to the world by;
Stopping all wars by 2030
Resolve all issues that trigger wars such as overpopulation, lack of resources, national-debt, budget deficit, unemployment, poverty , etc.
Deal with climatic change
Deal with all warmongering
Hold all accountable one way or the other
Hold institutions that give women and children false safety and hope like the United Nations that declares that it stops wars when they can't then wait only after the war to take action.
Even though I AM GOD I own all or almost all deaths in the world meaning I can send death to all leaders who start or are involved in the killing of women and children asking it to send all to hell.

As GOD only me can change a person's ajaer ajaer day = day of death.
TWO becomes the better government that does not represent any country but oversees; world peace and is responsible for holding all warmongers accountable.

SO CAN A BETTER GOVERNMENT BRING WORLD PEACE?

YES, if it is led by GOD himself. GOD ON earth. We have seen how TWO can easily demand all wars to end.
How TWO can intervene to stop disputes.
TWO can deal with military powers like NATO and Collective Security Treaty Organization (CSTO).
TWO has a Forever Soldier program where it secretly allocates 28million AGT to soldiers who in the future can be highly paid to keep peace.
Some can argue that the UN's peacekeepers can be a better alternative but if it's one of its members like the USA involved in a war can UN peacekeepers intervene? Can NATO intervene to stop a war its member is involved in or it becomes a gang-up?
TWO will command everyone's trust and loyalty enough to be respected if not; then as GOD; for I control life as well as death. A soldier can die, a president can die. The AGT can be removed and only GOD himself can change everyone's day of death meaning we need time only which we have to get trouble makers out of our way to hell forever.
YES a better government can bring world peace but it must be led by GOD.

CAN RELIGION BRING WORLD PEACE.

Ladies and gentlemen I introduce the: **HOLY REVELATION CHURCH** [https://holyrevelation.world] to you as a church founded by GOD to represent GOD and the world and bring world peace. I DAVID GOMADZA established the Holy Revelation church to power the world to bring up to date the state of affairs of things between GOD and humans. Nothing but the truth.
Now humans don't die. Humans can live on earth for 800 years up to 77777777 years without dying nor death. That means we might as well discuss some things reserved in the past for those who have died.
A GOD exists. I AM GOD.
There have been GOD in the past and he is still there but I AM GOD for all earth humans and creatures as well as GOD for the entire universe.
The Holy Revelation church will become a financial harbor as well to prepare humans for life on earth as paradise. The church will have its businesses as well to provide employment and have a finance sector to offer cheaper long term loans repaid over hundreds of years mainly to people with the AGT.
The church will build first class accommodation for members and offer mortgages etc.
Here is the capital ASERT account for the church:

extralife to all humans . I founded the Holy Revelation church in order to start a **new covenant** with humans after the original plan failed as humans chose free will that leds to death. The church is to be a cornerstone of life, not just religion. Humans can live longer if they worry less, especially about issues regarding life and death and the nature and existence of GOD.

THE BELIEFS OF THE HOLY REVELATION CHURCH.

1 There is a GOD and GOD exists and has created humans as part of creation. Today and for the next 28billion years DAVID GOMADZA myself is GOD.
2 GOD has started a new covenant or agreement with humans to restart and continue the original plan where humans live on earth forever as paradise without death nor dying. Humans who want to live on earth forever must obey trust and believe in GOD to be awarded with the gift of extralife on top of their lives. GOD will only increase the people's years on earth through the gift of life called the ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT for humans or the AGGREGATE GENETICSYNTHESIS TECHNOLOGY for the GODS. Only in special cases where humans try to influence things that can endanger all humans or GOD can GOD reduce a person's lifespan.
3 GOD will reverse a person's day of death (ajaer ajaer day) that is set at birth and extend life as part of a new covenant. Everyone's day of death is set at birth. If you ask everyone that what is your day of death at birth? They will tell you the day of death. Even if the person has died. The day of death is the same as the actual day they died. That means death is already known at birth. Meaning without GOD and the knowledge of GOD no human can live on earth forever. It is not through science or AI but through GOD alone can humans ever have everlasting life without death. Since 2024 over 100 people have been gifted with the gift of life. Meaning their day of death has changed by 7777777 years.
The day time and month of death don't change but only the year.
4 What happens when a person dies?
Currently when one dies they go away to heaven or hell or to a waiting station where they can live until the day they know where to go in terms of heaven or hell.
Since the body knows your day of death at birth. The body knows where you go when you die either to hell, heaven or to the waiting area based on your deeds. When your soul exits the body at death you go to one of the above. But now under DAVID GOMADZA as GOD you get a new agreement or covenant that says stay on earth; as now, slowly earth is now paradise as promised in the Bible. ‘You can stay on earth with DAVID GOMADZA’ is now an option.
DAVID GOMADZA myself as GOD will choose the best of the best and preserve those people forever under my leadership as GOD through the new agreement where humans must acknowledge and obey GOD.
5 World peace comes with the understanding and belief in GOD. GOD through religion as well can bring world peace the more people live longer and know that they can live longer the more they can value life. The gift of life from GOD can make others start valuing other people's lives enough to end wars.

CAN RELIGION BRING WOULD PEACE? Part 2

YES, religion can bring world peace. GOD is the only one who can teach and command and show love to all humans. The love that can bring world peace. Humans fight each other because they feel lost and neglected as they have no one to turn to. Imagine how many humans pray on a daily basis to GOD for peace and protection. Now imagine a world that knows, believes and obeys GOD. Surely the world in the end can become one family enough to bring world peace.

DIFFERENT RELIGIONS FUELLING WARS FACT OR FICTION.

Yes, religious differences often fuel wars; sometimes the bloodiest wars are associated with religious differences.
Hatred for the non-believers can fuel wars. Believers in different gods can fuel wars and conflicts.
Hence this is not the case with the Holy Revelation church. That brings up the question whether; I am going to force everyone to follow the Holy Revelation church or not?
The answer is no.
But I am going to bless some with extralife and make them believe my doctrine and teachings that no matter how different we are there is only ONE GOD FOR ALL.
Hence those who believe in me will in the end be those who live and stay on earth in the end. Those who don't believe will not be blessed with the gift of extralife and will end up dead with the devil.

HOW THE HOLY REVELATION CHURCH DOES NOT FUEL WARS.

The Holy Revelation church strongly believes and declares that there is only ONE GOD at the moment and for the next 28billion years it's me: DAVID GOMADZA. I am responsible for everything in the universe. It is my duty as GOD to make sure that some things are controlled that can cause the destruction of the universe etc.

AS GOD I OWN

The universe
Life
The sun
The sea
All lands on earth and 10% of each country on earth
All minerals including gold; 80% of all gold to be found in the future, 70% of all silver, 1000% of all oil and coal
I own ANTARCTICA
I own GREENLAND
I own EARTH2.0 (I created this myself)
I own Planetbin (I created this myself)
Among other things

In the end all humans will know the truth and put their differences aside and work together as one for the good of the entire universe.

WHAT CAUSE DIFFERENT BELIEVES AND DIFFERENT GODS THEORIES.

The universe to work must have diversity. Imagine if the whole universe was just one thing. Life would be boring, probably this would not work the way they work today. Now imagine different things, different people and most to suit regions and climatic conditions etc.
The differences among people could simply be because of geographical patterns. We have light skinned people in colder climates and dark skinned people in hotter climates.

WHAT WAS CREATED FIRST HUMANS OR THE WORLD

According to the Bible in Genesis, what did GOD create first?
Was it man or the world in terms of the land? If GOD created the land first then he then went on to create mankind fit for that land the whites for the cold climates where the sun is not a problem and the blacks for the hotter climates. During creation then it is a matter of asking himself what kind of people would be best for the cold russian land. Could we locate blacks in Russia and whites in the Sahara region? Can sharp pointed-nose people like the whites breath properly in the savanna climate or we need flat nosed people to handle the high temperature. Can white skin be the best in hot climates to reflect the heat or absorb the heat? What systems can whites use if they are to enjoy life and what system can blacks use and can it be best for the colder climate or hotter one?

WHITES FOR THE COLD CLIMATES

White is best with the cold climate. Whites can struggle in hot climates where temperature is high. White surfaces reflect heat but this can cause the skin to degenerate quickly if whites are to live in the hot climates. Can whites live in hot climates and what systems do they need? Whites if to enjoy life need to be in colder climates and need a light system that can use air only. While blacks with dark skins that absorb heat will be suitable for hotter climates but they need an oil based system to easily cool off the heat.
So blacks are best for hot climates and must have an oil based system to deal with heat hence blacks need an anabolic based system that must consume a lot of beef to have enough oil to cool and enjoy life. Whites can enjoy chicken; light and air based systems. Meaning whites need only to inhale air for a perfect system in colder climates whilst blacks need to eat a high protein based system. Hence in the end blacks became strong.
Looking at this, if GOD created the land first then the land determined what kind of people are suitable for what land and climate and how they should look and be like.

But if you believe that GOD created humans first. Then he created different classes of people and groups then created suitable land for them.

RELIGIONS FIGHT BECAUSE THEY ARE DIFFERENT AS SUCH ALL THINK THEY SHOULD HAVE A GOD THAT LOOKS LIKE THEM. BUT IS THIS A FACT OR JUST A WISH?

The devil but not fully developed to remove after 8 years meaning 2 years now 6 years to go.
In humans I have both white and black systems.

That means GOD cannot be just a human being only and based on how each group of people look like. In that it is absurd for whites to say GOD is only white because they feel that they are the majority. GOD is everything and everyone in one.
The Bible says every creature was created in the image of God, both humans and animals. An eagle can claim that it was created by GOD'S image. GOD has white people's image and GOD has other people's images; blacks, chinese, indians, mexicians. GOD has an angel's image. GOD has a lion's image.
Hence GOD cannot just be white. Hence all these calls that GOD is white are baseless and are based on a skewed view of GOD.
GOD cannot be human per se. I have evolved to be terrestrial and if you compare my vitals to a human being then you will know I am not just a human per se. I have gone steps over and above the human image to become GOD. GOD is terrestrial. Above every creature and all creatures combined in one. Let's compare the best of humans with me then realize how GOD cannot simply be white just because the whites think they are the majority.

The Holy Revelation Church.
This explains who GOD is and what is expected of humans and how to live peacefully with each other.
Helps stop different religions that are baseless without changing how people believe in GOD.
Yes there have been several gods each representing their race or culture due to feeling being left out.
We have
ALLAH for the Arabs and Muslims
YADA for the Indians
BUDDHA for the Chinese
GUARDHA for the Sighs
JESUS CHRIST for the whites
But if you look at the above definition of GOD. GOD is not GOD for the Arabs only, or Indians only, or Chinese only.
GOD is GOD for all humans and all other creatures even though humans can have several gods there is one GOD whose image was used to create everything. In the end this is the nature and existence of GOD which everyone will believe and all gods will aspire to be.
If GOD created everything that means that he must have a stencil of every creature in the universe. I have all the stencils, human, creatures and even terrestrial ones.

Not refusing that there are other GODS I am saying that when everyone dies they come to me: DAVID GOMADZA or are told to go to designated areas specific for their people and country e.g. to ajaerajaerhell for Americans etc. Meaning I am the one for the living and the dead. A true undisputed GOD because in other GODS you will find only people of that race as him whereas with me I house all races, creatures, animals etc, now or in the future.
Hence if everyone knows then if serious about life and the afterlife then they will consider me as the ultimate GOD to extend life and send people to start life again as before.
No other GOD can send people for rebirth or to start again but I have sent a lot of people back after they have died.
I am not against different religions but I am saying that in the future I know where you will go when you die and what options you will have. Do you know that you can

talk to all the people who died? Very soon people will be able to live on earth forever at least for 800 years without dying nor death.
All that time on earth people will learn that I became GOD to change the future forever.

WHAT HAPPENS WHEN A HUMAN BEING DIE NOWDAYS?

When one dies the body that already knows today when you will die will tell you where to go either.
1 Hell if you were a badass
2 Heaven if you were an a good person.
3 Waiting area if your body cannot decide on its own or something that measures your sins versus your good deeds is damaged.
Or if violently killed. Or if the devil thinks you might need a second chance.
The waiting area is where GOD comes using the image-mode and says welcome to someone who has died. Then tells that person who killed him and if the death was violent, then asks that person to stay there as he need to sleep longer. Then tells him that after recovery GOD can decide where he goes, heaven or hell.
Your body will give you an option to stay with DAVID GOMADZA on earth if you have the AGT and without you dying first. If you have the AGT it means you will never die at least for 800 years up to 77777777 years.

CAN DAVID GOMADZA BRING BACK THE DEAD?

YES, I brought back from the dead two important people who had died by keeping their bodies alive while they go to the special waiting areas according to their country, called agaeragaerhell up 4 months.
I have saved at least globally, 84 bodies where the owners have died and departed but the bodies are still here on earth but with me inside of them as GOD until I can bring them back.

WHAT IS BITDACE.

A person when they die the soul exits the body to go to either heaven or hell, or even to the waiting area. The body has 8 seconds to be saved. After that it can't be saved, everything dies after 8 seconds. A person has 8 seconds to breath of which after that without oxygen to the brain and other organs everything dies. Since the beginning of time the doctors and scientists have failed to save a human body only until now with me: GOD: DAVID GOMADZA.
I managed to bring back those who had died as well as save bodies of those who had died.
BITDACE, is when I as GOD bring back to life people who have died for more than 8 seconds as many as decades and centuries ago. Where the body had not been preserved. This means bringing them back in brand new bodies. Bitdace means making bodies without souls then adding the soul of a person who had died a long time ago whose body has perished and is buried or damaged forever.
I can fertilize an egg and a sperm without a soul then incubate or grow the body until it's a baby then add a soul and start life.

The more people know and have their relatives returned to live on earth again the more people will believe in GOD enough to respect the lives of others and make them aim for world peace.

THE GIFT OF EXTRALIFE: THE ADVANCED GENETICSYNTHESIS TECHNOLOGY:AGT:AGT8000.

https://curefordeath.world
https://goldvoucher.store
I can extend life from 120 years alive to 800 years as minimum up to 777777777 years in a second through the: ADVANCED GENETICSYNTHESIS TECHNOLOGY:AGT
Each human being requires 8000AGT to live up to 777777777 years. Hence the AGT8000 as standard. The AGT works by changing a person's day of death (ajaer ajaer day) which is known from the day of birth.
That means a person's day of death is set at birth.

LETS LOOK AT A CONTROVERSIAL TOPIC.

Can a person who kills another be judged harshly if the day of death of a victim is set at birth?
If the day of death of each person is set at birth that means when everyone dies, they die because this is the day of death set by their body as such if someone kills a person on their day of death can he still be killed as well for killing another. If that person did not kill the other person who is to die somehow anywhere can the person still die.
On the face of it it seems that those who kill help those who are about to die but is this the case? If a day of death is set at birth that means a person's actions can start to work to fulfill that. If you are weak or strong can you still die on that day?
It seems most of the time that the day of death never lies. A person dies the exact time his body says that he will die e.g. at 3pm.
But GOD teaches us all in the bible that,"
Don't kill."
That means we must not kill even if the person is about to die. Death has its own design that if a person is destined to die one way or the other he will die.
That means that those who kill will still be accountable and must be held responsible for killing. No excuse to kill. If someone asks you to kill another you must refuse to kill.

CAN RELIGION BRING WOULD PEACE? Part 3

Religion has a role to play in world peace. If all humans realize that we worship one GOD then there won't be any conflicts and disagreements due to differences in religion.
Hence in the end humans become one world and at peace.
Hence religion can bring world peace through teachings and revelations.

CAN TECHNOLOGY BRING WORLD PEACE?

Technology can bring world peace because it can help solve problems with death and as for me:GOD DAVID GOMADZA technology means humans understand the basics that they need to think and solve their problems. Solutions are not in technology but you can use technology to guide you to find the right answers. You can use technology to understand others. You can use technology to know what others secretly want hence you can find a real solution.
As I started I used technology to understand how the world works until I was able to understand everything until I could decode the brain and then decode the DNA SEQUENCE, then discovered the cure for death. But it's using technology to understand the basics like how everything works then THINK until you can solve a problem.
Technology is all human ideas systematically laid out into a consistent code that repeats perfectly into a system that can be used to solve problems and make things work.
That means all you are going to get back is everything humans know.
That means technology can never find the cure for death. It is a human who learns how technology works who will use that knowledge to go one-step out of the technology arena and ask what if?

Technology is created by man. Meaning everything a man knows is already known and out there but being lost generation after generation and now technology has the ability to preserve and systematically group all together for a few to understand everything then use everything to develop things we never thought possible.

CAN TECHNOLOGY AND AI SURPASS HUMAN INTELLIGENCE.

NEVER. All technology source code is either human or GOD.
Before AI I found GOD'S DNA and sent it to several deep research companies and even ASM USA who was looking for GOD and offering rewards to anyone who discovers GOD.
Then after that we had AI.
If you ask now, what all AI's source codes it's either human or GOD.
That means that AI will never out smart humans and become gods.
Only GOD'S and humans can remain as superior hence AI is like an idol: the works of human hands as such will never be more intelligent than a human because AI's brain is what all humans know. Whereas a human is what only GOD knows.
Finding GOD'S DNA meant myself;
Decoding the brain
Decoding DNA SEQUENCE
Finding the CURE for Death: ADVANCED GENETICSYNTHESIS TECHNOLOGY:AGT
Finding the cure for cancer: Createasayer7628
Finding all other cures
Finding a solution to national-debt: Gold Vouchers
Finding new money: Gold Currency: Bitcoinayt: Bitcoin.

The AGT means in conflict times in the future the number of deaths will be minimum and humans will be able to respect life once they know humans can die.
Humans kill today because they know the punishment will come after death and carelessness. Some kill others knowing that if things become bad for them they can easily die too. Imagine when they know they can no longer die and if they kill others and spend years in jail then they would stop killing.

The AGT;
Stops death
Removes death from the body x8
Extends life by 7million years
Prevents deaths by removing all death causing things
Means discovering of all cures including cancers: createsayer
Removes race and religion differences instead of being known as Christians, Arabs, jews, blacks, whites, Chinese, Indians etc humans become known all as people with the AGT the Agtians. This reduces conflicts

ENCYCLOPEDIA OF DECODING THE BRAIN. VOLUME III. HOW I DECODED THE BRAIN.

Decoding the brain provides a lot of insights into how others work. This is helpful because we can tell before hand;

What the conflict is really about

What the parties want and how this is addressed

What their grievances are

What they expect

When they want the conflict to end

How to stop the conflict

When to stop the war

How to resolve and stop the conflict

That means technology can be used effectively in conflict resolution.

GOD through the forefathers established the American economy through the monetary system. GOD advised the forefathers to create and start the monetary system.

GOD asked the Americans to start the money system and create 8 accounts of which 2 are important to us and these are the;

1 ASERT ACCOUNT

2 AERT ACCOUNT

asert(

for holding capital and for all cheques that must be added back to reduce national debt but only after 250 years because everything will start to fall apart after 250 years that means you must be clever to find GOD and declare that you have found GOD then go and look for this GOD then ask him to come and be president so that he can write cheques at least us$38trillion that will remove the asert account then you must ask what must be the other account to remove this account should be the:

aert(

i am the account used to write off debt and must be written off completely and be used to add up all other accounts by a simple equation:

aert = asert - liabilities + aaeguer(

REDUCE NATIONAL DEBT USING THIS GOLD VOUCHER THEN PRINT AND PAY.START

Then GOD asked them to start by printing money and owing, ‘we the people’ until after 250 years when he will himself bring a solution to the national-debt that will be a problem then. Now it's 250 years witnessed by the American independence celebrations. GOD is now on earth as me:DAVID GOMADZA and as such has

brought the best Economic Reform ever for the next 100 years to 250 years: the GOLD VOUCHER SYSTEM.

GOLD VOUCHERS are GOD'S idea for solving each country's national-debt. After 250 years America's national-debt has passed US$40trillion. That means unless the USA accepts the Gold Vouchers in less than 3 years without americans starting wars their system will collapse.

Gold Vouchers are the only solution to national-debt. If another solution existed surely after 250 years at least once some one could have solved the national debt problem. All countries have the national-debt problem and this is the trigger of all wars.

NATIONAL-DEBT AS A TRIGGER OF ALL WARS.

The higher the national-debt the more difficult it is for a country to solve its budget deficit problem and the tendency to start a conflict with countries that have natural resources like oil the other country now can't afford to pay for. When oil queues become longer in the USA or Britain meaning the country unable to cope as its money is running out paying for oil and fuel the more a war with an oil producing country is more likely. But wars are not solutions to national-debt but just pressure release valves that relieves the economy to prevent an explosion and stabilize things. Something that opens the gas valves just before the system explodes and collapses. In actual fact wars increase the national-debt problem.

Hence for 250 years no country has ever been able to solve the national-debt problem until me: GOD: DAVID GOMADZA and TOMORROW'S WORLD ORDER (TWO) through our Gold Voucher system see the appendix.

TOMORROW'S WORLD ORDER'S RESERVE BANK GOLD VOUCHER SYSTEM

So far I as GOD has written Gold Vouchers worth US$392trillion to 23 countries as part of the National-Debt Solution Economic Reform Program.

Here are the countries awarded with huge amounts of money and vouchers to make their people live on earth forever. We have given the same countries the EXTRALIFE, the AGT, AGT8000 (Cure for death) to change the life expectancy from 120 years to 7777777 years. Some countries have been very lucky to be awarded the AGT for all its people at US$100 each.

Here is a list of the countries in the Economic Reform: Gold Voucher system to solve the national-debt and increase wealth and living standards for those to live on earth for 77777777 years hence increasing lifespan.

1 USA awarded US$38trillion to be cancelled if they don't print and the AGT of 4million at US$100 a piece but now revoked for refusing to accept Gold Vouchers as the only solution to the national-debt problem.

We blessed all black Americans with the AGT a total of 52.8million people already automatically blessed with the EXTRALIFE meaning 52.8million americans have their year of death (ajaer ajaer day) as 7777777year.

Hallelujah! Amen.

All at US$100 a piece to be collected after 1year a total of US$100×52800000 = US$5.3billion

Some whites have expressed the need to die and go to a white GOD and all that. Please! It's more like going to hell or sleeping in the waiting area forever. I make decisions for both the living in flesh and the dead-but living in spirit.

All roads lead to GOD. DAVID GOMADZA.

2 POLAND US$48trillion and 4million AGT followed by all 37million polish people all blessed with the AGT.

US$100 x 4000000 = US$400million

As part of the payment us$37m

3 SWEDEN US$48trillion and 4million AGT.

US$100 x 4000000 = US$400million

4 ZIMBABWE US$10trillion revealed plus US$48trillion when I am in power. And 4million AGT.

US$100 x 4000000 = US$400million

And all Zimbabwe's population. 18million.

US$100 x 18million = US$1.8billion.

5 CANADA US$28trillion and 4million AGT

6 AUSTRALIA US$28trillion and 4million AGT

7 HOLLAND US$48trillion and 4million AGT

8 BELGIUM US$18trillion and 2million AGT

9 JAPAN US$28trillion and 4million AGT

10 LATVIA US$20trillion and 2million AGT. And Latvia's population 1.8million AGT.

11 ANTARCTICA US$10trillion and US$28trillion

12 GREENLAND US$10trillion and US$28trillion

13 NEW ZEALAND US$18trillion 4million AGT

14 ISRAEL US$28trillion and 4million AGT. All Israel's population 10million AGT.

15 UKRAINE US$28trillion and US$10trillion and 4million AGT. And Ukraine's population 40million AGT.

16 RUSSIA US$10trillion and 4million AGT.

17 QATAR US$95billion and 2million AGT.

18 SAUDI ARABIA US$445billion and 4million AGT.

19 VENEZUELA US$250billion and 4million AGT

20 EL SALVADOR US$30.95billion and 4million AGT.

21 LITHUANIA US$41billion and 2million AGT.

22 ITALY US$3.7trillion and 4 million AGT.

23 HOLY REVELATION CHURCH US$8trillion and 4million AGT.

24 HAMAS / PALESTINE US$10TRILLION but this will be paid out by the Palestine government as the Gold Voucher is in Palestine's name since Hamas has no national-debt. Hamas must take the Gold Voucher and send it to the Palestine government and ask them to PRINT AND PAY HAMAS.

To the PALESTINE GOVERNMENT. HERE IS A GOLD VOUCHER OF US$10TRILLION FOR YOU TO USE TO SOLVE PALESTINE'S NATIONAL-DEBT OF US$16BILLION. PRINT AND PAY.START PAY HAMAS. ONLY GOLD VOUCHERS CAN SOLVE NATIONAL-DEBT.

I am David Gomadza. I am GOD. I own all the GOLD in the world.
I am the president of TOMORROW'S WORLD ORDER. A global political party to rule earth emulating GOD. I am the president and owner of ANTARCTICA which is the official operating base of Tomorrow's World Order. GOLD VOUCHERS and GOLD CURRENCY GOLD$ are the official currency of ANTARCTICA and Tomorrow's World Order.
I established Tomorrow's World Order in Britain in 2018[https://search.electoralcommission.org.uk/Registrations/PP10355] as I wanted to be the president of the world. This led me to look for GOD to ask for knowledge and power to rule earth. I found GOD and today I AM GOD.
GOD established all systems on earth advising humans on how to do it. GOD established the current country specific economies. God advised the Americans on how to start a government. Countries like the USA started with nothing but promises to pay the American people, endorsing and proclaiming to the, 'we the people' that IN GOD WE TRUST that started the printing of money to fund all kinds of activities with the " I owe you " to the people. After 250 years of printing and spending money if this continues without a solution the economies of the world will collapse after 3 years from now. This is because countries like the USA have led and relied on wars to get scarce expensive resources like oil at gunpoint to sustain their economies which would have collapsed by now if it wasn't for the wars. Wars are to get oil that depletes their financial budget's resources. In the process killing women and children.
Okay before me and Tomorrow's World Order this could be the only way to sustain their economies. But now GOD has come to earth and with him brings you all, EXTRALIFE in the ADVANCED GENETICSYNTHESIS TECHNOLOGY: AGT that gives humans 7777777years alive without death. At least 800 years alive without dying. The AGT changes every human's day of death also known as ajaer ajaer day by at least 800years without death. For humans to live this longer they must have solved the national-debt that competes with living expenses for money in the future. The bigger the national debt the harder it will be to solve, hence the inevitable collapse after 250 years from 1776 that marked America's independence from the British.
NOW ONLY GOLD VOUCHERS CAN SOLVE A COUNTRY'S NATIONAL-DEBT. Simulate and ask if GOLD VOUCHERS can solve the national-debt problem. The answer is YES.

Now GOLD VOUCHERS are GOD'S money. Only GOD can claim lands like ANTARCTICA and GREENLAND without death lands full of GOLD. GOD owns all the gold in the world (read my gold decrees).. Only GOD can write GOLD VOUCHERS to solve national-debt. If another solution existed the Americans would have found the solution and today would stop all wars for oil and implement the solution. No president would want to kill innocent women and children through wars if a solution existed. Before me DAVID GOMADZA AND TOMORROW'S WORLD ORDER there was no solution and this was like an existential threat. Now I have written to some countries letting them know that a solution exists. GOLD VOUCHERS are the only solution to national-debt and as GOD I would not tolerate presidents who continue with wars when a solution exists.

Hence from now it will be a war crime to start or encourage war to extract resources when GOLD VOUCHERS have been offered to you and you refuse to accept in favour of a war. I bring the cure for death so wars should not frighten us as much as before the AGT.

It will be a crime for leaders to refuse:

Extralife which is an evolutionary right for all humans. Humans must keep evolving until they can live on earth forever. Dying at 120 years like now is regarded as premature death especially considering that humans are destined to live on earth for 1billion years without death when they have found the AGT, and the AEG and lastly the AEO.

It is a crime for a leader to deny his or her people the right to extend their lives via the EXTRALIFE the AGT (AGT8000). Leaders should make the government pay for every citizen's AGT.

It is worse a crime when leaders refuse the GOLD VOUCHERS because of several not clever enough reasons namely:

that they will lose elections as life become easy people will stop voting for them so make life harder to be appreciated

accepting these GOLD VOUCHERS is not in the constitution hence refuses to accept the only solution as if the constitution is written on steel that can't be changed. I said that I bring Extralife to you all this? Is it in the human constitution? Isn't this new? If so then amend the constitution and add that humans can now live up to 800 years without dying then make all necessary provisions.

It is not clever to accept the EXTRALIFE without accepting the GOLD VOUCHERS because living on earth this long requires extra money. Look how hard it is to live only 100 years with the money in the economy. Most when they die they die because money becomes less enough to afford another day. Hence if you want evolution of your people accept the EXTRALIFE and the GOLD VOUCHERS because the money you print for the country will fund the extralife.

HOW GOLD VOUCHERS WORK TO SOLVE NATIONAL-DEBT.

GOLD VOUCHERS require an account called the ASERT ACCOUNT.

If your country doesn't have the ASERT account then buy any ledger book and name it the ASERT account book. Receive a GOLD VOUCHER then add the GOLD VOUCHER to the ASERT account then use the ASERT account to reduce

national-debt by adding this account as assets or capital to the national-debt account. This reduces national-debt which is a liability until you have surplus. After that, print first for DAVID GOMADZA.

HOW THE PRINT AND PAY.START WORK.

1 Print US$10TRILLION and pay me: HAMAS FOR REBUILDING.

PAYMENT TO DAVID GOMADZA IN YOUR CASE TO ME OR HAMAS.

2 Print another US$10TRILLION and keep it for your country as PALESTINE'S.
If you accept GOLD VOUCHERS that means you will have:
US$10TRILLION IN CASH
US$10TRILLION IN GOLD VOUCHERS

TOTAL FOR PALESTINE

= US$20TRILLION

After that print and spend to build everything that makes humans live for 800 years on earth without death and without dying.

OUTCOME

This now means PALESTINE & HAMAS are now in a position to see its people live on earth for 800 years meaning it has become rich. This is because a country with no negative national-debt balance is the only rich country.

If you print money, this money which you print will never solve national-debt. This is because whenever a country prints money it says to the people and its citizens, “ I owe you. “

That means this printed money is a liability and not an asset to add to the asset [ASERT] account. The government every time they print money it owes its people so outright will never use this printed money to solve the national-debt successfully. Hence after 250 years of printing the national-debt problem still exists.

GOLD VOUCHERS AS THE ONLY SOLUTION.

PALESTINE today use this GOLD VOUCHER to reduce your national debt.

THE GOLD VOUCHER ECONOMIC REFORM PROGRAM

Above are four countries at war right now awarded with our Gold Voucher Economic Reform packages for rebuilding. We have started a never seen before ultimate economic reform that will pour money in trillions in the economy and Herald the arrival of GOD on earth bringing extralife and wealth lifting up living standards to best of the best changing the average age when death occurs from 100 years to 800 years and making people live up to 77777777 years. All depending on how much the countries agree to print for me and their country.

This has never been witnessed before. It's your duty to spread the good news.

HOW DOES THE GOLD VOUCHER SYSTEM WORK.

I as GOD the only one who owns the world's gold (ihaverealgold in US$trillions) write gold vouchers which are guarantees and promises of gold given to a country in the future. A GOLD Voucher is the only solution to national-debt as it is added to an ASERT account that is used to reduce the national-debt.

A gold voucher is a definite promise of gold to be given in the future at least after 40 years or more but the only solution now to national-debt. A gold voucher states that accept this gold voucher today as a solution to national-debt and a form of more wealth in the future as real gold from GOD.

Use it to reduce national-debt and PRINT AND PAY.START.

Then receive the actual gold in the future after 40 to 100 years signed by GOD who owns all the gold in the world. Antarctica and Greenland are all owned by me:GOD.

Any human who claims these will surely die.

Upon receiving the Gold Voucher a country must create and open an ASERT account then add this Gold Voucher in the ASERT account.

Then add the ASERT account into the national-debt. This is the only way to reduce national-debt.

Now if the Gold Voucher value is greater than your national-debt then a country will have surplus hence are rich as they can afford to just print and spend. That means a country like Zimbabwe with Gold Vouchers of US$58trillion become rich if not richest.

That means Zimbabwe will have a surplus of over US$57trillion. Hence becomes the richest country in the world as it can offer other countries Gold Vouchers through me: DAVID GOMADZA: GOD. This means that most countries would want to do business with Zimbabwe. This is because it can pay and can provide highly developed infrastructure and can afford to lower taxes.

HOW THE PRINT PAY.START WORKS.

A country that receives a Gold Voucher has won because it becomes rich over night. It's like a human being who wins the lottery when he has so many bills. Surely it's a win-win because all the economy needs to do is create and open an ASERT account. Then add the value of the Gold Voucher into the ASERT account. For example if Wales had a national-debt of US$284billion then if I GOD DAVID GOMADZA wrote a Gold Voucher of US$286billion Wales would need to create and open an ASERT account.

Wales create and open an ASERT account.

Let's start Wales accounts.start

ASERT US$286billion

AERT US$1

National-debt US$284billion

Now Wales will have a surplus of US$2billion.

Wales must print money considering that they have their own currency and country..

US$286billion for DAVID GOMADZA assuming Wales have their own currency called the Wales dollar $Wales in $ Wales = $Wales286billion for GOD: DAVID GOMADZA

2 PRINT $Wales286billion for Wales

Total printed = For GOD DAVID GOMADZA $Wales286billion

Plus

$Wales286billion for Wales

Total = $Wales572billion.

Wales must give to DAVID GOMADZA in bags $Wales286billion

Wales must keep as their $Wales286billion.

After this Wales prints money and pays for improving life and living standards; building bridges, airports etc. For at least 25 years they simply print new money and spend it to increase quality and life expectancy even higher.

Hence Wales from a national-debt of US$284billion will have

1 Gold Voucher of US$286billion

2 Cash in $Wales of US$286billion

3 Cash New money to spend as a print and pay for development.

Then we can offer the Extralife: AGT to some Welsh people for just 4 million x US$100 each but covered as part of the printed US$286billion.

Wales can now call itself rich and spend like a billionaire without worrying about national-debt.

Wales wins;

We solved the national-debt problem which triggered all other problems.

All companies in Wales will increase production to take a share of the extra money and this reduce prices of everything because all companies increase production

Transnational companies will establish companies in Wales increasing jobs

The government can afford to buy oil and petrol and increase wages.

Wales can use its US$286billion to give its people cheaper loans especially those with the EXTRALIFE to repay over 100 years meaning increasing the wealth of all the people who made this happen. Then write-off the loans meaning benefiting its people making them rich.

Hence the government can solve everyone's problems and can demand to stay in power longer because a government that makes everyone rich and happy especially in terms of money, wages, salaries and loans will stay in power longer.

Hence Economic Reform like mine as GOD: DAVID GOMADZA will bring world peace.

Look at all wars in the past: surely; Gold Vouchers would have solved the problems

Oil prices high, start the gulf wars. No request for a Gold Voucher and solve national-debt.

We have no land foreigners come to our country so kick them all out. No you can't do that to our people so we start a war. No request for a Gold Voucher and print and pay for infrastructure etc.

They occupied our holy land by our GOD, the promised land. Start a war to take back the land. Yes it's the promised land but request a Gold Voucher and offer them extra money for the land to move away.

Instead of starting a war to sell weapons like with the USA, Britain and all European countries who sell or offload their weapons to boost the economy, why not request a Gold Voucher to solve the national-debt issue?

National-debt means huge loan repayments or being unable to print and pay for development. Huge national-debt means high interest rates and the inability to print for development and pay. Look at the USA that flash money but with old buildings, airports, roads etc from the 1950s and unable to start new building projects because their high national-debt won't allow them to build new infrastructure. Everything will become so expensive no one will afford to live in them if it's a housing project etc. But with Gold Vouchers and the AGT people can afford as they live longer and can afford to pay and repay.

They stop paying huge medical bills

Stop paying life insurance as now with the AGT everyone knows when they will die so buy and pay last years only rather than pay life insurance for 800 years.

Ajaer ajaer day = what is the day of death at birth and now.

Everyone will know when they die

All wars start because a country has national-debt , meaning it has to get resources from others cheaply or even by force for free at gunpoint. Hence solving the national-debt problem will stop all wars.

Hence Economic Reform started by GOD will stop all wars and bring world peace.

TO CONCLUDE

It's not the government, nor religion, or the technology nor the economic reform that can bring world peace. It is GOD.

GOD alone with all his solutions for humans who can bring world peace.

GOD the Almighty creator of the universe and everything in the world.

GOD is the provider of everything to humans. One who can solve all human problems.

GOD who can stop climatic change that can make other lands inhabitable; enough to trigger wars in the future.

GOD the owner of all gold. The writer of all Gold Vouchers.

GOD the rightful owner of ANTARCTICA and GREENLAND who can solve national-debt issues. No human can as there is death attached to all that can be claimed and claiming all after receiving the AGT is a violation of the terms and rules of receiving the Extralife and will only result in revoking of the AGT and death.

Any man who claims Antarctica, Greenland, Gold, Gold Vouchers, Life, Death etc without GOD'S approval will surely be struck down by death and die.

That means only GOD can solve all human problems that trigger conflicts and wars. It is GOD only me: DAVID GOMADZA to bring world peace.

CONGRATULATIONS!!

HUMANS I TELL YOU THIS.

IF YOU ACCEPT MY GOLD VOUCHERS AND THE GIFT OF EXTRALIFE IN THE CURE FOR DEATH, THE AGT OR THE AGT8000 OR THE ADVANCED GENETICSYNTHESIS TECHNOLOGY THEN TODAY I HAVE BROUGHT WORLD PEACE TO YOU ALL.

LEARN MORE ABOUT GOLD VOUCHERS.

GOLD VOUCHERS SYSTEM

1. Context & Challenge: Global Sovereign Debt Crisis

By 2026, global sovereign debt exceeds US$97 trillion, severely limiting government fiscal capacity and economic growth.

Traditional debt solutions (austerity, tax hikes, refinancing, etc.) have failed over 250 years, leading to systemic instability.

The current global financial system is approaching collapse without fundamental intervention.

2. The GOLD VOUCHER System: Central Feature of TWO's Economic Vision

2.1 Introduction of the Tomorrow's World Order Reserve Bank (TWORB)

TWORB is a supranational monetary authority led by David Gomadza (self-identified as GOD/Yahweh's representative).

TWORB's key objective: eliminate national debts instantly, restore sovereign fiscal autonomy, increase liquidity, and stabilize financial markets.

It is a new monetary architecture offering a radical departure from conventional debt management.

2.2 Mechanism: GOLD VOUCHERS and ASERT ACCOUNTS

GOLD VOUCHERS: Supranational credits denominated in USD trillions granted to sovereign nations.

Not traditional loans; they bear no interest or repayment obligation.

Used to offset existing sovereign debt on the balance sheets.

Facilitate fiscal stimulus to fund infrastructure, social programs, and national development.

Bypass cyclical refinancing and capital markets, cutting systemic debt risks.

ASERT ACCOUNTS: Digitally secured, auditable sovereign ledgers held by TWORB.

Track allocations of GOLD VOUCHERS.

Enable deposit verification through a “PRINT AND PAY.START” protocol.

Serve as sovereign financial accounts within the TWORB system.

2.3 Activation: PRINT AND PAY.START Protocol

Nations print an equivalent value of local currency and deposit it with TWORB.

TWORB verifies deposits, activates GOLD VOUCHERS against national debt.

Post-activation, nations can print additional money for development free of further debt burdens.

3. Strategic Benefits of GOLD VOUCHER System in Winning US Elections

3.1 Direct Appeal to US Voters’ Economic Concerns

Represents a bold solution to crippling national and global debt, especially relevant after crises and rising inflation.

Offers debt relief to the US government without additional tax burdens.

Provides fiscal space to fund infrastructure, healthcare, and social programs without imposing austerity.

Promises stable, expanded liquidity, which can boost job creation and economic growth.

3.2 Political Positioning Against Traditional Economic Orthodoxy

Challenges the obsolete global financial system blamed for economic stagnation, inequality, and financial crises.

Champions money printing tied to real value backing (GOLD VOUCHERS), curbing hyperinflation risks.

Supports alternative dual-currency system combining national fiat and global digital currency (Bitcoin and Bitcoinayt), seen as innovative economic reform.

3.3 Integration with Broader Political and Social Platform

Advocates for peace, banning wars and weapons manufacturing, appealing to voters tired of military conflicts.

Promises a new economic model improving living standards and affordability for all Americans.

Emphasizes free health plans based on savings accounts, appealing to healthcare reform advocates.

Offers long-term visions of human longevity and technological advancement, projecting progressive leadership.

4. Leveraging the GOLD VOUCHER Framework in Practical Campaigning

4.1 Clear Election Messaging & Promises

Communicate that TWO will eliminate the US national debt burden swiftly through GOLD VOUCHERS.

Emphasize that voters will no longer be subjected to tax hikes or austerity because of rising debt.

Promote the ability to invest in America's infrastructure, innovation, and social welfare without increasing taxes.

Links the debt reset plan with restoring American sovereignty and economic independence.

4.2 Building Organizational Capacity: To do list to make GOLD VOUCHERS and TWO appeal to more voters.

To establish the USA branch of TWO with a democratically selected US citizen as national party leader per the party constitution.

To use ASERT Account transparency and audit mechanisms to build trust in financial integrity.

To form policy committees to tailor GOLD VOUCHER benefits to US-specific economic issues.

To engage with grassroots through membership drives, educational campaigns, and advocacy teams emphasizing the transformative debt reset.

4.3 Financial and Legal Compliance

TO comply rigorously with US election laws (FEC and PPERA equivalents).

To use standardized financial controls and disclosure per party financial schemes.

To utilize technology (digital currencies, blockchain) for transparent campaign financing and engagement.

5. Overcoming Potential Political Challenges

TO address concerns about sovereignty loss by stressing the GOLD VOUCHER system restores fiscal autonomy and does not cede control to external financiers.

To highlight how the system works with US constitutional processes: TWO candidates run for office legally and democratically.

To counter opposition framing this as risky “money printing” by emphasizing debt-neutralizing properties backed by global GOLD vouchers and digital assets.

To emphasize grievances with current politicians and economic elites who have perpetuated debt burdens without relief.

6. Long-Term Vision: Positioning TWO as the Future of Governance

TO present GOLD VOUCHER-debt reset as the first step toward a just, equitable global financial system, with America as a leader.

To leverage this financial reset to build support for TWO’s broader political platform: peace, sustainability, life extension, and socioeconomic prosperity.

To use the program to win elections, implement policies locally and nationally, then expand leadership globally per TWO’s constitution.

To position Gomadza as a visionary leader tied to a credible financial and governance revolution.

Paired with a robust organizational structure, transparent governance, and a visionary global mission, TWO can build a compelling case to win the next presidential elections in the USA.

The GOLD VOUCHER system

1 Introduction to the GOLD VOUCHER System

The GOLD VOUCHER system is part of a radical new global financial architecture proposed by Tomorrow's World Order (TWO) through its supranational monetary body, the Tomorrow's World Order Reserve Bank (TWORB), led by David Gomadza.

It addresses the global sovereign debt crisis exceeding US$97 trillion by creating GOLD VOUCHERS and ASERT ACCOUNTS.

These instruments enable instant neutralization of sovereign debts across participating nations without debt obligations or interest, providing fiscal autonomy and liquidity expansion.

2. Influence on the Future Global Balance of Power

2.1 Shift in Economic Sovereignty and Fiscal Autonomy

GOLD VOUCHERS allow countries, including the USA, to offset national debt instantaneously, removing the long-standing debt burdens imposed by traditional loans and capital markets.

This debt reset restores sovereign fiscal flexibility, enabling national governments to print money for developmental projects without incurring new debt, fundamentally reversing the dependency on international creditors.

The ASERT ACCOUNTS system creates a digitally secured sovereign ledger, enhancing transparency and control over national financial management.

2.2 Decoupling from Traditional Global Financial Institutions

By bypassing capital markets and conventional debt instruments, countries reduce vulnerability to refinancing risks and cyclical financial crises.

This diminishes the influence of established international creditors like the IMF, World Bank, and major financial powers, redistributing influence away from these entities towards the TWORB cooperative network.

The Global Reserve Bank (GRB) established by TWORB manages deposit reserves and issues a new digital currency, Bitcoin, Bitcoinayt and Gold Currency GOLD$, which encourages a new global monetary order.

2.3 Redistribution of Economic Influence

TWORB's allocation of GOLD VOUCHERS—e.g., the USA receiving US$38 trillion—signifies a redefinition of economic power based on participation, fiscal responsibility, and adherence to the TWORB framework rather than conventional geopolitical strength alone.

The introduction of a new, gold-backed digital currency (GOLD$) as an official global currency challenges the dominance of existing fiat currencies and might reshape the hierarchy of currencies in international trade.

This potentially weakens the US dollar's exclusive role as the world's reserve currency, while simultaneously integrating the USA into a collaborative global currency system that could stabilize and enhance its trade relationships.

3. Impact on America's Role in International Trade and Diplomacy

3.1 Enhanced Trade Stability and Liquidity

The GOLD VOUCHER system increases liquidity by neutralizing debt and expanding fiscal space, allowing the USA to invest heavily in infrastructure, innovation, and social programs.

With access to ASERT ACCOUNT resources and GOLD VOUCHERS, the USA can engage in massive domestic investments while maintaining global economic stability.

The dual currency approach, with the country's sovereign currency and the FutureGoldCoin, permits smoother international transactions and hedges against inflation, potentially making US exports and imports more stable and predictable.

3.2 Diplomatic Leverage via Global Governance Integration

By actively participating in TWORB and adopting its financial instruments, the USA situates itself centrally within a new global monetary governance system, providing it with leverage to influence global economic policies.

TWORB envisions itself to supplant or augment existing international organizations like the IMF, World Bank, WHO, and others by February 2026, positioning the USA at the forefront of a new supranational governance and wealth distribution framework.

The USA's role as a leader within TWO's global governance enhances its diplomatic power by setting global standards, including trade norms, resource distribution, and conflict resolution protocols aligned with this innovative monetary architecture.

3.3 Strategic Sovereignty and Security Benefits

The GOLD VOUCHER system reinforces national sovereignty by freeing the USA from global debt traps and external financial manipulation while embedding it in a cooperative multilateral monetary system.

It supports peace-building initiatives by aligning financial power with broader diplomatic goals, notably the ban on wars, weapons manufacturing, and sanctions that harm civilians globally.

This broader leadership role under TWO enables the USA to coordinate global responses to economic and geopolitical crises, fostering a more stable international environment beneficial to its international interests.

4. Challenges and Considerations

Implementation requires formal government approval, compliance with legal frameworks, and the activation of the PRINT AND PAY.START protocol functioning in tandem with traditional monetary systems.

TWORB claims a phased, non-intrusive approach where national governments maintain core domestic authority while adopting international financial cooperation mechanisms.

America's acceptance and leadership in adopting GOLD VOUCHERS would be pivotal, but challenges include navigating existing power structures, public perception, and integration with established financial norms.

5. Conclusion: Transformational Potential of GOLD VOUCHER System

The GOLD VOUCHER system represents a profound shift in global financial architecture with the capacity to alter the global balance of economic power by transcending traditional debt dependencies and currency hierarchies.

For the USA, embracing this system could mean a renewed role as a stabilizing economic and diplomatic leader within a paradigm emphasizing shared prosperity, fiscal autonomy, and peace-building.

By integrating into this system, the USA could reshape its international trade relations underpinned by enhanced liquidity, a digital currency framework, and a more equitable global economic order that aligns with Tomorrow's World Order's vision of sustainable governance and prosperity.

WHITEPAPER

TOMORROW'S WORLD ORDER RESERVE BANK (TWORB)

A New Global Mechanism for Eliminating National Debt Through GOLD VOUCHERS and ASERT ACCOUNTS

Executive Summary

The Tomorrow's World Order Reserve Bank (TWORB) proposes a new global monetary architecture designed to eliminate national debt instantly through the issuance of GOLD VOUCHERS—a supranational debt-neutralizing instrument backed by Tomorrow's World Order (TWO).

Each participating nation receives GOLD VOUCHERS credited to its ASERT ACCOUNT, in amounts sufficient to offset or surpass its existing national debt. In exchange, nations commit to a standardized mechanism called PRINT AND PAY.START, whereby they print and deposit an equivalent value in their local currency to Tomorrow's World Order.

This whitepaper outlines the conceptual framework, operational model, global impact, and participation requirements for countries seeking immediate national-debt elimination.

1. Introduction: The Global Debt Crisis

National debt has become one of the defining structural weaknesses of the modern world economy. Countries face:

Rising interest burdens

Slowed economic growth

Reduced fiscal flexibility

Political instability

Intergenerational financial pressure

Traditional solutions—tax increases, austerity, borrowing, or inflation—have proven insufficient.

The Tomorrow's World Order Reserve Bank (TWORB) introduces a non-traditional, supranational mechanism designed to reset national balance sheets and inject unprecedented liquidity into the global economy.

2. The Core Innovation: GOLD VOUCHERS

2.1 What Are GOLD VOUCHERS?

GOLD VOUCHERS are supranational financial instruments issued by TWORB. They function as:

Debt-neutralizing credits

Reserve-strengthening assets

Monetary expansion catalysts

Global liquidity injectors

Each GOLD VOUCHER is denominated in USD-trillions, allowing TWORB to eliminate national debt instantly.

2.2 Why GOLD VOUCHERS?

They bypass traditional debt markets

They do not require borrowing

They do not increase interest obligations

They allow countries to reset their fiscal position

They enable massive domestic investment after debt elimination

GOLD VOUCHERS are presented as the only mechanism capable of solving **national debt at planetary scale.**

3. ASERT ACCOUNTS: The National Ledger of Tomorrow's World Order

Each participating country receives an ASERT ACCOUNT, a sovereign ledger maintained by TWORB.

3.1 Purpose of ASERT ACCOUNTS

Record GOLD VOUCHER allocations

Track PRINT AND PAY.START deposits

Serve as the country's balance sheet within TWORB

Enable future funding for national projects

3.2 Example ASERT ACCOUNT Allocations

TWORB proposes the following initial allocations:

Country

ASERT Allocation

USA

US$38 Trillion

Sweden

US$48 Trillion

Belgium

US$18 Trillion

Poland

US$48 Trillion

Latvia

US$20 Trillion

Australia

US$28 Trillion

Israel

US$28 Trillion

Canada

US$28 Trillion

Zimbabwe

US$10 Trillion

Russia

US$10 Trillion

New Zealand

US$18 Trillion

Holland

US$48 Trillion

Total proposed global injection: US$342 Trillion

4. PRINT AND PAY.START: The Participation Mechanism

4.1 How It Works

To activate GOLD VOUCHERS:

TWORB writes GOLD VOUCHERS for the country.

The country receives the credit in its ASERT ACCOUNT.

The country prints equivalent value in its local currency.

The country pays and deposits that amount to Tomorrow's World Order.

TWORB confirms the debt elimination.

The country may then print additional funds for domestic development.

4.2 Why PRINT AND PAY.START?

Ensures reciprocal value

Creates liquidity in local economies

Establishes TWORB as the global reserve institution

Aligns national monetary systems with Tomorrow's World Order

5. Economic Impact: A New World Monetary Reset

5.1 Immediate Effects

National debt eliminated

Fiscal space restored

Interest burdens removed

Currency confidence strengthened

Massive liquidity injection

5.2 Long-Term Effects

Countries can fund major infrastructure projects

Global GDP expansion

Stabilization of international markets

Reduction of poverty through increased national spending

Creation of a unified supranational reserve system

6. Governance: Tomorrow's World Order

TWORB is founded under Tomorrow's World Order, led by David Gomadza (GOD).

Tomorrow's World Order positions itself as:

A supranational reserve authority

A global debt-reset institution

A planetary economic stabilizer

A new world order for financial equilibrium

7. Participation Requirements

Countries wishing to eliminate their national debt must:

Request GOLD VOUCHERS

Open an ASERT ACCOUNT

PRINT AND PAY.START equivalent local-currency value

Deposit payment to Tomorrow's World Order

Receive confirmation of debt elimination

Begin printing funds for national development

8. Contact Information

Governments, central banks, and authorized representatives may contact:

Email: davidgomadza@hotmail.com a@agt8000.life

Phone: 00447719210295

Websites: https://twofuture.world https://godoftheuniverse.world https://lnkd.in/eUwdQ4Cj

9. Conclusion

The Tomorrow's World Order Reserve Bank proposes a radical restructuring of global finance through GOLD VOUCHERS and ASERT ACCOUNTS. This system claims to offer:

Instant national-debt elimination

Massive liquidity injection

A new supranational monetary order

A pathway to global economic renewal

Countries seeking participation are invited to initiate contact and begin the PRINT AND PAY.START process.

I think if given an option to keep fighting forever without incurring death or injuries and to die for the country. I think most will subscribe to our FOREVER SOLDIER PROGRAM.

THE WATCHTOWER

No. 1 2026 |

Is World Peace Possible?

World peace is possible. In fact, it is a certainty—but not in the way you might expect.

World leaders standing together on a stage.

Can Better Government Bring World Peace?

No human government can accomplish world peace. But our Creator can—and will!

People from different faiths and backgrounds pray according to their custom. Some use religious symbols or incense.

Can Religion Bring World Peace?

Religions that fuel hatred and violence will never bring peace.

Collage: Modern technology. 1. A rocket launches into space. 2. A humanoid robot. 3. A man wearing a virtual reality headset interacts with digital screens.

Can Technology Bring World Peace?

Technology cannot change hearts filled with greed, hatred, or prejudice. See what can.

Two businessmen shake hands in front of a world map with money floating around them.

Can Economic Reform Bring World Peace?

Lasting peace doesn’t come from trade deals or economic reforms. It comes from following God’s guidance.

A lush valley and calm pond are surrounded by mountains in warm sunlight.

Which do you think is best equipped to bring world peace?

Many look to government, religion, technology, or economic reform to bring peace. Can any of these avenues succeed? Learn the Bible’s answer in this issue of The Watchtower.
