Who We Are

About Us

Nail Technology Training & Educational Center is located in Virginia Beach, Virginia. We operate under the boards of Cosmetology DPOR. We offer online and in person classes, small class sizes and a wonderful learning environment.

At our school students will be taught curriculum and skills that will last them for a lifetime.

Our graduates earn between $14,000-75,000 their first year after graduation and completion of state boards.

We have job opportunities and placement available for students looking for full or part time jobs after completion of program. Students will be properly trained and prepared to work in the following career fields: Nail Salons, Spas, Medical Facilities, Waxing and Therapeutic Centers, Wellness & Rehabilitation Centers, Casinos and so much more.

Our teachers are qualified and diverse in the nail and waxing industry. They stay up to date on the latest trends, products and services.
