Welcome to 2026!!

Are we ready for this?? I know I am.

I'm excited to welcome new names as Officers and Board Members. I'm excited to hear new ideas and planning new events.

Some of my goals for 2026 include:

More one-day (week day and weekend) burger runs, lunch runs, Coast runs, casino runs...you name it, let's do it. To succeed we need your ideas and your help, suggest a destination, plan & lead a tour. *If you plan it, they will come.*

A monthly car show list. Some of you have access to more info about shows than I, I'm going to need your help to compile this list each month.

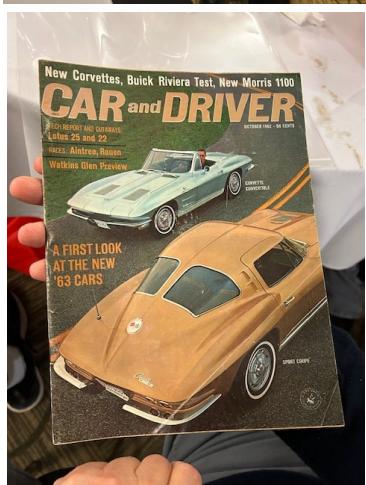

Continue our community involvement. We have always been active in our donations to local organizations and over the years have increased our involvement doing civic-minder activities, ie Sheds of Hope and sorting shoe donations. One of the real "feel good" activities recently was donating to the Family Resource Center at Springfield HS.

Increase our retention of members. So far we have not received a renewal from 18 members—some are active, some we have never met. There is a 2026 membership form in this newsletter and I will be sending a personal email to all those who have not yet renewed.

2026 Corvette Stars & Steel Special Edition

Chevrolet has [unveiled the Stars & Steel Collection](#), celebrating the 250th anniversary of the United States with a series of upgraded model variants that double down on the patriotism. Among them is the [2026 Corvette Stars & Steel Limited Edition](#), which adds patriotic design elements to the exterior and interior

General Motors will produce just 250 units of the new 2026 [Corvette Stars & Steel Limited Edition](#), giving a nod to the semiquincentennial anniversary of the signing of the Declaration of Independence. Unlike other models in the collection, the Corvette Stars & Steel will be capped at 250 units total, with each example bearing an interior plaque displaying the individual build sequence number.

Chevrolet plans to make the Stars & Steel Limited Edition upgrade available across the entire [C8 Corvette](#) range, from the [C8 Stingray](#) all the way up to the new [C8 ZR1X](#). Each model variant will be equipped the same upgrades, plus a few unique accessories depending on the variant in question. Buyers will also be able to choose from either the coupe or convertible body style, although availability is restricted to the range-topping 3LT and 3LZ trim levels

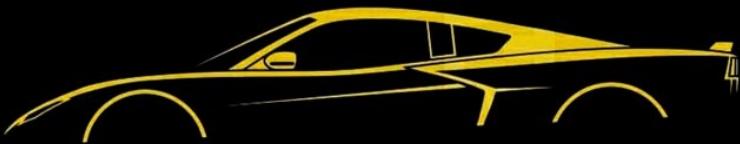

Two exterior and interior color combinations will be offered. Customers can select Arctic White paired with a Santorini Blue interior, or Black paired with an Adrenaline Red interior. Both configurations are accented by full-length American flag-inspired stripes finished in either Satin Silver or Satin Black. Additional "250" flag graphics are applied to the doors, with matching graphics extending to the spoiler end plates on properly equipped models.

Inside, the Stars & Steel Limited Edition get red seat belts and floor mats with red stitching. The brake calipers are also finished in Edge Red, while certain models will also get an Edge Red engine cover.

Wheel options vary depending on the specific Corvette model, with finishes including Black Gloss and Carbon Flash, as well as available carbon fiber wheels on higher-performance variants. Black exhaust tips round out the exterior enhancements. Pricing details have yet to be released.

Misc. Notes

Winter Rod & Speed Show at the Linn County Fairgrounds will be held January 16-17. Our club members will tour to Albany on Jan. 17, leaving from the Coburg McDonalds at 9:15 am. Please [RSVP](mailto:duckvett@comcast.net) to duckvett@comcast.net or 541-729-8405 so we have enough discount tickets AND to plan lunch after the show! Check the link below to see some of the special guests and displays this year: https://capitoldragster.com/winter_show.html

The 2026 ZR1X “Hypercar” promises 0 - 60 acceleration in under two seconds according to GM Authority. Does it come standard with a neck brace?

Reminder: Military Funeral Service for John “Teach” Girard will be held January 2, 1:00 pm at Roseburg National Cemetery, 1770 W. Harvard Ave.

Reminder: If you have not yet renewed your CCC membership for 2026, this will be the last newsletter you receive. We will end the 2025 mailing list and begin using the 2026 list for February.

Please find the 2026 membership form in this newsletter and consider renewing. We really don't want to lose you !!

FYI

Online Pre-registration (and BIG news about location) is available for the PVA Car Show in 2026!! See the flyer in this newsletter for info.

One tidbit of info “leaked” to the automotive media about the anticipated 2027 Corvette Grand Sport was the new engine displacement of 6.7L. That specific detail has now been “scrubbed” from the upcoming GM Parts Book.

WARNING :

Satirical Content Ahead

Have you noticed how AI and Satisfaction Surveys have taken over our lives? Everyone wants to hear about your “experience”. I recently had to have another colonoscopy. Now I am receiving daily requests to fill out a survey about my experience ?!? How many times do I have to remind them that I was (thankfully) asleep the entire time!?

No one hates winter like someone who has a Corvette in their garage.

Happy Birthday!

Wednesday December 10, Glenn Syron
passed peacefully in his sleep.

Glenn and Jo Ann have been members of
Cascade Corvette Club for nearly 30 years
and have been an integral part of our club
for all those years. Glenn has held
Officer and Board positions several times
over the years and both have been there
for us whenever needed.

Glenn was diagnosed with Vascular
Dementia 7 years ago and Jo Ann became
his full time caregiver. Although their
participation had declined due to his
condition, they always came and enjoyed
our annual Halloween and Christmas
parties.

Those of us who knew him will remember
Glenn as a jovial, gentle and caring man
