

RIDGE REPORTER

Welcome May: A Time for Growth, Gratitude, and Connection

As we step into the beautiful month of May, we are reminded of the fresh energy that spring brings. Everywhere you look, new life is blooming — in the gardens, in the trees, and even in the smiles we share with one another. It's a wonderful time to slow down and appreciate the simple things: the warmth of the sun, the sound of birds singing, a friendly hello from a neighbor. These small moments, often easy to overlook, are the heart of a life well-lived.

May is also a good opportunity to check in with ourselves and each other:

- Take a walk and enjoy the beauty around you.
- Pick up the phone and reconnect with an old friend.
- Try something new — whether it's attending an event, joining a group, or just striking up a conversation with someone new.
- Take time to rest and refresh your spirit.

Let's continue to make Buchert Ridge a place where kindness grows, laughter is shared, and every resident feels at home.

We are so grateful for each of you — your spirit, your stories, and the way you make our community truly special.

Here's to a beautiful month ahead, filled with hope, joy, and good memories in the making!

TRASH PICKUP TUESDAY, MAY 27

Honoring Memorial Day - Memorial Day is a time to honor and remember the brave men and women who gave their lives in service to our country. As we gather with family and friends, let us pause to reflect on the sacrifices made so that we can enjoy the freedoms we cherish today.

STAFF SPOTLIGHT

Welcome, Hank!

We are excited to introduce Hank Bonenberger as our new **Grounds Manager** and a valuable addition to our leadership team. Hank brings 19 years of experience from Skippack Township, where he managed crews and served as Township Road Master. His wide range of skills has already made a positive impact in our community. Down-to-earth and easy to get to know, Hank enjoys trout fishing and spending time with his 11 grandchildren. Please join us in giving Hank a warm welcome!

Celebrate Older Americans Month!

May is **Older Americans Month!** Led by the Administration for Community Living (ACL), the 2025 theme is ***Flip the Script on Aging***. This month is a time to celebrate the strength, wisdom, and contributions of our senior community. This year's theme highlights the importance of staying socially connected and engaged.

Throughout the month, we encourage you to:

- Attend community events and activities
- Share your stories and experiences about the power of connection
- Explore the many benefits that social interaction brings to overall health and happiness

Let's honor and uplift one another — because staying connected keeps us strong!

Quick Tip: Friendships aren't just nice — they're *necessary*! Staying social helps you live longer, happier, and healthier.

Freshening up for Summer!

- **Power Washing of Homes:** Throughout the summer, staff will be power washing homes **as needed** based on evaluations by the Grounds Manager. Homes or apartments with more noticeable buildup will be prioritized. If you have already paid to have your home power washed and prefer to opt out, please notify the Office.
- **Front Porch Handwashing:** Staff will also be **handwashing front porches** over the summer months. *Please remember:* Pressure washing is **not permitted** on front porches, as it can damage window seals, paint, and may cause water intrusion into the home.

Spring Shrub & Grounds Updates

As spring kicks into gear, our Grounds Team is hard at work assessing shrubs and bushes across the community. We know many of you have been eager to see improvements, and we appreciate your patience as we work through a thoughtful and organized plan.

Here's what you can expect:

- **Community-Wide Assessments:** Grounds will be evaluating shrubs throughout SRC and BRC in the coming weeks. If you've submitted a request, thank you—we are taking everything into account!
- **Arb Concerns:** Many residents have raised concerns about overgrown Arborvitaes. Our team is developing a long-term plan to address them. Please know this will take time due to the scale of the issue.

- **A Proposal Option:** If you'd like to replace or add shrubs beyond what the community typically provides, we're happy to help! We'll offer a proposal outlining the cost, so you can move forward with your personal landscaping preferences while the community budget stays on track.
- **Communication is Key:** If you report a concern, our team will assess it and do our best to follow up within 48 hours with next steps.

Thank you for working with us as we continue to care for the beauty and health of our shared outdoor spaces!

A five-minute chat can brighten someone's entire day — maybe even your own!

☀ Helpful Summer Reminders

🐼 Vent Settings:

Open **top return vents** and close **bottom vents** for better A/C efficiency. (These vents simply move the air.) Need help? Call the Office!

🌿 Garden Clippings:

Leave garden clippings out with your trash on **Tuesdays or Fridays** — no bags or recycle bins, please! Our Grounds Team will collect them for composting.

❄ Air Conditioner Check:

Test your A/C before the first hot day! Running it early helps it cool more efficiently and avoids system strain. (refer to article)

🐜 Pest Control Tip:

Seeing ants or minor insects? Keep insect spray handy. For bigger issues after treatment, contact Moyer or Hyres Pest Control. (Remember: BRC covers termite, carpenter ant, and carpenter bee infestations.)

Stay Cool: Air Conditioner Tips for the Season

Warmer days are on the way! A few simple steps can help keep your home comfortable all summer long:

- **Test your air conditioner early.** Turn it on before the first hot day to make sure it's working properly.
- **Turn it on ahead of heat waves.** Running the AC the day before a hot spell helps it cool your home more efficiently.
- **Keep it consistent.** Leave your system on during warm weather or set your thermostat at a steady, comfortable temperature.
- **Need help?** If you notice any issues with your unit, call the office — we'll be happy to assist!
- Stay ahead of the heat and enjoy a cool, comfortable season!

DRIVING SAFETY REMINDER

Warmer weather means more walkers and drivers out and about!

Please **STOP and LOOK** at all stop signs to keep our community safe.

Fun Fact: Laughter really is *good medicine* — connecting with friends and sharing a good laugh can lower stress and even boost your immune system!

POA & Emergency Contact Information

Life is always changing — and it's important that we have your most up-to-date information on file. Every resident should have the following on record with the Office:

- **Power of Attorney (POA)**
- **Emergency Contact Information**
- **Current Phone Numbers**

A **Power of Attorney (POA)** is a trusted person you choose to step in and help with important matters if you're ever unable to manage them yourself — like handling decisions about your home. If you would like more information about POA, you may pick up a pamphlet at the SRC Office.

If we don't have the right information, we may not be able to reach your emergency contact or help with important next steps when you need it most.

Making sure your records are current protects your security, gives you peace of mind, and makes sure your wishes can be honored quickly and easily.

If anything has changed recently, please give us a call or stop by — we're always happy to help!

SRC LIBRARY NEWS

We have been receiving many donations of interesting books in the library. We have also been able to trade some extra copies for others at the used bookstore. New books are placed on the shelves to the right next to the DVDs until they are borrowed and then they will go in with the other books.

New additions you might want to check out

include: Books by local author, June McInerney, who writes novels about the history of Phoenixville including books on the Colonial Theater, the Columbia Hotel, Phoenix Hose, Hook & Ladder, Phoenixville during WWII, and the Schuylkill Monster. We have also accumulated 12 books by Clive Cussler which are adventure type stories, and we have a copy of the latest best seller by Kristin Hannah – “The Women” which is a novel about nurses in the Vietnam War. All the above are in the Fiction section of the library but there are also new additions in the biography, history, and miscellaneous sections.

We have also received many large print books that have added two more full shelves to that group.

If you have any questions about the library or specific items you would like added, please contact Nancy.

Wednesday, May 14 – Mid Atlantic Air Museum

-  Join us for a guided tour of The Mid Atlantic Air Museum. Established in 1980, by father and son Gene and Russ Strine, both accomplished aviators in their own right, around the acquisition of a rare Northrop P-61 Black Widow night fighter. The rare P-61 had crashed high atop Mt. Cyclops on the island of New Guinea in January of 1945. The Strines had always dreamed of establishing a museum but not with such lofty goals as retrieving a WWII fighter off the top of a 7000-foot mountain in the middle of the Pacific. Some 40 years later, the Mid Atlantic Air Museum flourished with a collection of 125 aircraft, memorabilia displays, archives, as well as a membership base of more than a thousand people, including that Northrop P-61 Nightfighter that the Strines successfully recovered.
