## Valentine's Day

The first Valentine's Day card dates to 1415 when the Duke of Orléans sent a card to his wife while he was a prisoner in the Tower of London. In the United States, Valentine's Day cards didn't gain popularity until the Revolutionary War, when people took up the habit of writing handwritten notes to their sweethearts. It was only in the early 1900s that cards were mass produced for the holiday.

Here are a few more fun facts:

- About 70% of Americans will give someone chocolate or candy on Valentine's Day.
- "Be Mine" – The first candy sweetheart was made in the mid-1800s.
- About 144 million cards are exchanged on Valentine's Day, second only to Christmas.
