## ***Welcome – Summer Help***

<i>Ian</i>	<i>Becky</i>	<i>Bailey</i>
	<i>Isaac</i>	
	<i>Maddy</i>	

## ***Emergency Response System***

The staff is currently working on a routine testing plan of the Emergency Response System. More details will follow as the plan is developed.

Please remember that a resident can test the system on their own at any time. While we appreciate an advanced phone call to the office if a test is going to be performed, it is not required.

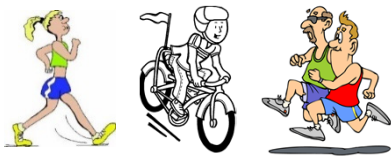

A resident may also consider testing their system after some time away from home such as a hospital or rehabilitation stay or extended vacation. Lastly, a resident should contact the office if they ever have questions on how to operate the system. If a resident has forgotten how the system works or simply does not feel comfortable operating the system, call the office and the staff will be happy to help.

## ***Locking House Windows***

The Administration recommends locking all of your windows for safety purposes as well as energy efficiency. When the windows are locked, it creates a tighter seal on the house, improving efficiency when using your Heating/AC systems.

## ***Items To/From Attic or Basement***

The moving of items to/from the basement or attic will occur every Monday. However, the administration understands certain situations will arise for residents that will require us to respond outside the normal schedule. Whether you desire to schedule a move or have a more urgent need, please contact the office.

## *Walking, Riding, Driving Safety Reminder*

We would like to remind you this is an active retirement community with walkers, joggers, & bike riders.

Bicycles are allowed on the roadways – NOT on the sidewalks. If you are approaching a garage, please be aware that the resident exiting their garage may not see you until it is too late. Be aware of oncoming traffic should you be approaching a turn or intersection.

Please remind your grandchildren & visitors of the above information. Have them be careful, especially on the sidewalks where our residents could be bumped. There are to be no skateboards or roller blades on our grounds. Guests (or guest children with adult supervision) are permitted to ride bicycles. Also, all children must be accompanied by an adult when visiting the community center. Do not give children any keypad code numbers for the community center doors. These policies help make our community safer for our residents and visitors.

## *Pet Policy*

With the summer months approaching and more visitors, please remind your guests of the policy regarding all pets on the Community property. Animals must be under full personal control of an adult and when outside must be kept on a leash at all times. Any excrement must be cleaned up immediately by the responsible adult. Excrement should be only in the pet owner's grassy area or community common area, not on sidewalks, pavement, patios, or porches.

## *Ticks*

Now that the warmer weather has arrived, your outside activities may have increased. Remember to check yourself for ticks if you were gardening, walking in a park or through wooded trails.
