### LIVE IT UP

Hello everyone: I was reading this article and thought how great it was and how important it is to "Live It Up." Even with these uncertain times in the COVID-19 pandemic, find something that you enjoy doing and do it. This is a great reminder as none of us are getting any younger! Enjoy.

*Heather*

*It's not every day that you turn 100, and World War II veteran Tom Rice wanted to make sure his 100th birthday was unforgettable.*

*For his birthday, Rice decided to jump into it feet first, so to speak. He parachuted in Coronado, California on Aug. 15 to a crowd of well-wishers who were in awe of his accomplishment.*

*There's another reason to be impressed by Rice: The WWII vet served in the 101st Airborne Division. That means that he was one of the veterans who parachuted in and stormed the beaches of Normandy, France on D-Day. (Ever seen the movie "Saving Private Ryan?")*

*Rice was a part of that now-historic day.*

*So, it's fitting that this is how Rice celebrated such a milestone of a birthday.*

*It just goes to show, it doesn't matter how old you are -- as long as you're out there living it up, that's what matters.*

## LABOR DAY

### *Office Closing Labor Day Holiday*

In honor of the Labor Day holiday, the SRC and BRC offices will be closed on Monday, September 6.

**Trash will be picked up on Tuesday, September 7.**

*If you use the automatic payment service to pay your monthly fee, it will be deducted from your account on Tuesday, September 7.*

*This is due to the 5<sup>th</sup> falling on a weekend and the 6<sup>th</sup> being a holiday.*

*Ken DiPretoro*

### ***New Staff Member!***

We are pleased to introduce  
***Ken DiPretoro***  
as the newest member to our staff.

Ken is a Pottstown native for over 50 years.  
He is an artist and enjoys painting.  
He also enjoys fixing and working on antique clocks.

Ken will be part of Refurbishment.  
We are excited to have him as the newest member of our team.  
***Welcome Ken!***

### ***Maintenance or Landscape Items***

Do you have a maintenance or landscape item that needs to be fixed or looked at? Please call the office to have it processed through our work order system. Calling the office ensures your issue is documented, assigned to the appropriate staff member, and tracked to completion. This also allows us to compile vital information on recurring issues or installation dates.

### ***SRC Hair Salon Update We passed our salon licensing inspection!!***

Appointments can once again be made with each stylist immediately. Thank you for your patience over the last month while we went through this process.

## *Safety Concerns*

There are a few safety concerns that the staff would like to bring to your attention.

- Please avoid close contact with a staff member who is working. While 6 feet of social distancing is a good practice with respect to the coronavirus, flying debris from a worker's area have nearly missed a resident getting too close. There have also been times when a staff member did not hear a resident coming up closely behind them and "near miss accidents" occurred. Please feel free to say hi or wave to a working staff member from a safe distance.
- Residents may not enter a vacant home undergoing renovations. We understand there may be curiosity about what is happening in the home, but in many cases, the home is not conducive for a resident's safety. Please also refrain from standing on the sidewalk leading to a home that is being refurbished.

The staff appreciates your understanding and cooperation with the above policies. While we do not like to appear "unsocial", **safety is our #1 priority for our residents, guests, contractors and employees.**

## *On-Call Maintenance Response System & Cellular Phones*

An increasing number of residents are eliminating their phone land line and using just a cellular phone. To be clear, the on-call maintenance response system buttons and call box will not work without a functioning land line.

If you already have had your land line removed, please contact the office to have your on-call maintenance response system buttons and box removed. The removal of the system from the home will ensure there is no misunderstanding of the system's operation and will help the staff maintain a more accurate database of which homes have and do not have the systems.

You do not need a system in your home to contact on-call maintenance. You can dial the number directly at 610-326-4043.

## *Parking Spaces*

Please have your guests & visitors park in un-numbered parking spaces. Any space that has a number is assigned to that home for resident use. Parking spaces allow for one car per space.

## ***Mechanical Room Storage & Home Safety***

With the exception of a few small items, mechanical rooms are not to be used for storage. Immediate access is required to all mechanical equipment by staff or other emergency personnel.

In addition, mechanical rooms are also to be free of combustible materials. If you have combustibles in your mechanical room and need assistance in their removal, please call the office.

For your safety, please do not use the stovetop, oven, toaster oven, or microwave for additional storage in your home. By doing so, you run the risk of a potential fire hazard.

## ***Prepared Meals – In the Works!***

We have conducted considerable research into bringing prepared meals to our residents. We are in the process of working with Redner's Market to establish a program that would provide access to prepared meals at a reasonable cost. We appreciate your patience as we continue to work through the details.

## ***Friendly Reminder – Register Your Pets!***

Please remember to register your pets! This applies to guests who visit your home with their pets as well.

Here's a great question: *Why should I register my pet?*

We are so glad you asked!

- Safety for your animal – If your pet wanders away from your home and is found by another resident or by staff, we have a record of your pet on file and can help to identify it to return it home safely.
- Safety for our staff – If we know you have a pet, we can be prepared upon entering your home to perform maintenance.
- It is required – According to community guidelines, all pets require approval of management.

Pet Registration forms may be requested by calling or visiting the Office.

Thank you for helping to make our community a safe and wonderful place for everyone!

## ***CANCELLED***

Montgomery County remains at a “High Level of Community Transmission”. With the wellbeing and safety of everyone involved, we cancelled the September 9th End of Summer Social event. Due to the 6’ social distance recommendation, the bus could only accommodate 4 people. With that in mind, we have also cancelled the bus trip to Ephrata. Our hope is to plan another social event and begin use of the SRC bus in the future when the Level of Community Transmission is at a lower level.

In addition, Residents who oversee the below activities, events, and meetings have contacted us to cancel them at this time. For activities that are still taking place indoors, please wear a mask and social distance. If you have any questions please reach out to the Office and we would be glad to help.

The following activities have been cancelled until further notice.

- Resident Committee Meetings
- Lunch Bunch
- SRC Singers

## ***National POW/MIA Recognition Day***

***Friday, September 17***

Each year, the Department of Defense creates a poster in advance of POW/MIA Recognition Day, which will be commemorated on September 17.

Deputy Defense Secretary Kathleen H. Hicks explained that since the Revolutionary War, more than a half-million U.S. service members have, at one point in time, been held as prisoners of war.

Today, nearly 82,000 service members remain unaccounted for, from conflicts dating back to World War II. More than 72,000 of those were lost during World War II, nearly 8,000 from the Korean War, and around 1,600 remain unaccounted for from the Vietnam War.

The Department remains committed to bringing all of them home.
