Terms and Conditions

We want to thank you for choosing Redway Design Studio for your custom made service! We just want to make sure you read our terms and conditions before you purchase your product in case anything happens.

Making the Product

Here at Redway we want to make sure that your product is perfect that's why we ask you to be as detailed as possible for your product. When making a product you need to either pick one of our normal sizes or create your own size (prices may go up or down). You can choose to do many different things with your product like adding a patch or completely making your own fabric with our partners.

We can customize any of our fabrics we have in stock or we can get the perfect fabric just for you. All fabrics can be customized to mostly anything. But you as the customer must understand we do not print anything racist, sexist, or most things with profanity. If you choose not to follow these standards we will not make that product since it will not just affect the people you are aiming for but it will damage us as a company. We do not support any of those things above.

Redway will also not print anything that is copyrighted for example we will not print the name "Wal*Mart" on a pillow or blanket since that name is trademarked. We can print your company name or trademarked name with permission from the owner. We also don't print nudity of any kind (not including animals). Besides that, Redway will print anything else.

Returning a Custom Made Product

Since your product is custom made we do not accept returns. But Redway will accept returns if the item is damaged by the company or shipping service. Redway will be sending you continuous updates on your item unless told not to.

You can cancel your custom made product any time BEFORE we get the materials for that item so please email us or call us as soon as possible once you know you want to cancel. Once we get the materials we cannot accept any cancellations of any kind.
