

RESPIRE-US 501©3

Our overarching mission is to trigger personal reinvention, provoke discovery, rediscovery, revelation and inspire action.

We will achieve this in 2023 and beyond, with our dZi Earth platform.

Our ability to effectively transform communities with the education of our Urban youth and elders on Financial Literacy, enable subsidies for education, incubate entrepreneurs, empower community organizations, and build tokenized modern smart homes as smart city enabled structures of the future, are just a sample of our mission goals. A true "utilitarian" web3 Blockchain enabled metaverse like no other.

Enabling collaboration and crosspollination of small business, large enterprise, institutions, educational entities from k-12 and Community Colleges, through Universities and the like...our platform offers SaaS, PaaS, IaaS, DaaS, Private, Public, and Hybrid Blockchain, and a full suite of services like I&O and DevOps, are all part of our Utility based Metaverse.

I forgot...of course we will have Games and entertainment as well!

Dear _____,

Your generous giving this past year, has strengthened RespireUS and has helped to create yet another “utility” for our metaverse. This Financial Literacy Program will add volumes of value to our web3 programs, blockchain powered business portal, educational platform, and the entertainment functions designed to empower the individual and the communities we serve. Thanks to you, we can make the 2023 “Go-Live” schedule for our MVP v1.0, with the web3 online marketplace framework you wished for. This will empower small and large business alike, with a powerful, safe, secure, confidential, and new world online shopping experience for all whom enter our space. A true gift! A true blessing!

Your cash donation of **\$3,050,000.00 USD** will be 100% committed to the final development of our web3 metaverse interface and blockchain network environment, as it ties directly into the online shopping and payment portals. As you envisioned, [EDITED FOR EXAMPLE] development will be the focus over the next 2-3 months. Its framework is at the core of our “Go-Live” in January 2023. We will advertise [EDITED FOR EXAMPLE] in our press releases, as well as market to the right audiences. Your donation is the contribution that will take RespireUS and its first “online shopping” client [EDITED FOR EXAMPLE] to a whole new level of virtual shopping experience. The future forward web3 website for [EDITED FOR EXAMPLE], will be the template for all our future Virtual Reality & Augmented Reality “Digital Twins” of tomorrow’s shopping experiences. Today, [EDITED FOR EXAMPLE] will be the “poster child” for RespireUS. Tomorrow, it will be the first 3D VR /AR enabled Financial Literacy Program of its type, that you can visit, pick up the item, look at it, spin it around, inspect it, and so much more. An elegant modern future forward environment for all to embrace. We cannot express our appreciation enough. We will include you in our progress updates, all along the way to “Go-Live.” In addition, we will also reach out to you for guidance and input at every milestone, to ensure that your vision for the first Financial Literacy Program of its type [EDITED FOR EXAMPLE], will be as you and the founder of [EDITED FOR EXAMPLE] envision.

Your total 2022 personal tax-deductible contributions totaled \$3,050,000.00 as of the date of this certificate of donation/contribution receipt.

We wish you all the best in the year ahead, and we are here in case you feel the need to further add value to our metaverse as an active participant in this exciting and rewarding endeavor.

Sincerely,

Lazaro A. Sanchez
