

CAPABILITIES STATEMENT

We are a family-owned and operated Military Spec Paint shop with over 40 years of experience in the industry. At Stellar1 Precision Aerospace Coatings, we are dedicated to providing paint and coating solutions that meet or exceed the expectations of our customers while adhering to industry standards and best practices. Our experience ranges from demanding Mil-spec standards, precision aerospace coatings, and intricate industrial paint projects.

Core Competencies

- **Mil spec Paint**
 - Polyurethane
 - Epoxy
 - EMI/RFID Coating
 - Water/Solvent based Coatings
- **Part Marking**
- **Screen Printing**

As shown: Joint Strike Fighter (JSF) Data Recorder.

Differentiators

Stellar1's 15,000 square feet facility is equipped with three spray booths and a modular overhead conveyor system, which helps to meet the ever-changing needs of production and also provides a smooth workflow throughout our production floor.

From ohms to ASTM adhesion testing, Stellar1's laboratory is well equipped to perform both destructive and non-destructive testing in house and on demand.

Current and Past Performance

It has been a privilege to serve clients such as L3 Communications, Raytheon Largo, Honeywell, and many others. As well as working as a subcontractor for businesses in contracts with Boeing, DRS Largo and Lockheed Martin.
