

# Need Flexible Repayments that Match the Ups & Downs of your Business?

## Repay As You Earn, Transparent & Scalable Funding

Cash Advance is a way of borrowing money then repaying as a percentage of your card transaction income. This affordable funding solution bridges short-term cashflow gaps. Cash Advance offers you complete transparency with repayments aligned to your business performance, based on a fixed percentage of your card and online sales. We consider a wide range of other non-cash revenue streams.
