

MOLESEY Enquirer

Media Pack 2025

The Molesey Enquirer is printed in an A5, Portrait format.

A standard A5 page is 148mm wide by 210mm high.

However, on a full page advertisement we use a 3mm bleed to allow images to have a crisply cut edge. This is cut off during the binding process.

Therefore, a full page advertisement with bleed is 154mm wide by 216mm high.

Contact me regarding double page spreads.

I use Affinity Publisher as my preferred layout Software, so I am able to accept files in AFPUB format, as well as JPEG and PDF(for best quality).
