Meet the Trainers:

Leo Di Cesare is co-founder of PGP. Alongside of his three decades of law enforcement supervision experience he is a certified field training officer, certified in emergency management planning, and a college professor. He earned two master's degree in Homeland Security and Criminal Justice. Leo has extensive experience in Global Risk Management, Counter Terrorism Operations and Emergency Response Tactics. His diverse background in risk management includes transportation, healthcare and the education industries. Most of his 30 years of experience was earned working as a federal agent for DHS, DOE, local and private law enforcement sectors.

Ralph Marsico is a veteran of the United States Army and has over two decades of law enforcement and leadership experience. He specializes in public safety, risk and crisis management, emergency response, operational risk mitigation and strategic operational planning. Ralph brings a wealth of expertise in managing complex safety challenges for both public and private sectors. He not only has his Master's Degree in Public Policy and Management but is also a certified ALICE Instructor (Violent Critical Incident Response) and certified MOAB Instructor (Management of Aggressive Behavior). Ralph is currently serving as the Chief of Police for Liberty Borough.

As co-founder of PGP, **Christina Previte** keeps *people as her priority*. Her education is in Business Management, Human Resource Management, and a Master's Degree in Organizational Leadership. With 30 years of leadership positions, Christina's Human Resource specialty is in recruiting, team building, leadership training, development and organizational growth within the healthcare, religious and financial sectors. She is also certified in emergency planning management.

This no – cost webinar is sponsored by Pinnacle Global Professionals (PGP). PGP stands proud on over 60 years of combined experience in TSA, U.S. Homeland Security-counter terrorism, local law enforcement, organizational growth and development and healthcare and service safety.
