

SOONER MOBILE X-RAY: COMMITTED TO YOUR SAFETY!

While we are continuing to battle the COVID-19 pandemic locally in Oklahoma, we want to eliminate any concern that you may have about keeping your patients safe with Sooner Mobile X-Ray. Sooner is taking vital steps to ensure that the health and safety of all our patients, caregivers, nursing aids, nursing staff, physicians as well as the communities in which we serve.

Sooner Mobile has implemented several additional steps into our normal everyday operations.

- All employees will continue to follow all infection control procedures already established.
- All employees will strictly adhere to any requirement of any of our partners throughout the state prior to entering their facility.
- In accordance with CDC and Oklahoma Dept. of Health guidelines, our staff will have and wear appropriate PPE at all times when working with residents at any facility or home health agency.
- Social distancing of a minimum of 6 feet will be recognized at all times unless actively involved in direct patient care.
- Only those employees vital to care for a patient will enter your facilities.
- We are briefed daily by the Governors office and state Department of Health to ensure we are monitoring the most up-to-date information about coronavirus and to ensure that the most current health and safety methods are being followed.

Your residents are ours. Your teams are a part of our team.

It is important that we are all pulling together in this unprecedented, stressful time to help "flatten the curve" and put this virus behind us.

Our team will continue to serve you and your populations 24/7 to ensure you have the most accurate information available to treat your residents.

1. We will arrive as quickly as possible to your location.
2. We will maintain a very open line of communication between our teams.
3. We will continue to provide STAT interpretations within 30 minutes of completion of the exam and 1 hour for routine studies.
4. We do this to help you keep your residents in their residence.

We are proud to say that we have been an Oklahoma business for 19 years and we cover the entire state of Oklahoma. We can help you anywhere to meet imaging needs for your residents at any time, even more so in the time of this crisis.
